The images shown on this document have been subject to advertising simulation aimed at the products' commercialisation and advertising. In this sense, they may vary from the end appearance.

A close-up photograph of a hand holding a sleek, black hair straightener. The device features a temperature control dial with settings at 140°, 160°, 180°, 200°, and 220°. Below the dial is a circular power button. The brand name 'cecc' is visible on the handle. The background is softly blurred, showing a person's hair being styled. A large, semi-transparent teal shape is overlaid on the left side of the image.

Hair straighteners

Discover the range

Perfect hair in one pass.

CERAMIC

Protects your hair.

Our straighteners are designed with titanium plates, advanced ultra-soft ceramic with micro-conditioners and tourmaline ceramic to protect your hair with every stroke.

IONIZER

Glossy finishes.

Through the negatively charged ions, the straighteners eliminate static electricity, conditioning the hair and eliminating frizz.

KERATIN COATING

Ultra-smooth glide.

Thanks to the keratin and argan oil coatings¹, you'll enjoy a glide that minimises friction on the hair, protecting its health.

XL PLATES

Wide format.

Straighten a larger amount hair with our wide plate straighteners². Reduce straightening time and achieve perfect, hair-friendly results.

WET&DRY

Wet straightening.

Our hair straighteners are designed for both wet and dry straightening³. Enjoy stunning results in the comfort of your own home.

¹Coating types vary according to the model.

²Only available on RitualCare Wet&Dry, RitualCare 950 Wet&Dry Max and RitualCare 950 Wet&Dry Max Care models.

³Only available on RitualCare Wet&Dry, RitualCare 950 Wet&Dry Max and RitualCare 950 Wet&Dry Max Care models.

RITUALCARE STEAMY

Steam hair straightener

Give your straightening extra effectiveness and care with the steam function of our Steamy hair straightener that deeply smooths and protects your hair with every stroke.

UP TO 230 °C

Tailor-made straightening.

Adjustable temperature up to 230 °C to suit different hair types and styling needs.

WATER TANK

Removable and magnetised.

Refill the tank with water in the simplest way thanks to the removable, magnetised tank.

ISTEAM

A spa for your hair.

Activate the straightener's iSteam function and get a smooth straightening result that protects your hair with hot steam.

RITUALCARE TWERK

Vibration hair straightener

Get fast, precise and vibrant straightening with the RitualCare Twerk hair straightener with vibration that improves hair distribution and straightens hair in a single pass.

UP TO 230 °C

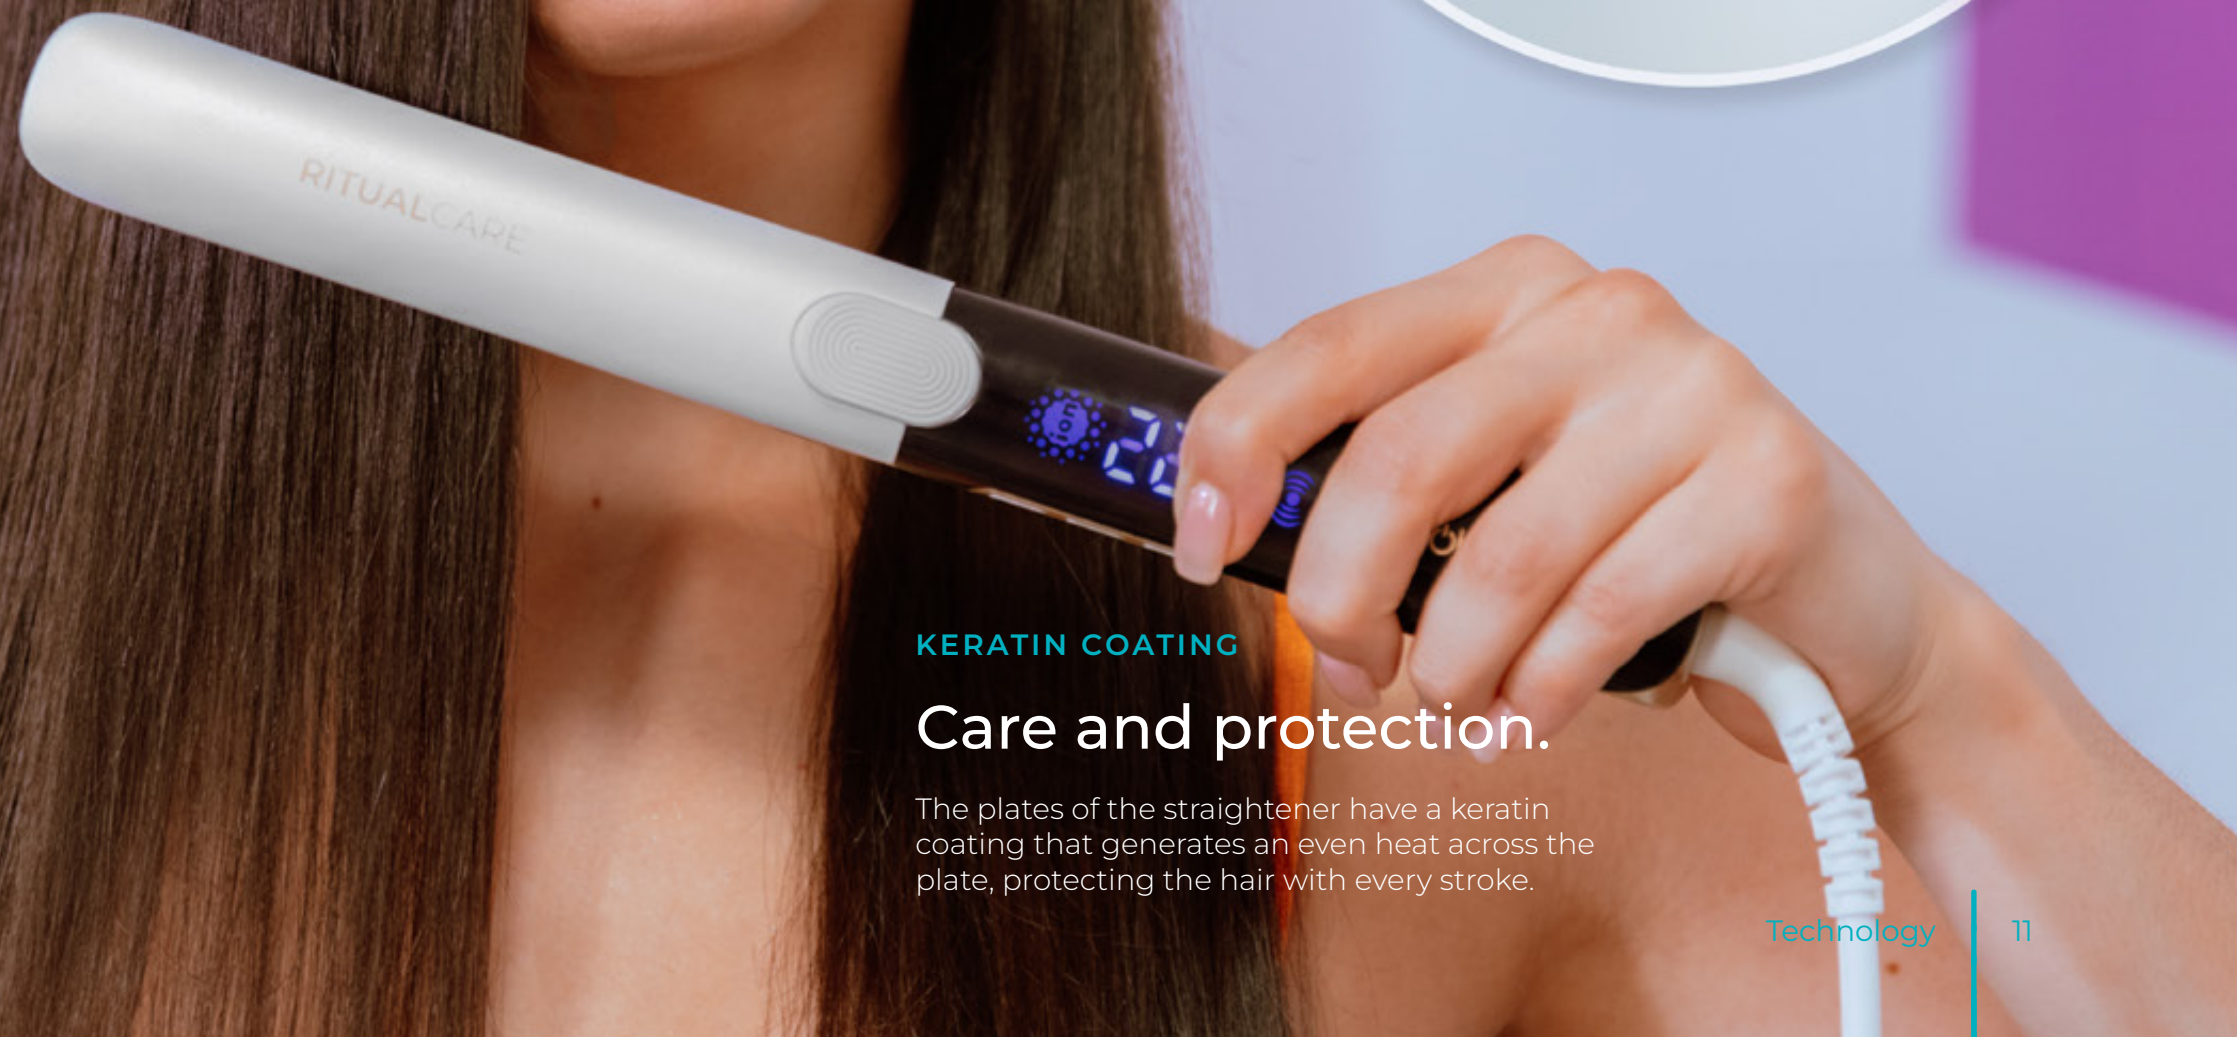

Straightening for any hair

With the capacity to reach a maximum temperature of 230 °C, this hair straightener offers precise heat control to suit different hair types and styling needs, starting from 160 °C.

IMOTION TECHNOLOGY

Vibrant straightening.

When you close the straightener, its vibrating plates are automatically activated, distributing the hair evenly across the plate for faster, more precise and effective straightening.

KERATIN COATING

Care and protection.

The plates of the straightener have a keratin coating that generates an even heat across the plate, protecting the hair with every stroke.

RitualCare 880 HidraProtect

Tourmaline hair straightener coated with keratin, argan oil and Pro Ionizer function.

FEATURES:

Plates with keratin and argan oil coating with tourmaline base for healthy, cared and shiny hair.
Multi Style. Hair straightener with dual design for perfect a perfect straight hair, perfect waves and frizz-free, defined curls.
Pro Ionizer. Ultra-shiny and smooth hairstyles thanks to its negative ion charge that generates tourmaline.
3D floating plates for an even hair pressing and for a constant touch between plates and hair.
Plates designed to maximise glide on hair, reducing hair pulling and breakage during use.
Adjustable temperature between 160 °C and 220 °C, deals with all needs.
4All. Includes preset temperatures, ideal for fine, normal, abundant and curly hair.
Temperature-adjustment keys for an easier use of settings.

COMPOSITION:

Thermal storage case, instruction manual, product

RitualCare Steamy

Hair straightener with advanced steam technology for better hair treatment and straightening, with ceramic coating, 360° cable and plates lock.

FEATURES:

iSteam: the hair straightener is equipped with innovative advanced steam technology that provides silky smooth straightening while protecting the health of your hair.
Optimal steam outlet: the steam outlet holes are carefully arranged along the plates to ensure an even distribution of steam, reaching every hair in the strands and maximising results.
Removable, magnetised water tank: the water tank is removable and has a magnetic system, making it easy to use and refill, ensuring a hassle-free straightening experience.
More efficient straightening: thanks to the combination of heat from the steam technology and the heat of the ceramic plates, this straightener offers more efficient and faster straightening, reducing styling time.
Straighten in a single pass: with its powerful performance, this hair straightener is able to straighten even the curliest hair in a single pass, saving time and effort.
Adjustable temperature up to 230 °C: with the capacity to reach a maximum temperature of 230 °C, this hair straightener offers precise heat control to suit different hair types and styling needs, starting from 150 °C.
Lightweight design that makes it easy to handle during use, reducing hand fatigue and allowing for more comfortable and precise styling.
High-quality ceramic plates: the ceramic plates ensure a smooth and even glide over the hair, minimising damage and providing long-lasting, professional results.
LED display that clearly shows the selected temperature, allowing you to adjust it precisely to your hair's needs, giving you total control over the straightening process.
360° swivel cord that provides total freedom of movement, allowing for comfortable, tangle-free handling while styling your hair.
Plate lock that ensures safe and compact storage and facilitates transport and handling of the hair straightener.

RitualCare Twerk

Hair straightener with vibration to improve the strand distribution all over the plate and thus be more efficient in a single pass, with 360° cable, temperature up to 230 °C and ceramic coating.

FEATURES:

iMotion: this hair straightener revolutionises the market with its vibrating plates, an innovative technology that ensures even distribution of the hair all across the plate for perfect straightening in a single pass.
Automatic activation of vibration: The vibration of the plates is automatically activated when the plates come together, ensuring intuitive and efficient operation without the need for additional user adjustments.
Efficiency and time reduction in straightening: Thanks to the vibration of the plates, this hair straightener offers exceptional efficiency and significantly reduces the time needed to straighten hair.
Hair protection in a single pass: This hair straightener cares for and protects the hair by reducing the need to repeatedly pass it over each strand, thus minimising heat damage and maintaining the health of the hair.
Slim and lightweight design: With this design, the hair straightener is easy to transport and store, ideal for everyday use at home.
Adjustable temperature up to 230 °C: with the capacity to reach a maximum temperature of 230 °C, this hair straightener offers precise heat control to suit different hair types and styling needs, starting from 160 °C.
Ceramic coating: Its plates are coated with high quality ceramic, which ensures a smooth and even glide over the hair, minimising damage and providing long-lasting, professional results.
LED display: it clearly shows the selected temperature, allowing you to adjust it precisely to your hair's needs, giving you total control over the straightening process.
360° rotating cable: Equipped with a 360-degree swivel cord, this hair straightener offers total freedom of movement during use, making it easy to style at any angle and in any direction.
Plate lock: The plate locking system ensures safe and compact storage as well as easy and convenient handling of the hair straightener when not in use.

RitualCare Air Lisse 2in1 Black

Air hair straightener with 2 heads: brush and concentrator. It features 106000 rpm with a high-tech digital motor. Dry and straighten your hair with this time-saving straightener.

FEATURES:

Dries and smooths with just one appliance. The Air straightener is a revolutionary appliance that combines the benefits of a hairdryer and a hair straightener. Now you can dry and straighten your wet hair at the same time, thanks to its air power and heating plates.

Two magnetic heads included. This versatile appliance features two magnetised heads: a brush head to gently straighten your hair while drying, and a concentrator head to remove moisture from your hair.

Fast and efficient drying. Motor with 106000 rpm power with 27.78 L/s, which improves drying efficiency by accelerating moisture evaporation.

Eliminates frizz. The hair straightener is equipped with a Plasma function that emits 3 million negative and positive ions. This reduces frizz, increases shine, protects against damage, eliminates static and improves straightening efficiency, giving you healthy, radiant hair.

Plate-closing detection sensor. When you close the plates, the air power is automatically increased, providing more efficient drying and straightening. This smart sensor ensures fast and effective results.

Save time in your routine. Simplify your hair care routine with this air straightener that dries and straightens in one easy step. Forget about using multiple appliances and save time every day.

High pressure air slot. The appliance has a very narrow slot through which the air escapes at a higher pressure. This allows for faster and more precise drying, ensuring that your hair dries evenly and efficiently.

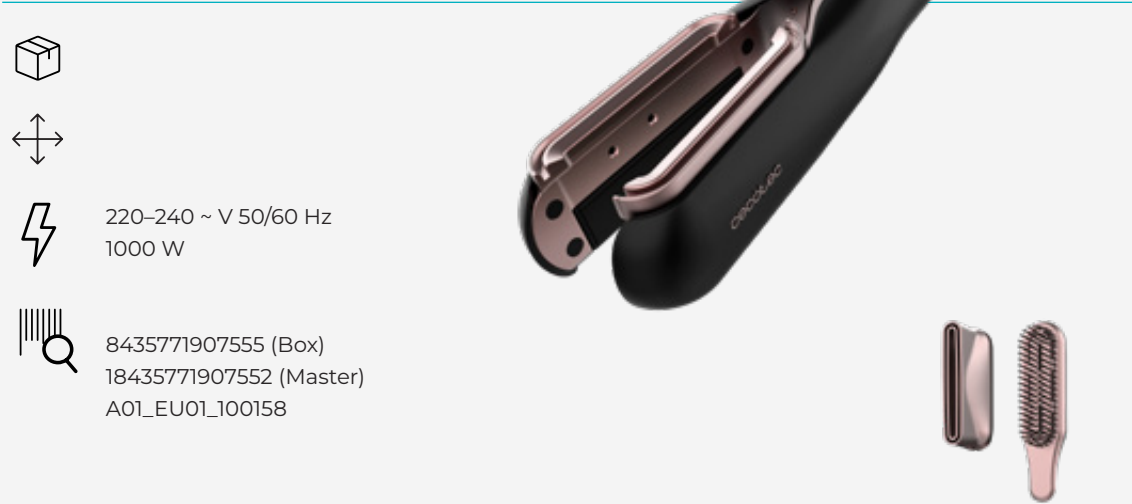

Standby sensor. For added safety and convenience, the appliance has a sensor that detects when you have left it idle on a surface and switches the device off completely. This way, you can use it conveniently without constant background noise.

Customise the straightening. Adjust the temperature of the heating plates with 3 temperatures up to 150 °C. Find the perfect temperature match for your hair type and desired style.

Seals the hairstyle. Extend the life of your hairstyle with the cold air button, which helps to seal it and provides a long-lasting, professional finish. This feature ensures that your style stays intact all day long.

RitualCare Air Lisse 2in1 Aluminum

Air hair straightener with 2 heads: brush and concentrator. It features 106000 rpm with a high-tech digital motor. Dry and straighten your hair with this time-saving straightener.

FEATURES:

Dries and smooths with just one appliance. The Air straightener is a revolutionary appliance that combines the benefits of a hairdryer and a hair straightener. Now you can dry and straighten your wet hair at the same time, thanks to its air power and heating plates. Two magnetic heads included. This versatile appliance features two magnetised heads: a brush head to gently straighten your hair while drying, and a concentrator head to remove moisture from your hair.

Fast and efficient drying. Motor with 106000 rpm power with 27.78 L/s, which improves drying efficiency by accelerating moisture evaporation.

Eliminates frizz. The hair straightener is equipped with a Plasma function that emits 3 million negative and positive ions. This reduces frizz, increases shine, protects against damage, eliminates static and improves straightening efficiency, giving you healthy, radiant hair.

Plate-closing detection sensor. When you close the plates, the air power is automatically increased, providing more efficient drying and straightening. This smart sensor ensures fast and effective results.

Save time in your routine. Simplify your hair care routine with this air straightener that dries and straightens in one easy step. Forget about using multiple appliances and save time every day.

High pressure air slot. The appliance has a very narrow slot through which the air escapes at a higher pressure. This allows for faster and more precise drying, ensuring that your hair dries evenly and efficiently.

Standby sensor. For added safety and convenience, the appliance has a sensor that detects when you have left it idle on a surface and switches the device off completely. This way, you can use it conveniently without constant background noise.

Customise the straightening. Adjust the temperature of the heating plates with 3 temperatures up to 150 °C. Find the perfect temperature match for your hair type and desired style.

Seals the hairstyle. Extend the life of your hairstyle with the cold air button, which helps to seal it and provides a long-lasting, professional finish. This feature ensures that your style stays intact all day long.

RitualCare iSphere

Ceramic and tourmaline hair straightener with infrared function.

FEATURES:

The included infrared technology uses electromagnetic waves that act on the internal structure of the hair with lower temperatures than other plates, causing hair scales to close and maintaining natural hydration for shiny and soft hair.

Plates with ceramic and tourmaline coating designed for maximum control and precise styling.

The LED display allows for quick and convenient selection of the temperature most suitable to your hair.

MultiStyle: the plates allow to both straighten and curl the hair to always achieve the desired shape.

3D floating plates that provide uniform straightening and prevent hair breakage and damage.

Freedom of movement ensured by a 1.8 metres long swivel cable for easier and more convenient use of the hair straightener.

Suitable for all hair types thanks to a wide temperature range (140-220 °C) adjustable via a rotary selector.

The hair straightener is equipped with a plate lock for easier storage and damage prevention. It also makes it easier and safer to transport.

Safety auto switch-off after 30 minutes of inactivity to prevent the hair straightener from overheating and creating hazards.

Cool tip for easier hair straightening and curling.

RitualCare 900 Wet&Dry Max

Wide-plate hair straightener coated with keratin and argan oil.

FEATURES:

Wet&Dry. Hair straightener designed for use on damp and dry hair.

Keratin protective. With keratin and argan oil coating, for shiny, smooth and strong hair.

Pro Ionizer. Ultra-shiny and smooth hairstyles thanks to its negative-ion charge that generates tourmaline.

XL plates. 55-mm wide plates for straightening thicker hair sections. Enjoy bright and flexible hair.

3D plates. Includes floating plates for even hair pressing and for optimum straightening results after every pass.

Prevent ends from splitting thanks to its minimum friction and to advanced-ceramic plates, ultra-smooth, that take care of your hair.

Steady and even temperature, 210 °C. Optimum temperature for straightening thick and abundant hairs.

RitualCare Wet&Dry

Wide-plate hair straightener coated with keratin and argan oil.

FEATURES:

Wet&Dry. For both wet and dry hair.
Hair straightener with XL plates, 50 mm wide.
Hair straightener with Keratin and Argan oil coating.
Pro Ionizer. You will achieve an ultra-shiny and smooth finish thanks to the negatively charged ions that the straightener generates, conditioning the hair and smoothing the hair cuticle for an ultra-shiny finish.
Constant and homogeneous temperature, optimal for straightening thick and abundant hair in just one pass.
3-m cable with 360° system.
Prevention of split ends due to minimal friction and ultra-smooth advanced ceramic plates.
Quick heating for use at any time.
The straightener is designed with a cool tip to make it more comfortable to work with and ensure perfect straightening with every pass, without burning yourself.
Includes a resistant hanging ring, for hanging it when not in use and for an easier storage.

A woman with long, wavy blonde hair is shown from the back, using a rose gold and black 2-in-1 hair straightener. The device is wrapped around a section of her hair. The background is a bright, out-of-focus bathroom with a window and some dried flowers. A large teal graphic element is on the left side of the image.

2-in-1 hair straighteners

Discover the range

A woman with long, straight blonde hair is shown in profile, looking to the right. She is holding a hair straightener in her right hand, which is positioned near the ends of her hair. The straightener is a sleek, rose-gold and black device. The background is a soft, out-of-focus indoor setting with light-colored walls and a hint of a window.

**Straighten and curl
your hair with just one
straightener.**

2-IN-1

**Several finishes to
your taste.**

Thanks to its versatile 2-in-1 design¹ with rounded plates and curling tongs, you can use the straightener for both straightening and curling with up to 8 temperature settings.

TITANIUM AND CERAMIC PLATES

Gentle with your hair.

Our straighteners with ceramic and titanium plates² distribute heat evenly to take care of your hair with every stroke.

KERATIN AND ARGAN COATING

Pampers every lock.

Straighten or curl your hair with extreme care thanks to the keratin and argan oil coating that will give your hair softness, hydration and shine.

IONIZER

Frizz-free hairstyles.

Through the negatively charged ions, the straighteners eliminate static electricity, conditioning the hair and eliminating frizz.

Hair straightening brushes

Discover the range

A woman with long, straight brown hair is using a black and beige hair straightener. The straightener is held in her right hand, and her left hand is supporting the hair from underneath. The background is a soft-focus indoor setting with a window.

**Straight yet
voluminous hair.**

UP TO 11 TEMPERATURE LEVELS

Power for every hair type.

Our brushes have up to 11 temperature levels to perfectly straighten your hair.

CERAMIC COATING

Protective ceramics.

The ceramic coating of the brushes distributes the heat evenly across the plaque, reducing reducing straightening time and, therefore, hair damage.

COATINGS

Coatings designed for your hair.

Coatings with avocado extract, keratin and argan oil add shine and moisturise the hair without reducing volume, promoting glide and preventing tugging and breakage.

IONREAL

Say goodbye to frizz.

Ion technology makes hair shinier and frizz-free, as well as offering greater protection and care.

InstantCare 400 Travel Brush

InstantCare Smooth Brush

Ceramic and avocado extract hair straightening brush. Real Ion, digital display, and adjustable temperature between 140 °C and 220 °C to suit all hair types. Auto switch-off system included.

FEATURES:

- Advanced ceramic coated hair straightening brush with micro-conditioners and avocado extract for maximum hair health, protecting and moisturising hair to improve its appearance.
- Adjustable temperature between 140 °C - 220 °C, with 9 pre-set settings and a digital LED display for easy control and operation of the brush.
- Real ion. The ion generator in our brush makes the hair shinier and frizz-free, offering greater protection and care.
- Its large ceramic head is perfect for styling larger sections of hair, achieving perfect straightening in less time and passes, providing shine without reducing volume.
- Thanks to the coating, it offers efficient straightening by gliding more smoothly through the hair, preventing hair breakage, protecting the hair from root to tip, with a professional finish.
- It counts with an automatic switch off function making it safer for use.
- The straightening brush has a 3 m cord and a 360° system for complete freedom of movement. It also has a resistant ring to hang it up when not in use without taking up extra space.
- The straightening brush's thermal system diffuses heat constantly and optimises hair straightening from roots to tips, keeping hair shiny and hydrated without damaging it.
- Thanks to its design and bristle lineup, we obtain a quicker straightening investing less time and effort.

A woman with long brown hair is using a dark grey automatic curling iron. The iron is wrapped around a section of her hair, and she is holding the handle with her hand. The background is a warm, out-of-focus indoor setting. A large teal graphic element is on the left side of the image.

Automatic curling irons

Discover the range

Effortlessly fluffy curls.

KERATIN PROTECTIVE

Curls made easy.

The curling wand automatic system allows you to enjoy comfortable curling with a vertical grip. All you have to do is insert the lock into the cylinder and the curling iron will do the rest.

PRO IONIZER

Say hi to ions. Say goodbye to frizz.

Get your curls looking shiny and hydrated with negative ions that help keep hair frizz-free.

CERAMIC COATING

Protective coatings.

Automatic curling irons coated with keratin and argan oil that care for the hair by reducing heat damage.

AUTONOMY

Cordless.

Its lithium battery offers an up to 50-minute operation, allowing you to curl your hair any time, anywhere.

SurfCare 850 Magic Waves Visio

Automatic curling iron with digital brushless motor, ceramic coating, temperature and time adjustment and LCD display.

FEATURES:

Its brushless motor makes it more powerful, lightweight and silent. This improves the user experience and the results.

It features an advanced ceramic barrel that reaches temperature in very little time, avoiding overheating, taking care of the hair and ensuring smooth curls.

Its verticality allows a much more comfortable use and results in symmetrical curls. Much easier and safer use, avoiding contact with the heating element.

Anti-tangle position. Using it in an upright position allows hair to be curled more naturally and reduces tangling, resulting in smoother and perfect curls.

LCD display with reverse colours and temperature and time indicators. Temperature increase and decrease is also displayed.

It also has a Memory function that saves the exact previous settings used in the previous session, for you to perform professional curls every day in the easiest and fastest way.

Includes curl guide at the top of the curling barrel to ensure the size of the hair section and the position are correct. Professional curls every day in the easiest and fastest way.

Its curling system allows creating 3 different curling styles: Towards your face, in opposite direction or alternating, resulting in more natural and amazing looks.

Temperature can be adjusted from 130 °C to 230 °C in 6 different preset settings. Create different hairstyles, no matter your type of hair.

Time can be adjusted from 3 to 12 seconds, ideal for any type of hair and style.

It includes an adjustment dial, to adjust time and temperature simple and easily, avoiding the accidental modification of the parameters during its use.

It features a sound indicator when the curl is ready, when the desired temperature is reached and when it turns on and off.

Cord with 360° system for free movements and to avoid tangling during use. Much easier to use.

This automatic curling iron designed by Cecotec is designed with a fast and efficient barrel heating system, for you to prepare your hairstyle whenever you want.

SurfCare 800 Magic Waves Pro

Automatic curling iron with keratin coating.

FEATURES:

The curling barrel is coated with keratin and argan oil, which are transferred to hair during use. This keeps hair healthy, strong and shiny.

XL heating barrel. Its extralarge curling cylinder allows curling more hair and reaching roots better, all at once.

The Pro Ionizer function makes your hair look hydrated and bright. Negative ions avoids your hair from being frizzy, make it look much healthier and prevents ends from splitting.

Vertical use Curling hair vertically allows a much more comfortable use and results in symmetrical curls.

Professional curls. Thanks to the vertical handling of the cylinder, your hair is curled professionally and evenly.

Cecotec's automatic curling iron includes a memory function that allows saving settings used in previous uses.

Its 3-direction curling system allows curling hair towards your face, in opposite direction or alternating.

Temperature can be adjusted from 150 °C to 210 °C, with 4 preset settings. Suitable for all types of hair.

SurfCare TwistConic

Conical hair curler with a 90 degree bend to ensure more comfortable use. It includes a heat resistant glove, case and 2 clips.

FEATURES:

25-13 mm conical head: The conical head, with a diameter of 25 mm at the base and 13 mm at the tip, creates natural, textured surfer waves for a casual, modern style.

90°: It includes a special head with a 90° angle, designed to offer comfort during the curling process by not requiring the arms to be raised.

Accessories included: It includes a heat resistant glove to protect your hands from heat, a case for convenient storage and transport, as well as 2 clips to secure hair while working on curls.

Ceramic coating: All heads are coated with ceramic, which evenly distributes heat and protects the hair from heat damage, ensuring smooth and shiny results.

Adjustable temperature: With an adjustable temperature range from 140 to 200 °C, you can customise heat to suit your hair type and desired style, ensuring optimal and long-lasting results.

360° swivel cable for ease of use.

SurfCare Curly Sphere

28 mm manual ceramic and tourmaline hair curler.

FEATURES:

The barrel with ceramic and tourmaline coating protects the air and ensures softness and shine.
Real ion. It features 10 ion generators, 5 on each side. The generated negative ions neutralise positive ions in the environment, thus sealing hair cuticles and helping to reduce frizz and static electricity.
Featuring an safety auto switch-off to protect both the curler and the plug.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
Wide selector-adjustable temperature range (120-210 °C).
Freedom of movement ensured by a 1.8 metres long swivel cable for easier and more convenient use of the hair straightener.
It includes a cool tip for easier hair curling.
4all: the hair curler is suitable for all hair types and provides softness and shine.
The hair curler consists of a 28 mm diameter barrel for natural curls.
The temperature increases by 10 °C intervals, providing more hair-curling options.

COMPOSITION:

Instruction manual, product

42 x 13.5 x 6 cm 0.74 kg

SurfCare Epic Curly Sphere

32 mm manual ceramic and tourmaline hair curler.

FEATURES:

The barrel with ceramic and tourmaline coating protects the air and ensures softness and shine.
Real ion. It has 10 ion generators, 5 on each side, which provides a better application and distribution of heat throughout the plate. It also conducts heat better and keeps it more evenly on its surface.
Thanks to the ion technology, the hair is much smoother and with less frizz.
It includes an automatic safety shut-off so that it switches off shortly after it is no longer in use, thus protecting the hair curler and the plug.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
4all: suitable for all hair types thanks to its wide temperature range (120 °C - 230 °C) by means of a rotary selector.
The temperature increases by 10 °C intervals, providing more hair-curling options.
It has a 360° rotating cable with a length of 3 metres, which makes it easy to use the hair straightener, so you don't have to keep an eye on the position of the cable.
Cool tip for easier hair straightening and curling
The Clip Curly Plus hair curler consists of a 32 mm diameter barrel for wider, more natural curls.

CeramicCare Unique Square

Square-shaped hot air brush

FEATURES:

1200 W for fast and effective drying, guaranteeing radiant hair ready to enjoy your day. The power your hair needs
Breaking with convention, this hot air brush features a square head, an innovative touch that redefines your styling experience.
3 in 1: Enjoy 3 functions in one appliance thanks to the shape of its square head: dries, detangles and straightens.
Dries: This hot air brush dries your hair quickly, reducing drying time and leaving your hair ready for the day.
Detangles: The bristles of the square brush gently detangle each strand, eliminating knots and tangles effortlessly. Say goodbye to tugging and hello to smooth detangling.
Straightens: Designed to provide subtle straightening, this air brush removes the natural waves from the hair, giving a smooth, natural style. It's not a hair straightener, but it gives you that touch of smoothness you need.
Designed specifically for long and medium length hair, this hot air brush addresses the unique needs of longer hair, providing effective and effortless results.
Transform your hair with the magic of ions, eliminating frizz and adding silky shine. Feel the softness and luminosity that only these ions can offer. Your hair, radiant and frizz-free, every day!

CeramicCare Unique Triangle

Triangular-shaped hot air brush

FEATURES:

Higher level drying experience with an impressive 1200 W of power. This hot air brush doesn't just dry your hair, it transforms it. With this power, you will enjoy fast and efficient drying, saving time in your daily beauty routine.

Experience the luxury of ceramics with every stroke. This hot air brush features a ceramic head that distributes heat evenly, providing a touch of thermal elegance to your styling routine.

5 in 1: Enjoy 5 functions in one appliance thanks to the shape of its pointed head: dries, detangles, straightens, volumises and shapes.

Dries in no time: this hot air brush guarantees fast and efficient drying, reducing the time you spend in front of the mirror.

Detangles gently: the bristles of the brush gently detangle each strand, eliminating knots and tangles without tugging.

No more unruly waves: say goodbye to the hassle of dealing with unwanted waves. This brush removes waviness from your hair, leaving you with a smooth, defined style effortlessly.

Volume from the root: the tapered tip head not only eliminates unruly waves, but also provides volume from the root to give your hair an instant boost and radiant volume all day long.

Shape your style, shape your life: experience the versatility of a stylist at home. This brush not only shapes your hair to perfection, but also allows you to create soft waves, voluminous straightening and stylish ends to suit your unique style.

Anti-frizz magic: Real Ion technology envelops every strand of hair, eliminating frizz and providing a silky smooth shine. Enjoy frizz-free hair that looks healthy and radiant.

CeramicCare Unique Touch

Hot air brush with display

FEATURES:

With a power of 1200 W this brush offers efficient and fast styling. Enjoy powerful, effortless styling that highlights the natural beauty of your hair.

Digital display: Unlike other brushes, this revolutionary design allows you to select temperature and speed separately. Choose the perfect combination to achieve the style you want, giving you total control over your hairstyle.

5 in 1: Enjoy 5 functions in one appliance thanks to the shape of its head: detangles, dries, volumises, waves and straightens.

Dries flawlessly: This hot air brush ensures fast and efficient drying, providing professional results with every use.

Detangles effortlessly: The expertly designed bristles of this oval hot air brush gently detangle every strand, effortlessly removing knots and leaving your hair soft and manageable.

Volume in each pass: Give your roots an instant boost. This brush not only dries, but also adds volume from the base, leaving your hair looking full and radiant.

Subtle waves: Creates soft, natural waves without the need for additional appliances. Our oval hot air brush allows for subtle waving, adding a touch of glamour to your everyday style.

Natural straightening: Define your style with a subtle straightening that doesn't compromise on naturalness. Select the ideal temperature and speed for gentle straightening, giving a smooth, polished finish.

Discover the power of ceramic for precise and controlled heat. This hot air brush with ceramic head provides even heat distribution, ensuring consistent results and shiny hair with every use. See the exact temperature on the built-in display and choose from 4 different settings (54 °C, 82 °C, 115 °C, and a cool option at 37 °C). Personalise your styling experience like never before, tailoring it to the specific needs of your hair.

Enjoy the power of ions for smooth, frizz-free hair. Ionic technology eliminates static electricity, providing a radiant, healthy glow. Your hair will look shinier than ever!

CermicCare AirGlam Original

6-in-1 hot air brush with 6 interchangeable brush heads, 2 speeds, and 3 temperatures

FEATURES:

Including 6 heads for a wider range of styling options: blow dryer, 32 mm brush, 60 mm brush, straightening brush, and 2 curling barrels (left and right).
Featuring a 110000 rpm brushless motor.
The styler features Coanda technology: the air automatically wraps the hair around the curling barrel of the styler, creating perfect curls effortlessly.
Adapt the temperature to your hair thanks to different 3 temperature settings.
Featuring 2 airflow speeds to suit every hairstyle.
The negative ions neutralise positive ions that are naturally found in hair, causing the cuticle to close, sealing moisture in the hair shaft, and reducing frizz.
Ceramic-coated heads providing even and fast heat for reduced hair damage.
Cold-air function to help fix the hairstyle
Including a 1.8 m long cable for greater hair-styling comfort.
It has a removable filter to keep the product clean at all times.

FEATURES:

Multifunction styler with 8 heads. Get a greater variety of hairstyles with its different heads: dryer, 33 mm, 40 mm and 70 mm brushes, 2 combs, 2 curling barrels (right and left). Coanda Technology: the air from the styler tends to follow the surface of the two curling barrels, wrapping the hair around the styler and creating perfect curls effortlessly. Ceramic coating: the styler has ceramic, keratin and almond oil coated heads that keep hair healthy and shiny, giving strength and elasticity to your hair. Powerful 1400 W high speed motor: enjoy the best performance from your styler thanks to its high speed digital brushless motor with 110000 rpm that makes it easy to style your hair in no time. Reduces frizz: intelligent control with negative ions seals in moisture from the root and reduces frizz in your hair. Intelligent heat control: it allows you not to overheat your hair, taking care of it at all times. 3 temperature settings: take care of your hair by choosing the temperature that suits it best. 3 airflow speeds: regulate the airflow of your styler according to your styling needs. Cold-air function to help fix the hairstyle. 360° cable: enjoy your styler comfortably thanks to its 1.8 m 360° cable and its easy hang-up ring. Ergonomic design: with multiple premium finishes, the styler will astonish you with both its results and its design. Filter cleaning: by pressing the middle button for a few seconds, the cleaning option is activated, whereby the air is blown out and all the dirt retained in the filter is expelled.

A woman with long, wavy brown hair is smiling and looking towards the camera. She is holding a black Babyliss Sphere Range hair straightener in her right hand, which is positioned near her hair. The straightener has the brand name 'BABYLISS' and the model name 'SPHERE' printed on it. She is wearing a white button-down shirt. The background is a soft-focus indoor setting with a green wall and a framed picture. A large, dark teal curved shape is overlaid on the left side of the image.

SurfCare Curly Sphere

28 mm manual ceramic and tourmaline hair curler.

FEATURES:

The barrel with ceramic and tourmaline coating protects the air and ensures softness and shine.
Real ion. It features 10 ion generators, 5 on each side. The generated negative ions neutralise positive ions in the environment, thus sealing hair cuticles and helping to reduce frizz and static electricity.
Featuring an safety auto switch-off to protect both the curler and the plug.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
Wide selector-adjustable temperature range (120-210 °C).
Freedom of movement ensured by a 1.8 metres long swivel cable for easier and more convenient use of the hair straightener.
It includes a cool tip for easier hair curling.
4all: the hair curler is suitable for all hair types and provides softness and shine.
The hair curler consists of a 28 mm diameter barrel for natural curls.
The temperature increases by 10 °C intervals, providing more hair-curling options.

COMPOSITION:

Instruction manual, product

42 x 13.5 x 6 cm 0.74 kg
43.5 x 42.5 x 26 cm 9.54 kg

3.8 x 7 x 39 cm 0.42 kg

110-240 ~ V 50/60 Hz

SurfCare Epic Curly Sphere

32 mm manual ceramic and tourmaline hair curler.

FEATURES:

The barrel with ceramic and tourmaline coating protects the hair and ensures softness and shine.

Real ion. It has 10 ion generators, 5 on each side, which provides a better application and distribution of heat throughout the plate. It also conducts heat better and keeps it more evenly on its surface.

Thanks to the ion technology, the hair is much smoother and with less frizz.

It includes an automatic safety shut-off so that it switches off shortly after it is no longer in use, thus protecting the hair curler and the plug.

The LED display allows for quick and convenient selection of the temperature most suitable to your hair.

4all: suitable for all hair types thanks to its wide temperature range (120 °C - 230 °C) by means of a rotary selector.

The temperature increases by 10 °C intervals, providing more hair-curling options.

It has a 360° rotating cable with a length of 3 metres, which makes it easy to use the hair straightener, so you don't have to keep an eye on the position of the cable.

Cool tip for easier hair straightening and curling

The Clip Curly Plus hair curler consists of a 32 mm diameter barrel for wider, more natural curls.

RitualCare Ionic Sphere

Ceramic and tourmaline hair straightener.

FEATURES:

Plates with ceramic and tourmaline coating designed for maximum control and precise styling.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
MultiStyle: the plates allow to both straighten and curl the hair to always achieve the desired shape.
3D floating plates that provide uniform smoothing.
Real ion. Double Ion generator for smooth and silky hair.
It has a 360° rotating cable with a length of 3 metres, which makes it easy to use the hair straightener, so you don't have to keep an eye on the position of the cable.
4all: suitable for all hair types thanks to its wide temperature range (140 °C - 230 °C) by means of a rotary knob.
This HidraProtect 1300 Ion hair straightener has a plate lock, so that it can be stored anywhere and the plates are not damaged and can be carried comfortably.
Safety auto-off after 30 minutes of inactivity. Avoids accidents and overheating.
Cool tip for easier hair straightening and curling.

RitualCare iSphere

Ceramic and tourmaline hair straightener with infrared function.

FEATURES:

The included infrared technology uses electromagnetic waves that act on the internal structure of the hair with lower temperatures than other plates, causing hair scales to close and maintaining natural hydration for shiny and soft hair.
Plates with ceramic and tourmaline coating designed for maximum control and precise styling.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
MultiStyle: the plates allow to both straighten and curl the hair to always achieve the desired shape.
3D floating plates that provide uniform straightening and prevent hair breakage and damage.
Freedom of movement ensured by a 1.8 metres long swivel cable for easier and more convenient use of the hair straightener.
Suitable for all hair types thanks to a wide temperature range (140-220 °C) adjustable via a rotary selector.
The hair straightener is equipped with a plate lock for easier storage and damage prevention.
It also makes it easier and safer to transport.
Safety auto switch-off after 30 minutes of inactivity to prevent the hair straightener from overheating and creating hazards.
Cool tip for easier hair straightening and curling.

Ritualcare Sphere Max

XL, 45 mm wide ceramic-coated wide-plate hair straightener.

FEATURES:

Hair straightener with ceramic coating for ultra-smooth gliding and improved heat transmission for less damage and shinier, smoother, and stronger hair.
Hair straightener with XL 45 mm wide plates, perfect for thick hair. Get perfect results in fewer passes.
The LED display allows for quick and convenient selection of the temperature most suitable to your hair.
MultiStyle: the plates allow to both straighten and style the hair to always achieve the desired shape.
3D floating plates that provide uniform straightening and prevent hair breakage and damage.
Freedom of movement ensured by a 1.8 metres long swivel cable for easier and more convenient use of the hair straightener.
4all: suitable for all hair types thanks to a wide temperature range (140-220 °C) adjustable via a rotary selector.
The hair straightener is equipped with a plate lock for easier storage and damage prevention. It also makes it easier and safer to transport.
Safety auto switch-off after 30 minutes of inactivity to prevent the hair straightener from overheating and creating hazards.

SurfCare MultiWaves

Multi-head hair curler with 5 heads for different curls, with a 90 degree bend to ensure more comfortable use. It includes a heat resistant glove, case and 2 clips.

FEATURES:

Variety of heads: Comes with 5 different sized and shaped heads, allowing you to experiment with a wide range of curling styles, from soft waves to defined curls.
90°: It includes a special head with a 90° angle, designed to offer comfort during the curling process by not requiring the arms to be raised.
Accessories included: It includes a heat resistant glove to protect your hands from heat, a case for convenient storage and transport, as well as 2 clips to secure hair while working on curls.
25-13 mm conical head: The conical head, with a diameter of 25 mm at the base and 13 mm at the tip, creates natural, textured surfer waves for a casual, modern style.
25 mm head: The 25 mm diameter head produces more open and softer waves, perfect for a romantic and smart look.
19 mm head: If you prefer more classic, defined waves, the 19 mm head is ideal for creating compact, long-lasting curls.
Fine head for pronounced waves: With a diameter of 8 mm, the fine head produces fine, sharp waves, perfect for retro or vintage styling.
Spherical head: The spherical head allows you to create natural curls, adding texture and volume to your hair in a fun way.
Ceramic coating: All heads are coated with ceramic, which evenly distributes heat and protects the hair from heat damage, ensuring smooth and shiny results.
Adjustable temperature: With an adjustable temperature range from 140 to 200 °C, you can customise heat to suit your hair type and desired style, ensuring optimal and long-lasting results.

COMPOSITION:

Appliance, 6 heads: 90°, 25 mm head, 19 mm head, 25-13 mm head, spherical head, 8 mm head, instruction manual
