Flawless shine, responsible consumption

INVERTER PLUS DUO

High performance, low consumption

Get a superior wash with low consumption thanks to its Inverter Plus Duo¹ motor, which incorporates a BLDC pump to offer great versatility with variable pressure washes. In addition, its brushless design not only reduces energy consumption, but also reduces maintenance and extends its lifespan.

PROGRAMMES

Tailor-made resources

Choose the programme that best suits your needs at any given moment and the dishwasher will adapt the washing time, the amount of water and the temperature so that your tableware is perfect with a customised consumption of resources. Thus, it reduces consumption without losing efficiency.

CUTLERY

Cleans everything One single load to save energy

Saves time and energy thanks to its capacity for up to 14 place settings. Its design includes a third upper tray² for cutlery, which maximises storage space and increases its versatility, allowing you to clean any item of tableware in the most convenient and efficient way.

INVERTER **10** YEARS WARRANTY

Protect the planet with every wash

ENERGY CLASS A

Save energy

Enjoy high quality performance with maximum energy savings thanks to its class A¹ certification, which allows you to take care of your tableware while protecting the planet.

BLUE WATER SYSTEM

Save water

Thanks to this water-reuse system¹, water consumption can be reduced by up to 5.4 litres depending on the programme selected.

Total cleaning with just a touch

CORE MATRIX SCREEN

Full colour display

Control your dishwasher in the most convenient and intuitive way thanks to its innovative XXL¹ colour touch display. Choose the ideal programme for each moment with just one touch and give your tableware a tailor-made wash in the easiest and quickest way.

3-IN-1²

Cleans, sanitises and polishes

Freshen up your dishes after every wash with this special programme which, combined with a 3-in-1 tablet, removes even the most stubborn grease stains, eliminates bacteria and provides a unique shine.

STEAM WASH³

Wrap your tableware in steam

This programme wraps your dishes with high-temperature steam for deep cleaning, efficiently removing even the toughest stains and disinfecting the entire interior, leaving your tableware as good as new.

Maximum shine, minimum effort

DUAL ZONE WASH

Directed power

With the Dual Zone Wash system¹, water power is adapted to the area and the tableware to be washed for tailor-made and more efficient results.

SPLASH 360

Thorough washing

Additional 360-degree rotating arm² to reach all corners. Thanks to this technology, the most stubborn dirt is removed without the need for prior rinsing.

STRONG WASH

No stain can resist it

It removes the most stubborn dirt by increasing water pressure so that the user does not have to clean by hand after each wash.

Total drying, perfect shine

TURBO DRY+²

Dries to the last drop

This function achieves perfect drying by removing moisture from the interior with a flow of warm air. At the end of the cycle, you don't have to manually dry those residual drops on your tableware and you can put it away straight away.

AUTO-OPEN¹

Welcome to natural drying

Save energy and forget about worries thanks to this function, which automatically opens the dishwasher door to remove residual moisture.

Your tableware always as good as new

ION FLOW

More hygiene with every wash.

The Ion Flow technology¹ leaves your dishes sterilised and with a deodorising function thanks to the ions transported through the borosilicate glass particles that dissolve little by little in the water.

ANTIBACTERIAL FILTER

Gets rid of bad smells

ABT filters² keep the dishwasher always clean and germ-free at all times whilst preventing unpleasant odours.

MACHINE CARE

Kills bacteria

This programme automatically cleans the inside of the dishwasher, protecting it from bacteria and unpleasant odours, as a clean interior means perfect dishes.

It adapts to you and your tableware

HALF LOAD¹

Double the possibilities

You no longer have to wait until the dishwasher is full before you can start it, with this function you will have the same results as a normal programme, but with half the resources.

DELAY START

Adapts to your own schedule

Choose the programme start time up to 24 hours in advance, so your dishes will be clean and ready to use just when you need them.

ADJUSTABLE RACK²

Designed for you

Wash any type of dishes, pots or glasses, no matter the height, thanks to the height adjustment of the upper tray.

ELECTRONIC AQUASTOP¹

Failures will not be a problem

No need to worry since this programme is activated automatically when the dishwasher detects a problem and redirects the water into the compartment, thus preventing any water leakage.

COMFORT WASH¹

Let nothing keep you awake at night

Use the dishwasher at any time of the day thanks to this programme, which reduces noise by up to 36 db to allow you to use it at night and thus take advantage of the cheapest time of daylight.

Freestanding models

Bolero Aguazero

Bolero Aguazero 2300

Compact dishwasher, white colour, with 6 place settings, 8 programmes and energy class D. With Colour Touch Panel display and Delay Start function.

FEATURES:

Save space, time and effort. Thanks to its capacity of 6 place settings, you can save space, time and effort when washing your dishes and cutlery efficiently, quickly and conveniently.

Adapts to your needs. Choose among its 8 programmes the one that best suits your needs according to your washing requirements (pots, everyday dishes, delicate glassware), and the dishwasher will automatically adjust the time and temperature.

Optimal day-to-day consumption. Its Class D energy efficiency label allows for optimal electricity consumption in each wash.

Control the wash easily and intuitively. Its Colour Touch Panel combines ease of use with an attractive design, ensuring that you can personalise and control your wash intuitively and effectively.

Machine Care. Clean your dishwasher and avoid bad smells. This programme cleans the inside of your dishwasher and protects it from bacteria and bad smells, as well as preserving it for longer.

Programme the washing of your dishes. You choose when your dishes are cleaned thanks to its Delay Start function, with which you can programme the operation of your dishwasher between 0 and 24 hours.

Full washing. It includes a specific programme for 3-in-1 tablets (detergent, rinse aid and grease remover) for a total wash.

Pre-Wash function: additional pre-washing before the main wash prepares the dishes to be washed with perfect results, helping to remove unpleasant odours and food residues.

Perfect and shiny finishes. The dishwasher's Dry+ function improves hygiene and prevents water spots, providing a perfect, sparkling finish for the dishware.

Germ Shield: a function that provides superior hygiene by eliminating and preventing the growth of bacteria, ensuring that your utensils and dishes are completely sanitised and safe for use.

Child Lock: avoid accidents and unforeseen events thanks to its Child Lock, the child safety lock that will give you peace of mind in your day-to-day life.

Bolero Aguazero 6210 D

Bolero 60 cm dishwasher, white colour, 15 place settings, class D, XXL FullColour display, third tray, 14 programmes, Dual Zone Wash, Electronic Aquastop, Dry+, adjustable tray, AutoClean, half load, Delay start and Child lock.

FEATURES:

Large capacity of up to 15 place settings so you can wash everything you need no matter the situation: every day, a celebration, etc. 1 place setting includes a large plate, small plate, soup bowl, glass, knife, fork and spoon.

Class D: optimal energy consumption in each wash.

XXL FullColour display: easily and intuitively control the washing machine with its innovative XXL FullColour display design.

Cutlery rack: top rack designed for cutlery, this way you will get cleaner cutlery and save space in the bottom racks.

14 programmes: choose the programme that best suits your needs depending on what you have to wash: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment.

DualZone Wash: adapts a different water pressure in each basket. Don't worry about separating the dishes into different wash cycles and wash sturdy pots, delicate glasses, heavily soiled containers, less soiled containers, etc., all at the same time.

Dry+: extends the drying process by 10 to 15 minutes to improve its performance.

Adjustable tray: washes all types of dishes, casseroles or glasses, regardless of their height, thanks to the height adjustment of the top tray.

AutoClean: programme that cleans the inside of your dishwasher and protects it from bacteria and bad smells, as well as preserving it for longer.

Half load function: depending on the day or the amount of cutlery available, the load function can be programmed, which means that cutlery can be washed with the same results as a normal programme, but with the benefit of using half the resources.

Delay Start: programme the time of day you want your dishwasher to start washing at and you don't have to worry about having to start it.

Child Lock: protect the little ones by limiting their access to your dishwasher.

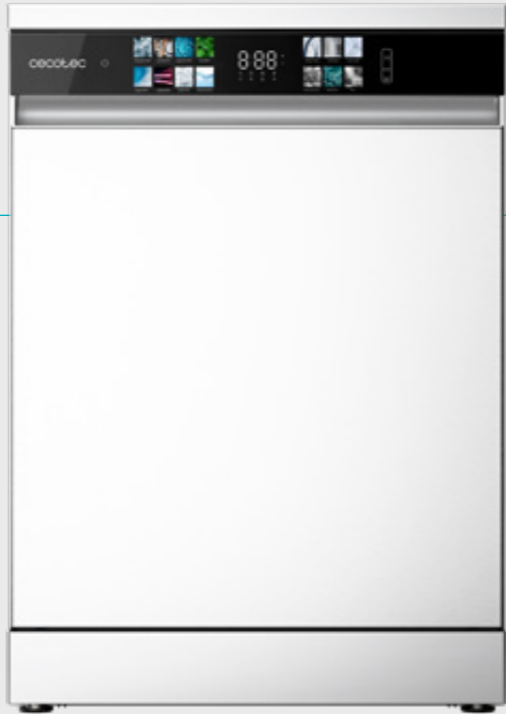

COMPOSITION:

Dishwasher, bottom tray, top tray, cutlery rack, cutlery basket, salt funnel, drain hose, instruction manual

220-240 V 50 Hz
1920 W

Bolero Aguazero 6500 C Dishwasher

Bolero 60 cm dishwasher, 3 racks, 15 place settings, 6 programmes with Dual Zone Wash, Dry+ function, Auto Open, half load, delayed start and Inverter Plus motor.

FEATURES:

15 place settings. Great capacity of up to 15 place settings to be able to wash everything you need no matter the circumstances: daily washing, a celebration, etc.

6 Programmes choose the programme which best adapts to your needs according to the load: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment.

Class C: optimal energy consumption in each wash.

Half load: the possibility to run the dishwasher without it being fully loaded and without it using the same amount of resources as if it were full.

Delay Start: programme the dishwasher between 0 and 24 h in advance, with delay start.

Dry+: extends the drying process by 10 to 15 minutes to improve performance.

Touch Panel: very intuitive and easy to use touch panel.

DualZone Wash: adapts a different water pressure in each basket. Forget about separating tableware in different washing cycles and wash resistant pots, delicate glasses, very soiled containers, less soiled ones...

Auto Open: function that allows the door opening at the end of the complete wash, allowing utensils to dry naturally.

Electronic AquaStop: in the event of a problem, the water is redirected back into the compartment, thus preventing any water leakage.

Inverter Plus motor: energy and money saving.

Cutlery tray. Top rack designed for cutlery, this way you will get cleaner cutlery and save space in the other lower racks.

COMPOSITION:

Bolero Aguazero 6700 B

Bolero 60 cm dishwasher, white colour, 15 place settings, class B, Inverter Plus motor, XXL FullColour display, Turbo Dry+, 02 Dry, third tray, 14 programmes, Dual Zone Wash, Electronic Aquastop, adjustable tray, AutoClean, half load, 72 h programme, Delay start and Child lock.

FEATURES:

Large capacity of up to 15 place settings so you can wash everything you need no matter the situation: every day, a celebration, etc. 1 place setting includes a large plate, small plate, soup bowl, glass, knife, fork and spoon.

Class B: a very efficient energy class that will make your electricity bill lighter with every wash.

XXL FullColour display: easily and intuitively control the washing machine with its innovative XXL FullColour display design.

Inverter Plus Motor: high quality performance and maximum durability. Energy saving, with minimum vibrations and noise. Thanks to the Inverter motor, the dishwasher will make less noise during operation. It also favours energy saving.

Cutlery rack: top rack designed for cutlery, this way you will get cleaner cutlery and save space in the bottom racks.

14 programmes: choose the programme that best suits your needs depending on what you have to wash: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment.

02 Dry: function that allows the door to open at the end of the complete wash, obtaining a perfect and natural drying of the tableware.

Turbo Dry+: thanks to this function, all the hot flow disappears and all moisture is removed before it cools down. Avoiding new drips on clean dishes.

DualZone Wash: adapts a different water pressure in each basket. Don't worry about separating the dishes into different wash cycles and wash sturdy pots, delicate glasses, heavily soiled containers, less soiled containers, etc., all at the same time.

Adjustable tray: washes all types of dishes, casseroles or glasses, regardless of their height, thanks to the height adjustment of the top tray.

AutoClean: programme that cleans the inside of your dishwasher and protects it from bacteria and bad smells, as well as preserving it for longer.

Half load function: depending on the day or the amount of cutlery available, the load function can be programmed, which means that cutlery can be washed with the same results as a normal programme, but with the benefit of using half the resources.

Bolero Aguazero 6800 Inox A

Cecotec Bolero Aguazero 6800 Inox A dishwasher. 60 cm, 14 place settings, energy class A, Inverter Plus Duo Motor, 8 programmes, O2 Dry, BlueWater System, antibacterial filter, AutoClean, Dual Zone Wash, Steam Wash, EcoWash, Comfort Wash, Half Load Function and 24h Delay Start 24h. Advanced technology for spotless cleaning!

FEATURES:

With a capacity for 14 place settings, Cecotec Bolero Aguazero 6800 Inox A is perfect for large families or those who enjoy having guests over. This large capacity allows you to wash more cookware in each cycle, saving time and energy.

Energy class A: This dishwasher has a Class A energy efficiency rating, which guarantees excellent performance while reducing energy consumption. This means less environmental impact and significant savings on electricity bills.

Inverter Plus Duo: this dishwasher has an inverter motor but also incorporates BLDC (Brushless DC) pump technology, which offers superior performance. The variable pump pressure adds new and versatile ways to wash dishes, while the brushless pump is designed for increased durability, ensuring optimal cleaning with lower energy consumption and longer lifespan.

It offers 8 different programmes, adapting to all your cleaning needs. From intensive to fast cycles, you'll always find the perfect programme for every load, ensuring sparkling clean dishes with every wash.

The O2 Dry function allows the door to open automatically at the end of the washing cycle, allowing cookware to dry naturally. This not only improves drying efficiency, but also reduces energy consumption, providing brilliant results in a more environmentally friendly way.

The innovative BlueWater System reuses the water from the last rinse cycle, filtering it and saving it for the next use. This system reduces water consumption by up to 5.4 litres per cycle, depending on the programme, making this dishwasher a more sustainable and environmentally friendly option.

The antibacterial filter (ABT) keeps the dishwasher clean and free of bacteria or germs. This advanced filter prevents bacteria build-up, keeping the inside of the dishwasher fresh and odour-free, ensuring superior hygiene after every use.

COMPOSITION:

60 cm dishwasher, instruction manual.

Built-in models

Bolero Aguazero

Bolero Aguazero 6100 Full-BI E

Bolero 60 cm built-in dishwasher, 12 pieces of cutlery, 7 programmes and delayed start.

FEATURES:

12 place settings. great capacity of up to 12 place settings to be able to wash everything you need no matter the circumstances: daily washing, a celebration, etc.

7 programmes. choose the programme which best adapts to your needs according to the load: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment.

Class E: optimal electricity consumption in every wash.

Delay Start: programme the dishwasher between 0 and 24 h in advance, with delay start.

Electronic AquaStop: in the event of a problem, the water is redirected back into the compartment, thus preventing any water leakage.

COMPOSITION:

Dishwasher, drain hose, instruction manual

65.6 x 66 x 86.5 cm 45.1 kg
65.6 x 66 x 87.5 cm 39.88 kg

56 x 60 x 79.5 cm 36.36 kg

Bolero Aguazero 6500 Full-BI C Dishwasher

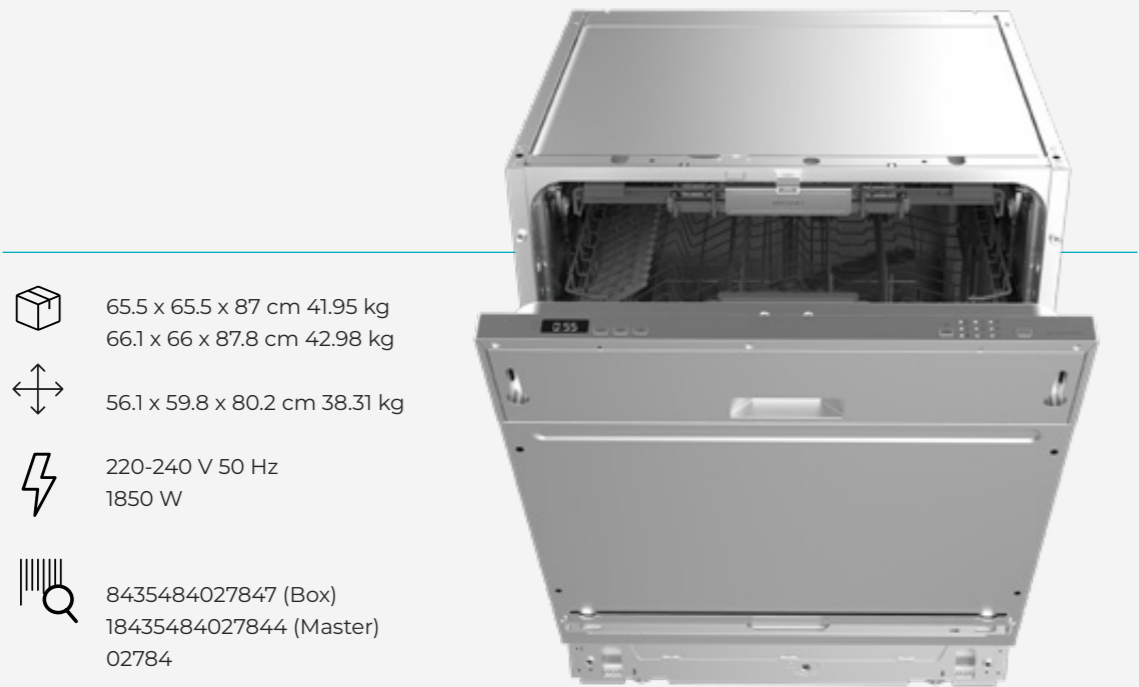

Bolero 60 cm built-in dishwasher, 3 trays, 15 place settings, 6 programmes with Dual Zone Wash, Auto Open, Inverter Plus motor and delayed start.

FEATURES:

15 place settings. Great capacity of up to 15 place settings to be able to wash everything you need no matter the circumstances: daily washing, a celebration, etc.
6 Programmes choose the programme which best adapts to your needs according to the load: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment.
Class C: optimal energy consumption in each wash.
Delay Start: programme the dishwasher between 0 and 24 h in advance, with delay start.
DualZone Wash: adapts a different water pressure in each basket. Forget about separating tableware in different washing cycles and wash resistant pots, delicate glasses, very soiled containers, less soiled ones...
Auto Open: function that allows the door opening at the end of the complete wash, allowing utensils to dry naturally.
Inverter Plus motor: energy and money saving.
Electronic AquaStop: in the event of a problem, the water is redirected back into the compartment, thus preventing any water leakage.
Cutlery tray. Top rack designed for cutlery, this way you will get cleaner cutlery and save space in the other lower racks.

COMPOSITION:

Dishwasher, drain hose, instruction manual

Bolero Aguazero 8001 Full BI B

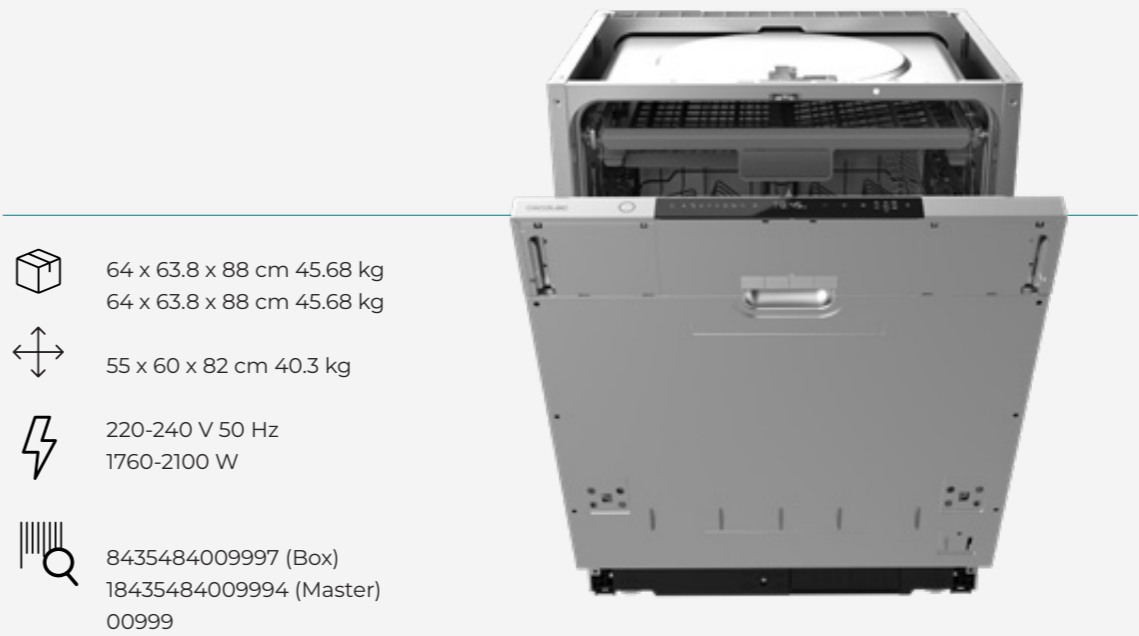

Built-in dishwasher, 14 place settings, class B, Inverter Plus motor, 8 programmes, third tray, O2 Dry, Dry+, Splash 360, AutoClean, antibacterial filter and touch control.

FEATURES:

14 place settings: great capacity of up to 14 place settings to be able to wash everything you need no matter the circumstances: daily washing, a celebration, etc.
8 programmes: choose the programme which best adapts to your needs according to the load: pots, daily-use dishware, delicate glass utensils, etc., with time and temperature adjustment. Wash whatever you want, no matter the time or tools you have.
B-class energy efficiency: thanks to the latest technology, power consumption will be minimal for each wash, with hardly any impact on the final bill.
Inverter Plus Motor: high quality performance and maximum durability. Energy saving, with minimum vibrations and noise.
Cutlery rack: top rack designed for cutlery, this way you will get cleaner cutlery and save space in the bottom racks.
O2 Dry: leaves dishes completely dry and fresh, and also saves energy by using natural air.
Dry+: extends the drying process by 10 to 15 minutes to leave your dishes perfect.
Splash 360: rotating arm with water jets included to wash all parts and corners of the tableware in the dishwasher. It makes sure that the dirtiest utensils do not have to be rinsed beforehand, nor do they have to be washed after the dishwasher is done cleaning.
Touch control panel through which you can manage the operation of the dishwasher, like the programme and the remaining time. All features, times, and necessary information can be consulted via this touch-controlled panel.
DualZone Wash: adapts a different water pressure in each basket. Don't worry about separating the dishes into different wash cycles and wash sturdy pots, delicate glasses, heavily soiled containers, less soiled containers, etc., all at the same time.
Adjustable tray: the adjustable top tray allows you to wash all dishes, pots, pans and glasses, regardless of their height, without any worries and in an optimal way.

COMPOSITION:

Dishwasher, bottom tray, top tray, cutlery rack, drain hose, instruction manual
