Ice cream makers

Discover the range

CAPACITY OF UP TO 1.5 L

Ice cream for everyone

Our ice cream makers have a large capacity of 1.5 L¹, ideal for preparing your favourite ice creams for up to 8 people.

TIMER²

Sorbet or ice cream, the choice is yours

Programme your ice cream maker from 20 to 30 minutes and get refreshing sorbets and the softest ice creams. And, if you are more of an authentic Italian ice cream lover, set the timer for 40 to 60 minutes and enjoy the best ice cream tubs and cones. It's up to you!

150 W OF POWER

Satisfy your ice cream cravings

Get the most out of it thanks to its 150 W³ power motor and enjoy delicious ice cream whenever you want.

COMPRESSOR SYSTEM

No pre-freezing

Thanks to its incredible compressor system, you will be able to prepare the best sorbets and ice creams without the need to pre-freeze your food. Pour them at room temperature and enjoy the most refreshing moments.

TOUCH CONTROL

One touch and done

Master the entire preparation process through its LED display with touch control¹, choose between its Ice Cream, Smoothie, Chill and Stir modes and fill your home with the most refreshing happiness at the touch of a button.

VIEWING WINDOW

Supervise each production process

Enjoy the process of preparing your ice cream without having to open the refrigerator thanks to its upper window.

Accessories

Every single accessory is dishwasher safe² for convenient, mess-free cleaning.

Discover the range

APP

Prepare ice cubes from your smartphone

Open the app on your smartphone and prepare large quantities of ice with a single touch, so that you never miss your daily dose of freshness.

15 KG PER DAY

Fight the heat

You will never be short of ice at home thanks to its daily production capacity of up to 15 kg¹. Whether it's a party with friends or a family reunion, you'll always match the occasion.

CYCLE TIME

Get large ice cubes in less than 7 minutes

Don't wait to chill your drinks. In only 7 minutes you will enjoy large and uniform ice cubes, ideal to combat the heat.

POWER UP TO 2100 W

High performance

Get the most out of your ice machine with its 150 W² of power, which ensures high performance in every ice production.

FULL TANK WARNING

Always on the alert

Your ice machine will warn you when the tank is full or running low on water.

SELF-CLEANING FUNCTION

Don't worry about anything

Choose the self-cleaning function and don't worry about a thing: your ice machine will clean itself conveniently and quickly, while you enjoy your time.

TRANSPORT HANDLE

Convenient transportation

Thanks to the carrying handle¹ you can easily carry the ice maker wherever you go.

Chillin' Ice 1200 ice maker

105 W ice maker with daily production capacity of 12 kg.

FEATURES:
