# Shavers

*Discover the range*

## Impeccable shaves

Total, tailored shave

### ROTARY HEAD SHAVERS

## Perfect shave

Includes a rotary shaving head with three floating shaving heads that adapt to all facial contours for an effective shave in fewer strokes.

### AUTONOMY

## Up to 90 min shaving time

Use your shaver corded or, else, cordless, as it is equipped with a long battery life for shaving on the go.

### SELF-SHARPENING BLADES

## Maximum precision in every pass

Designed with precision self-sharpening stainless steel blades for a closer, smoother shave anywhere, anytime.

### HEAD SHAVERS

## Quick and thorough shave

Enjoy a faster, more precise and efficient shave thanks to the XL shaving head with 7 floating blades.

# PrecisionCare Skull Shaver

Head shaver with 7 floating blades, display and charging base.

## FEATURES:

Extra-large head: 7 floating blades for a faster shave.

60 minutes of autonomy: its battery provides a great autonomy of use after 2 hours of charging.

Display: displays the remaining battery percentage to keep track of shaving time at all times.

Charging base: allows you to charge the shaver quickly and conveniently.

Portable design: offers full freedom of movement for a precise shave.

Easy cleaning: the opening of all its blades makes it easy to clean the product completely after shaving.

## COMPOSITION:

Instruction manual, product

15 x 8.5 x 17 cm 0.36 kg  
46.5 x 46 x 37 cm 11.4 kg

# PrecisionCare Titanium PerfectCut

Rotary shaver with titanium coating and 3D motion.

## FEATURES:

The precision stainless steel blades are designed for a closer, more even shave throughout the shaving process, comfortably and without pulling.  
Blade protector with titanium coating for greater resistance and durability, designed with double layer to trap more hair in one single pass, achieve better and quicker shaving results and reduce skin irritation.  
3D shaving head with maximum adjustment to face contours. The shaving heads bend and move in all directions in order to adapt perfectly to face contours and to shave with maximum smoothness, without the need to press it against the skin.  
With lithium-ion battery for up to 40 minutes of uninterrupted cordless shaving on a 120 minute charge.  
Ideal for use anywhere around the world. It is designed with universal voltage, so you can use it anywhere in the world without worrying about the voltage in your destination country.  
Includes built-in pop-up trimmer for mustache and sideburns, perfect for contouring and trimming your looks comfortably to perfection.  
The shaving head can be easily cleaned as it pops out at a single touch allowing for an easy and correct operation. Easy clean-up of the device thanks to the shaving head button, which opens it easily and allows for a fast and comfortable cleaning.  
Ergonomic handle for easy handling, designed to maintain a better, more secure grip throughout the shave.  
Includes charge indicator LEDs to let you know when the shaver is fully charged and a low battery indicator.  
Includes protective cover to keep the shaving head clean and protected when not in use and when traveling.

# Hair clippers

*Discover the range*

## Which haircut are you feeling today?

Cut your hair to your liking with our handy hair clippers.

### AUTONOMY

## Corded and battery-operated

Choose where and how to cut your hair. Avoid interruptions thanks to the corded operation at home or cut your hair on the go thanks to the long-lasting battery.

### TILTED HEAD

## Maximum comfort

Experience a more ergonomic cutting experience thanks to the tilted cutting head that eliminates excess strain on the wrist during use.

### STAINLESS-STEEL BLADES

## Resistant sharpening

High-quality titanium-coated stainless steel blades to keep them looking as good as new for longer.

### COMBS

## Adapts to any style

Includes up to 12 combs in different lengths and 2 special combs for the ear area. Get the most stylish and perfect cuts with ease.

# PrecisionCare Power Blade Titanium

Corded hair clipper with titanium-coated waterproof blades and 9 guide combs.

### FEATURES:

Stainless-steel blades coated with high-quality titanium for maximum resistance, durability and long-lasting sharpness.

7 guide combs included: 3, 6, 9, 12, 16, 19, 25 mm and 2 specific guide combs for ear hair. Ideal haircuts and hairstyles made easy and comfortable.

It has an adjustable lever that allows adjusting the cut length precisely.

Its corded and motored usage allows a more constant and lasting trimming power for more defined haircuts, without worrying about a drop of performance.

The device's body is resistant and balanced for a more comfortable and easy use.

The head is inclined, allowing a much more comfortable positioning of the device and avoiding excessive wrist tension during use.

Features a powerful motor with copper coil for greater power and efficiency.

Accessories included: guide combs, brush, oil and blade protection.

# PrecisionCare Titan

Hair clipper with battery and titanium-coated blades.

## FEATURES:

The fixed blade is made of stainless steel and is coated with high-quality titanium, which provides it with hardness, long-lasting sharpness and greater resistance to wear. The detachable one is made of high-quality ceramic.  
It offers a 120-minute run time thanks to its lithium battery, for a safe and optimum operation from beginning to end.  
Battery life may vary depending on the type of use and hair.  
It offers different length settings, from 1 mm to 30 mm, for you to enjoy perfect haircuts and beard results.  
NonStop function. It can be used cordless or corded, for you to enjoy continuous power and no power cuts.  
Its 3 hair and beard guide comb attachments, and its beard comb attachments 3-15 mm and 18-30 mm allow you to enjoy professional haircuts at home.  
Includes digital display with charge indicator. It shows the percentage of battery remaining during operating, the percentage of battery as it is being charged and if the lock function is activated.  
Reparation warning function. The hair clipper reminds you when maintenance is required. This way, the hair clipper can remain in perfect conditions for longer.  
Lock function. The lock system is easily activated and deactivated by just pressing the power button for 3 seconds, and ensures safe operating.  
Its washable and detachable blades will allow an easy maintenance.  
Its lithium battery makes possible a 90-minute full charge and ensures an optimum operating from beginning to end.  
Hair clipper designed with charging base. Takes up less space and allows you to have it ready at any moment.  
It includes a travel bag, cleaning brush and clipper oil for perfect maintenance.

# PrecisionCare Samurai

Hair and beard trimmer with sharp blade, quiet motor, and LCD display.

## FEATURES:

Precision Cut: sharp blade that offers high-performance precision suitable for any hairstyle without skin irritation.

Including 4 guide combs (1 mm, 2 mm, 3 mm, and 4 mm) to achieve a wide variety of cuts in the most comfortable and precise way.

It includes an LCD display that shows the remaining battery life.

The hair and beard trimmer is designed with a brushless motor for high power and quiet operation.

Ergonomic design for ease of grip, use, and transport.

Enough power to effortlessly cut or trim any hair and beard.

Accessory kit: cleaning brush, lubricating oil for the blade, and plastic guard to prevent cut hair from falling into the system.

Enjoy total freedom of movement thanks to an autonomy of up to 120 minutes after a 3-hour charge.

## COMPOSITION:

4 guide combs: Lubricating oil, USB cable, cleaning brush, instruction manual, product, blade cover

# PrecisionCare Samurai Profiling

Ceramic coated cordless hair and beard trimmer with length change lever (0.5 - 3.5 mm) and 4 guide combs 3/6/9/12 mm.

## FEATURES:

The ceramic blades provide great strength and resistance, and a high performance sharpness that allows you to cut hair with precision.  
2000-mAh lithium battery, 2-hour autonomy approx. Allows cordless use everywhere, and corded use to ensure a limitless battery.  
Powerful 6500 rpm high-performance cutting motor, durable, tough and efficient.  
Cut with different lengths thanks to its lever, from 0.5 to 3.5 mm, achieving perfect finishes and adapted to every need.  
Adapts to any cut and hairstyle with 4 guide combs (3/6/9/12 mm).  
It includes a display that allows you to visualise and control the power and remaining battery, as well as informing you when it is necessary to top up the oil.  
Hair trimmer with an original and ergonomic design, perfect for intensive use without cuts or loss of power.  
Cuts or trims any hair and beard effortlessly and with precision.

# PrecisionCare Samurai Barber

6 in 1 battery powered beard trimmer, Zinc coated blades, with 6 heads for nose, body, beard and hair. With 4 guide combs and 7000 rpm.

## FEATURES:

6 in 1. 6 heads available for use on nose, body, beard and hair.  
Zinc coated blades. This coating makes the steel more resistant to rust. Galvanised steel is better protected from water and humidity thanks to the zinc, as creating a layer of zinc on the steel prevents oxygen from reaching the iron, since this material does rust easily.  
NonStop function. Cordless or corded use with up to 3 h autonomy  
Increased product power and durability with 7000 rpm.  
Includes 8 guide combs, 4 for 1.5/3/6/9 mm hair and 4 for 1.5/3/6/9 mm beard, adapting to any cut.  
Original and ergonomic design, perfect for intensive use with no power loss.
