**Discover the hair
removal range.**

Electric epilators

Extra gentle dry hair removal.

Removes shorter hair on sensitive skin.

Our electric epilator includes interchangeable heads to remove hair in sensitive areas. It does not irritate the skin and its 18 pairs of tweezers effectively remove the shortest hairs from the root for long-lasting smoothness.

NONSTOP FUNCTION

Total and wireless freedom.

With a battery life of up to 40 minutes, you can shave your body wherever you are, thanks to the wireless technology and its 700 mAh lithium battery. However, you can also use it with a cord to avoid any sudden stops.

Adjust the speed as you wish.

The epilator has 2 speed settings to select the most suitable one for your skin type and to guarantee a personalised beauty routine.

Facial epilators

Hair-free, smooth and cared-for skin.

Adapts to your skin.

Its circular blade adapts perfectly to the skin for a fast and safe shave.

Waterproof design.

Thanks to the IPX5 waterproof rating, the blade can be cleaned safely with water.

Removes even the finest hair.

The stainless steel epilator is ideal for shaving the finest and shortest hairs.

IPL epilators

Forget about hair for a long time.

Optimised quartz lamp.

Its optimised quartz lamp allows for greater effectiveness during its use for better and faster hair removal results.

Suitable for all skin types.

Thanks to the 5-position energy system, the epilator adapts to a great variety of hair and skin types. Additionally, the Intelligent Skin sensor¹ adjusts the energy position according to the detected skin tone.

Safety system.

The integrated safety system adjusts the optimal position to release the light pulse and prevents the accidental discharges. It also shuts off automatically after 10 minutes of non-use.

SkinCare Depil-Action

Epilator with lithium battery and 2 heads.

FEATURES:

700 mAh lithium battery perfect for up to 40 minutes of uninterrupted use at constant speed. It includes interchangeable heads: a shaving head to remove hair from sensitive areas without irritating the skin and reducing damage, and an 18-pair tweezer starter head. In addition, it includes a protective cover.

2 speed settings, adapt it to different types of skin and to your beauty routine.

NonStop function: wireless operation for total freedom of movement, and wired operation for unlimited battery life and use anywhere at any time.

SkinCare Depil-action has a light and compact design for a more comfortable use, as it adapts perfectly to your hand.

Large active epilation surface for more hair removal in fewer passes.

LED indicator lights on the display to show the charging status and to be able to disconnect it when it is completely ready.

COMPOSITION:

Epilation head, shaving head, cleaning brush, charging adapter, appliance

SkinCare Depil-Action Go

Electric epilator with lithium battery and interchangeable heads.

FEATURES:

NonStop function. Cordless use, to use it freely, or corded use to ensure it is always ready to use anytime, anywhere without running out of battery.

Includes interchangeable heads, a shaving head for sensitive areas and an epilation head. In addition, the protective cover allows for perfect maintenance.

Its epilation head features 18 pairs of tweezers, perfect for removing shorter hair more effectively.

2 speed settings to select the most suitable speed for your skin and hair type.

Light and compact, for a more comfortable use.

Large active epilation surface that removes more hair in fewer strokes.

LED indicator lights to check the charging status.

COMPOSITION:

Appliance, epilator head, shaving head, cleaning brush, charging adapter, instruction manual

SkinCare Depil-Action One

Electric epilator with 48 tweezers, removable magnetic head, two speeds, LED light and protective cover

FEATURES:

With 48 high-precision tweezers, this epilator ensures fast and effective hair removal, allowing for efficient and thorough epilation.
The electric epilator is perfect for smooth and soft skin, thanks to its ability to remove hair from the root, providing results that last longer than traditional solutions.
The removable magnetic head makes it easy to clean after each use, ensuring perfect hygiene and extending the life of the appliance.
Adjust the epilation to your needs with two speeds: one speed for sensitive areas and another for efficient epilation in less time.
The built-in LED light illuminates even the finest hairs, allowing for precise and thorough hair removal, even in the most difficult to see areas.
This advanced technology traps even the shortest hairs for smooth, hair-free skin that other methods cannot achieve.

COMPOSITION:

Appliance, instruction manual

FaceCare Smooth

Stainless steel facial epilator for shaving facial hair, with protective cap

FEATURES:

Suitable for shaving facial hair, including fine and short hairs
Circular blade adapts perfectly to the skin for a fast and safe shave
The integrated, sharp stainless steel blade effectively removes unwanted hairs
It has an IPX5 waterproof rating
It has a protective cap to ensure that the blade is always protected, safe and ready for the next use.

COMPOSITION:

SkinCare IPL Quartz

Compact IPL with quartz lamp, 120,000 flashes and skin detection sensor.

FEATURES:

IPL with optimised quartz lamp that allows for greater effectiveness during use, for better and faster hair removal results.
Thanks to the 5-position energy system, it adapts to a great variety of hair and skin types.
The Intelligent skin sensor detects the skin tone and adjusts the energy setting to the type of skin.
The skin contact sensor allows seeing when it is placed at the optimum position to flash.
The built-in safety system prevents accidental flashing and turn the device automatically off after 10 minutes of no operation.
It is suitable for body, armpit, bikini line and face (except for eyebrows) without having to change the head or make any effort.
For men and women, equally effective.
It includes a removable head to replace it whenever needed.
Single flash or multiple flash mode, for a fast and easy use.
Permanent results with 1 or 2 sessions per year after carrying out the full treatment.
Curve design to reach every body part easy and efficiently, improving skin contact.
Includes Start Kit with protection glasses, travel pouch and shaver for the first uses.

COMPOSITION:

Blade, protective goggles, instruction manual, product

8.8 x 22.7 x 29 cm 1.4 kg
47 x 32 x 19.25 cm 6.3 kg

SkinCare IPL Gun

Compact 500,000 flash IPL epilator with quartz lamp.

FEATURES:

IPL with optimised 500,000-flash quartz lamp that allows for greater effectiveness during use for better and faster hair removal results.
Cooling Function. Cooling function to protect the skin, relieve the sensation of heat, and improve comfort during the epilation process.
Thanks to the 5 power levels, it adapts to a wide range of hair and skin types.
Including an LCD display for easy viewing of remaining flashes.
Extra-small epilation head to reach the most intimate areas.
The skin contact sensor allows seeing when it is placed at the optimum position to flash.
Includes protective goggles to make epilation easier from start to finish.
For men and women, equally effective. It can be used on the body, underarms, bikini line, and face (except eyebrows).
It features two modes: an automatic mode without pressing any button, and a manual mode for easy control.
Permanent results with 1 or 2 sessions per year after carrying out the full treatment.
Pistol-shaped design for greater comfort during use, improving skin contact.
The integrated safety system prevents unintentional flashes on the skin.

COMPOSITION:

Small epilation head, blade, transport pouch, safety goggles, instruction manual, product

pedicure range.**

Manicure

Show off your hands and nails.

The most complete 7-in-1.

Our set includes 7 heads with long-lasting micro-abrasive particles and different shapes to get the perfect finish at all times.

Different speeds for every occasion.

Achieve a perfect, natural finish with 5 speeds and 2 rotation directions (right and left).

Choose the perfect shape for your nails.

Includes 4 drill bits with different shapes for different nail finishes: cylindrical, conical, round and needle-shaped. Each one of them achieves a smooth, shiny and long-lasting finish.

Pedicure

Simply perfect feet.

Forget about batteries.

The cordless electric file is equipped with a lightweight, long-lasting lithium battery. With a battery life of up to 100 minutes, it will make taking care of your feet easier and more comfortable.

Beautiful and soft feet.

The file has a coarse roller for areas that require a more intense action, and a fine roller ideal for polishing and providing a smooth and soft final finish.

Optimum maintenance.

The rollers can be washed under water to remove the dead cells and allow them to remain as good as new for a long time.

PinkyCare 700 Perfect Nails

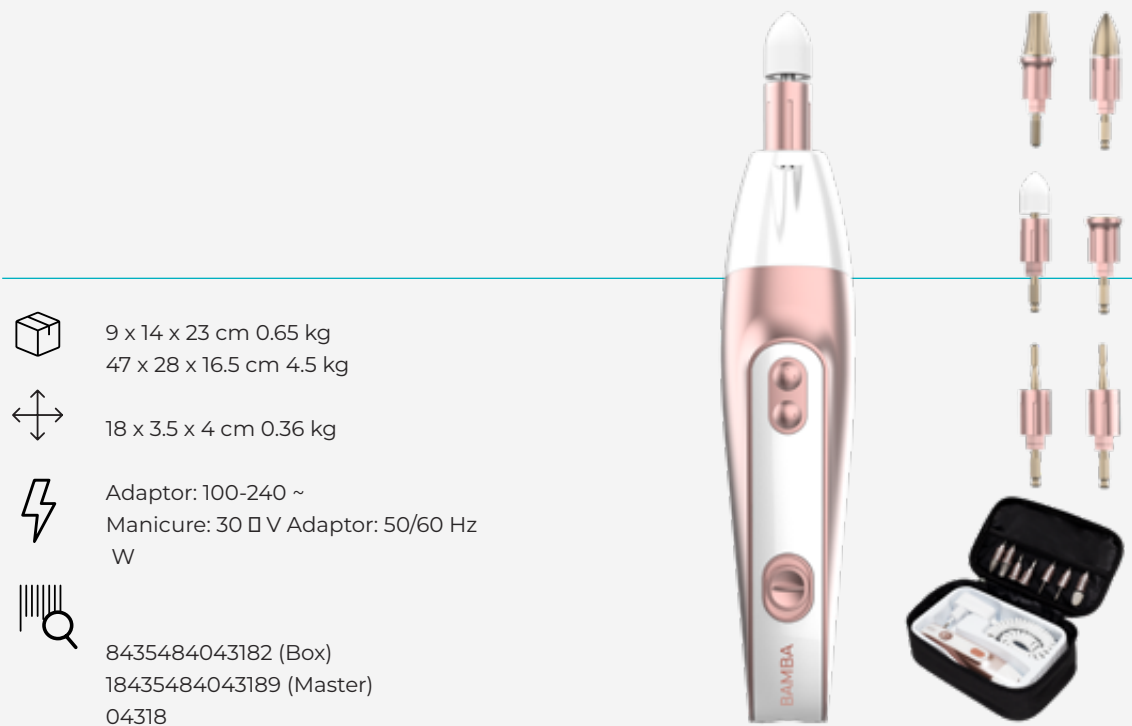

Electric set for manicure and pedicure Bamba PinkyCare 700 Perfect Nails.

FEATURES:

Electric manicure and pedicure 7-in-1 with 5 speeds and 2 rotating directions (right and left) to get a perfect and natural finish, adapting to different styles.
Perfect to cut, file, shape, remove excess cuticles and polish your nails.
Our set includes 7 heads with long-lasting microabrasive particles, and different shapes to get the perfect finish you want at all times.
Includes two sapphire discs: thick and thin, to remove dirt and work on nails with a thick and thin grain for total polishing.
Includes 4 milling cutter drill bits with different shapes for different finishes: cylindrical, conical, round and needle. Every one of them achieves different results, with smooth, shiny and long-lasting finish, smoothing hard nails surface.
The felt cone allows you to polish the nail edge after filing, and cleans the surface for a smooth and even finish.
Includes a front light to get more precise results.
Its ergonomic design adapts perfectly to your hand for greater comfort and safety, allowing one-hand handle.
Led indicators for the speed level you are working on, you can use the (+) and (-) buttons to increase or decrease speed.
Includes a travel case to carry it conveniently anywhere you need it, ensuring good maintenance.
Its 2.3-m cord allows you to enjoy free of movement.

**Discover the range
of massagers.**

Anti-cellulite body massagers

Tone your skin comfortably.

8 interchangeable heads.

Apply a different head depending on the body area and required treatment.

Great battery life.

Enjoy an autonomy of 1.5 hours thanks to its 1800 mAh battery to use your wireless massager without rushing.

Different modes and levels.

With 5 massage modes and 6 intensity levels, you can perfectly regulate the degree of force applied to your massage.

Facial massagers

Cleanse and firm your complexion.

Cleanse and massage your face.

Enjoy a complete facial care by cleansing and massaging your face with red and blue light to increase its vitality and improve its elasticity.¹

9-in-1 total care.

The massager offers great versatility thanks to its 2 facial brushes, a silicone facial brush, 2 facial sponges, 3 files (2 for feet and 1 for nails) and a body brush.²

SkinCare Push Up

Anti-cellulite body massager with 8 heads, 5 modes and 6 levels of intensity.

FEATURES:

Includes 8 interchangeable heads to use differently depending on treatment area and problem.
Protective and hygienic mesh for the hairiest areas.
It has 5 massage modes to suit all tastes and preferences, as well as all bodies.
6 levels of intensity, to control the strength in the most sensitive areas.
1.5 hours of autonomy for prolonged use over time, so you can move freely with the product on after 3.5 hours of charging.
Our SkinCare Silhouette shuts off after 15 minutes of use to warn you that this is the maximum time you can spend on an area.
It has a powerful 1800 mAh battery, which allows you to use the product freely.
It features an ergonomic design thanks to its pistol shape, which makes it easier to grip and more comfortable to massage the body.

FaceCare TotalClean

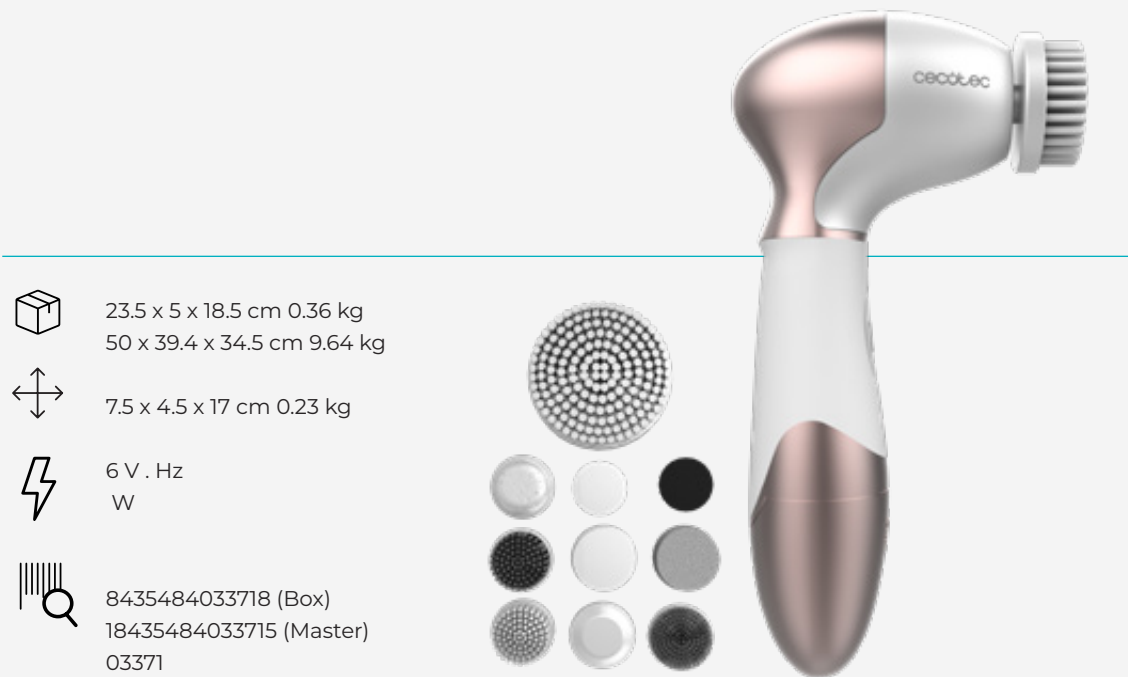

Facial brush with 9 brush heads for face, body and feet with 360° swivel, ergonomic design and travel pouch.

FEATURES:

9 in 1: the brush offers great versatility thanks to its 2 facial brushes, 1 silicone facial brush, 2 facial sponges, 3 files, two for feet and one for nails, and a body brush.
Ergonomic design: the brush has a comfortable grip and a single button for ease of use. Plus, its compact design means you can take it with you on your travels.
Suitable for the whole body: thanks to the variety and diversity of its heads, it can be used for the face, body and feet.
360° swivel: the brush cleans deeply thanks to its powerful 360° swivel that helps remove oil, dirt, make-up residue, blackheads, whiteheads, dead skin, acne and pores.
Takes care of all skin types: its design with soft bristles gives it great versatility and allows it to adapt to all skin types.
Non-slip handle: prevents unintentional slipping and provides great comfort.
Includes travel pouch: carry the brush with you at all times in the most comfortable way thanks to its travel pouch, which not only makes it easy to carry, but also helps to protect it.

COMPOSITION:

2 facial brushes, 2 facial sponges, 2 foot files, replacement file sticker, travel pouch, body brush, silicone brush, finger nail file, instruction manual, product

FaceCare LightSonic

Phototherapy facial massager with blue light and red light, heat, vibration and EMS microcurrent function. It also has a display and is battery powered.

FEATURES:

- 3 facial care modes: FaceCare LightSonic has 3 functions for all-round facial care: deep cleansing, absorption and moisturising.
- Heat function: promotes the opening of facial pores with heat and provides deep cleansing of your skin.
- Massage function with red and blue light: increases the cellular vitality of your skin, regenerates collagen and improves its elasticity, achieving an antioxidant and anti-ageing effect.
- Deep cleanses the skin: thanks to ionic technology, you will enjoy deep cleansing and consequently a better absorption of your facial products.
- Tone your facial muscles: the 5 levels of EMS microcurrents of your massager help to improve wrinkles and achieve smooth skin.
- Firms your face: the sonic vibration of the massager helps to tone the skin, firming it from the inside.
- 60 minutes autonomy: enjoy great freedom of movement by taking your massager with you wherever you go.
- LCD display: see the selected settings comfortably and facilitate your facial care.
- Ring included: attach the cotton discs to the head and treat yourself with a total cleansing of your face.

3° FACIAL MASSAGER

Cleanses, tones, tightens and moisturises.

CLEAN

Removes dirt.

BRIGHTEN

Preserves skin elasticity.

BOOST

Promotes the absorption of skincare products.

MOIST

Increases facial hydration.

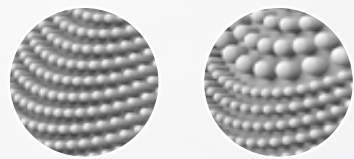

SkinRoutine Facial

STEP 1

Cleanser

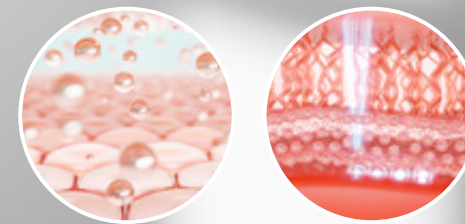

Deep cleanse your skin and remove all traces of make-up with our facial cleanser and its dual cleansing surface suitable for every skin type.

STEP 2

Anti-dark circles

Reduce under-eye puffiness and dark circles with the second step of our skin routine. The anti-dark circles device, which features a heat and vibration function, promotes the absorption of skincare products and noticeably reduces dark circles.

STEP 3

Massager

Give your face extra care for perfect skin with our facial massager, which offers 4 different modes: Clean mode, Brighten mode, Boost mode and Moist mode.

FaceCare SkinRoutine

SkinRoutine includes a facial cleanser, an anti-dark circles massager and a phototherapy massager, as well as a headband and wristband kit.
