2 IN 1

Vacuums and mops at once

With FreeGo cleaning is easier and faster. In one pass you'll leave your floors sparkling clean, whether you're just scrubbing or picking up dirt. Thanks to its Wet Jalisco brush you can clean your dry floor or pick up any liquids that have fallen, and if there is solid debris, its powerful suction¹ will get rid of it.

In addition, thanks to the vacuuming function, floors are practically dry at the same time. And with its two modes, Eco and Turbo, you can regulate the suction power.

POWER: 250 W

Effortless, intensive scrubbing.

Enjoy intense scrubbing without the need for force thanks to its ultra-light brushless¹ motor with up to 250 W and 12 kPa, a power capable of effortlessly removing all types of dirt and grime.

40-MINUTE RUN TIME

Clean your house non-stop.

No matter if it's a very localised stain or if you have to scrub several rooms, with its battery life of up to 40 minutes you can leave the floor of your home perfect without having to stop to recharge the battery.

DESCALING SPRAY

Unstoppable.

Removes stubborn dirt without the need for force thanks to its spray that wets the roller¹ or sprays water directly onto the dirt² to remove it in a single pass.

1. Available in the FreeGo Wash and FreeGo Wash&Vacuum models.
2. Available in FreeGo Wash Twice Spray and FreeGo Wash&Vacuum Spray.

DOUBLE WATER TANK

Forget the mop bucket.

The design incorporates a clean-water tank of up to 700 ml and a dirty-water tank of up to 750 ml so you can clean the floor of your home without having to change the water or carry a bucket back and forth.

Dirty-water tank

Clean-water tank

DOUBLE WET JALISCO ROLLER

Much more than a mop.

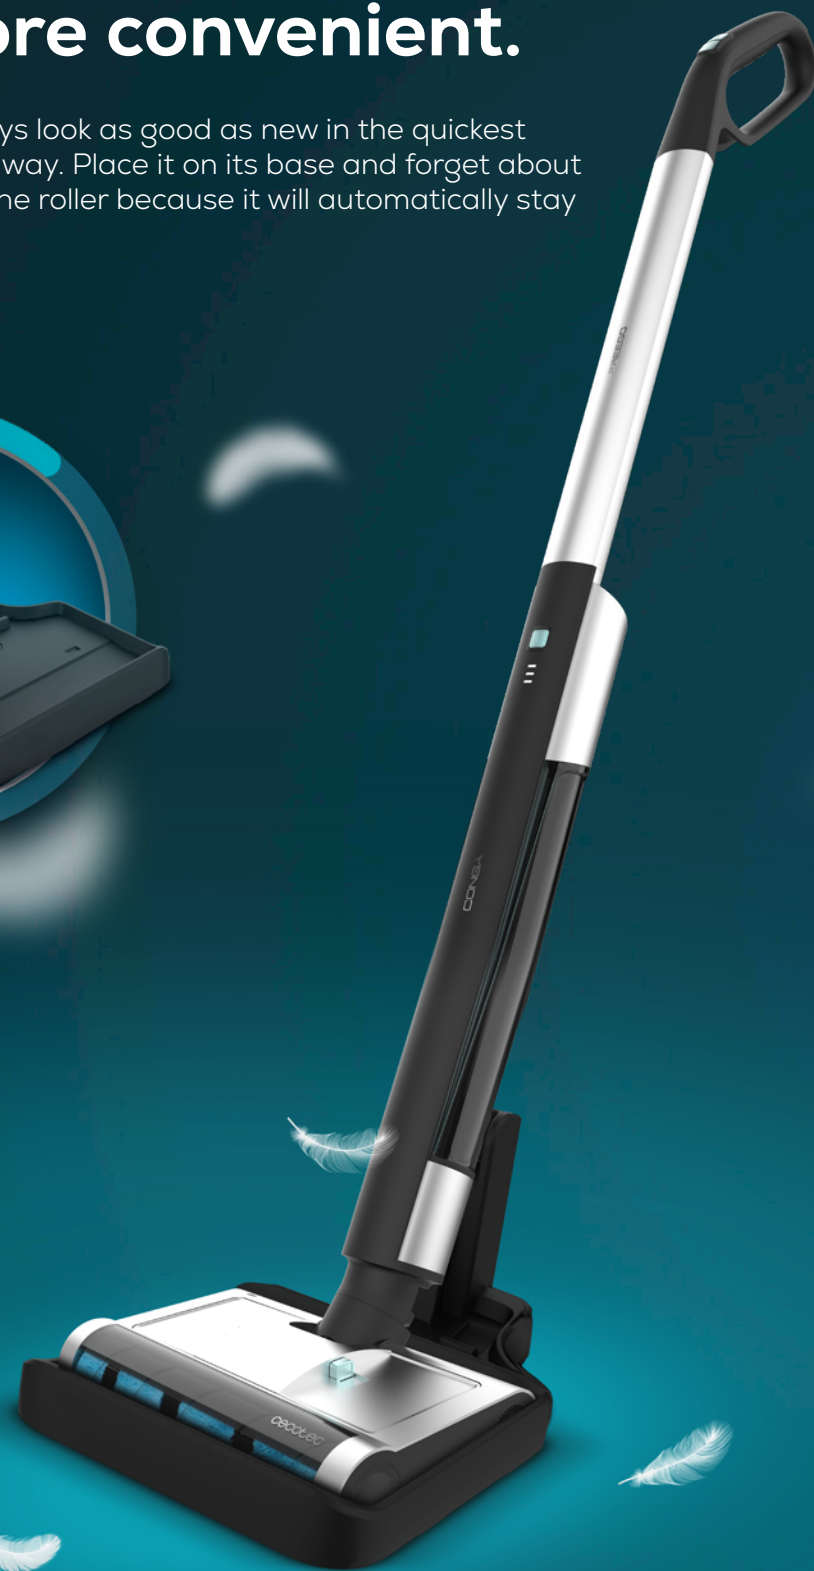

Regardless of the type of dirt, the Wet Jalisco double¹ roller cleans thoroughly in less time and effectively removes both solids and liquids. In addition, its absorbent design helps to dry the floor to perfection in a single wipe.

AUTOCLEAN BASE

Even more convenient.

Your FreeGo will always look as good as new in the quickest and most convenient way. Place it on its base and forget about draining or cleaning the roller because it will automatically stay clean and dry¹.

¹. Drying function only available in the FreeGo Wash&Vacuum Spray model.

AGILITY

Cleanliness in the blink of an eye.

With a minimum weight of 2.6 kg¹, the FreeGo Wash is perfect for even more convenient and faster cleaning in smaller rooms, carrying less weight in its tanks and offering even greater mobility and efficiency.

¹. Minimum weight only available in FreeGo Wash moulding.
