FORCE SONIC

Vacuums in depth

Effortlessly removes dirt thanks to a maximum power of up to 700 W. Traps dirt, dust mites and bacteria with a suction of up to 12 kPa, which will leave your mattress spotless.

MOTORISED BRUSH

Descals even what you can't see

Its Power Brush, designed with bristles and silicone, effectively removes even the most encrusted microparticles, so you can rest with no allergy episodes.

Allergy will not be an issue anymore

UV-C LIGHT

Removes up to 99.9 % of bacteria

The vacuums are equipped with ultraviolet light that reaches a wavelength of up to 253.7 nanometres to effectively remove dust mites and bacteria that accumulate on upholstery and mattresses.

HEAT TECH

Disinfects on every pass

La tecnología de aire caliente¹ es el complemento ideal para dejar colchones y tapicerías como nuevos. Aspira y completa la limpieza con aire caliente para arrasar con los ácaros y bacterias.

Convenient and effective cleaning

BATTERY

Full freedom of movement

Vacuum your mattress, sofa or any upholstery in the most comfortable way thanks to its battery operation with up to 20 minutes of autonomy¹.

XXL CORD

Non-stop vacuuming

It cleans in depth without nothing stopping you thanks to its cable of up to 5 meters², which will allow you to vacuum every corner without the need to change plugs.

High efficiency, maximum hygiene.

CYCLONIC SYSTEM

High durability. Easy emptying.

The vacuum cleaners feature a bagless cyclonic design, which allows cleaning over and over again without losing efficiency and also makes emptying easier.

FILTER

Achieve a cleaner air

Thanks to its high-performance filter, it sucks in and retains dust particles and allergens so that they do not get back into the air. This effectively removes any traces and gives you a breath of fresh air.

Conga rockstar 3000 mattress Mattress vacuum cleaner

Mattress and upholstery vacuum cleaner with 300 W and 10 kPa suction power. It includes UV-C light that removes 99.9 % of allergens. Motorised brush technology to efficiently remove dust mites from mattresses, keeping them always clean.

FEATURES:

Mattress and upholstery vacuum cleaner with 300 W and 10 kPa suction power. It includes UV-C light that removes 99.9 % of allergens. Motorised brush technology to efficiently remove dust mites from mattresses.

ForceSonic technology that increases the maximum power up to 300 W to eliminate all dust and allergens.

Thanks to its built-in ultraviolet light, with a wave length of 253.7 nm, it removes up to 99.9 % of dust mites and bacteria in upholstery and mattresses. Get rid of allergy symptoms in one go thanks to the UV-C light.

It is equipped with Power Brush technology, composed of a motorised brush made of bristles and silicone that removes allergens from mattresses. Thanks to the motorised brush, it is capable of effectively vacuuming the deepest allergens.

It generates a great suction power that reaches up to 10 kPa to capture dust mites, allergens and dust built up in mattresses and upholstery.

Vacuum with comfort thanks to the XXL cord. Vacuum with complete freedom and no limits any bed or sofa without having to use different power sockets.

Cyclonic System technology that maintains suction power as the first day. Achieves professional results in just one go.

Safety system that turns the ultraviolet light off when the vacuum cleaner is lifted from the surface, avoiding damage to eyes of users.

It Includes a set of high-efficiency filters which allow filtering a large percentage of particles. Tank with a capacity of up to 200 ml.

Includes high-performance filter to retain high percentage of dust and allergens.

COMPOSITION:

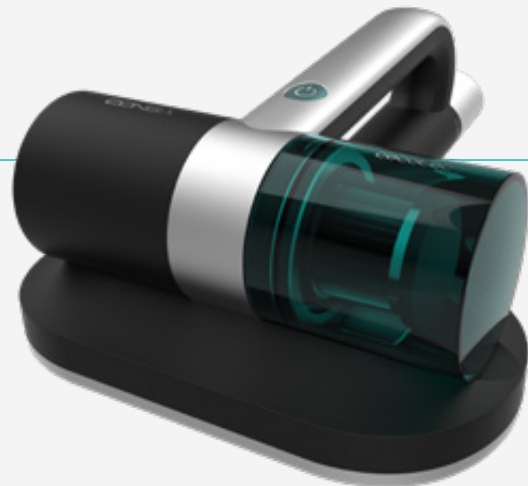

Cleaning brush, charger, instruction manual, mattress vacuum cleaner
