Pet feeders

Feed your pet without worries.

DOUBLE FEEDING SYSTEM

Ready for anything.

Power outages will not be a problem when feeding your pet thanks to the double power supply system of the feeder, which, if there is no electricity, will continue to work with batteries.

PROGRAMMABLE

Technology at your service.

The feeder has a Wi-Fi function and App with which you can programme the feeding of your furry friends, set different schedules and follow a daily record of their meals. You can also let your pet know when it's time to eat thanks to the feeder's alarm¹.

CAPACITY

Your pet always satiated.

With a 6-L capacity, the feeder is ideal for feeding pets of all sizes. Take advantage of all their space and make sure your pet doesn't get hungry at any time.

FOOD AND SERVINGS

Control their diet.

Thanks to the different compartments of the feeder, you can prepare up to 10 meals a day with a maximum of 12 servings per meal. Easily adapt to your pet's dietary needs.

Pumba 6000 Purrfect Meal Smart Pet feeder

Automatic pet feeder, with Wi-Fi control, 6 litre capacity and portion control.

FEATURES:

This smart automatic feeder will take the worry out of feeding your pet thanks to its huge 6 litre capacity.

Prepare up to 10 meals per day with a maximum of 12 portions per meal according to your pet's needs.

Program your food, set schedules and keep a daily record thanks to its APP.

Alarm that lets your pet know it's time to eat.

Easy to clean stainless steel removable bowl (dishwasher safe).

Its structure and design ensures that the food does not get stuck easily.

Locking system that prevents pets from easily opening the lid and also keeps food fresh.

Don't worry if the power goes out at home. Thanks to its dual power supply system, when there is a power cut, the feeder will continue to operate on batteries without any problem.

COMPOSITION:

Pet feeder, desiccant envelope, instruction manual

Pet fountains

*Your furry friend
always hydrated.*

CAPACITY

Water always available.

With up to 2.5 L of capacity¹, your pet will always have water at their disposal. Take advantage of all its space and don't worry when you're away from home.

AIR-CIRCULATION SYSTEM

Water in motion.

The automatic pet fountain has an innovative circulation system that ensures that your pet's water does not stagnate and is therefore always in perfect condition.

APP

Remote control.

Conveniently control the fountain from your App³ when you are away from home.

¹Capacity varies according to the model.

²Pumba 2500 Refresh Smart.

³Only available on Pumba 2500 Refresh Smart model.

FILTER

Quality for your pet.

The pet fountain has a high-performance filter that provides your pet with optimum water quality. In addition, the fountain itself will warn you when it is time to change the filter².

Pumba 2200 Refresh Pet Fountain

Automatic pet fountain with 2 litre capacity, including filter and interior light.

FEATURES:

No need to worry when you're out and about thanks to its large 2-litre capacity. With its high performance filter, you will provide your pet with healthy water at all times. Thanks to its innovative circulation system, water will always be in perfect condition. The design of the pet fountain allows you to see the level of water remaining inside so your pet will never run out of water. Its interior LED light makes it easy to see inside and makes the pet fountain visible at night. The water pump is extremely quiet so your pet won't be scared. Its water flow with waterfall design encourages your pets to drink without fear. Thanks to its design and structure, the fountain is easy to handle and clean.

Pumba 2500 Refresh Smart Pet Fountain

Automatic pet fountain with 2.5 litre capacity, including filter and Wi-Fi control, with cleaning and empty tank reminders.

FEATURES:

No need to worry when you're out and about thanks to its large 2.5-litre capacity. With its high performance filter, you will provide your pet with healthy water at all times. Thanks to its innovative circulation system, water will always be in perfect condition. Controll all its functions through the APP. Its empty tank warning lets you know when to refill the water in the pet fountain without having to check on your own. The cleaning reminder will help you keep the pet fountain in perfect condition and always ready for your pet. Thanks to its app, it will let you know when it is time to change the high performance filter to keep your water healthy. The water pump is extremely quiet so your pet won't be scared.

Dispenser

Automatic feeding.

CAPACITY

All the space
you need.

With a 1.6 L capacity, you can use the feeder for small, large and medium-sized pets.

SERVINGS

Look after your pet's diet.

The feeder has 4 compartments with an individual capacity of 0.4 L in which you can combine your pet's favourite food - wet, dry or treats.

DOUBLE POWER SUPPLY SYSTEM

Free of unforeseen events.

Power outages will not be a problem when feeding your pet thanks to the double power supply system of the feeder, which, if there is no electricity, will continue to work with batteries.

PROGRAMMABLE

Full and easy control.

On the dispenser's LED display you will be able to programme the meals and set the perfect amount for your pet's needs. You can also record your voice for up to 10 seconds and let your furry friend know when it's time to eat.

Pumba 1600 Purrfect Meal Pet feeder

Automatic pet food dispenser with 5 independent sections, 1.6 L capacity, LED display, timer and voice recorder.

FEATURES:

Pet feeder with 5 separate compartments that allow you to choose from 1 to 5 portions of food. Capacity of 0.4 litres per section for a total of 1.6 litres. Thanks to its rear LED display, you can programme the meals and set the amount you want your pet to eat at any given time. This feeder has a 10-second voice recorder option to let you know when it's time to eat. It is perfect for special diets with weight control. With its removable tray design you can easily clean the feeder. Don't worry if the power goes out at home. Thanks to its dual power supply system, when there is a power cut, the feeder will continue to operate on battery power without any problem. Suitable for any combination of feed, wet food and treats.

Pet carrier

Your pet always with you.

ERGONOMIC DESIGN

Comfortable for you.

The design and high-quality materials will offer you the right amount of breathability when wearing it.

AIR CIRCULATION

Comfortable trip.

The carrier has a ventilation system that will offer your pet an unbeatable journey. Its materials allow natural air circulation and the interior fans with two different speeds will keep your pet cool at all times.

INTERIOR LIGHT

Warm and sheltered.

The progressive interior light of the carrier will make your pets feel warm and safe throughout the journey.

SIZE

Small and medium-sized pets.

Its dimensions make it suitable for pets up to 8 kg.

Pumba 1800 Travel Fan Carrier

Multifunctional pet carrier, incorporating a ventilation system, comfortable and spacious: 43 x 42 x 27.6 cm.

FEATURES:

This carrier, with ventilation system from multiple angles, also incorporates fans that will make transporting your pets much more comfortable.

The internal fan has 2 speed settings and can be easily configured.

Measures: 43 x 42 x 27.6 cm. Suitable for pets up to 10 kg.

It incorporates a progressive interior light that will make your pets feel warm and safe.

Its large dark window allows pets to see outside while reducing stimuli for greater peace of mind.

Thanks to its ergonomic design, this carrier absorbs shocks for a better comfort of the pet.

It is made of high quality materials to ensure comfort and breathability.

Incorporates a side pocket for external battery storage.

Self-cleaning litter box

A litter box is comfortable, but self-cleaning makes it even more so.

SELF-CLEANING

Do nothing.

Forget about the spade thanks to this self-cleaning litter box with which you can choose between different cleaning options: programmable, automatic or manual.

IONIC STERILIZER

Eliminate bad smells.

The litter box has an ionic steriliser with a modern triple deodorisation system that will eliminate unpleasant odours for a better well-being in your home.

INFRARED SENSOR

Your pet's safety is a priority.

Its infrared safety system with intelligent detections prevents your pet from possible accidents. If the litter box is in operation and your pet wants to enter, it will detect its presence and stop automatically.

APP

Control it from your mobile

Its app will allow you to control all the functions of the litter box and monitor its data.

CAPACITY

Extra large and compact.

Its inner bucket has an extra-large 65 litre capacity for your cat's total comfort and its compact size means you can place the litter box anywhere.

Pumba 8000 CleanKitty Smart Automatic litter box

Self-cleaning litter box, triple deodorisation system, Wi-Fi and screen control, silent and safe with infrared sensor.

FEATURES:

Forget about the spade thanks to this self-cleaning litter box with which you can choose between different cleaning options: programmable, automatic or manual. Although its inner bucket has an extra-large capacity (65 litres) for total comfort, its compact size means you can place the litter box anywhere. It has an ionic steriliser with a modern triple deodorisation system that will eliminate unpleasant odours. Its weight sensor will achieve advanced health monitoring of your pet. Don't worry about your pet's safety as it includes an infrared safety system with intelligent detection to prevent accidents. If the litter box is in operation and your pet wants to enter, it will detect its presence and stop automatically. Its APP will allow you to control all the functions of the litter box as well as monitor all the data. Quiet operation will help not to frighten your pet and inspire confidence. Don't worry about cleaning for 15 days thanks to the large capacity of the waste container (9 litres).
