SEWING RANGE

Sewing machines and overlockers

For beginners, intermediate users and experts according to stitch levels.

BELLECOUTURE 1500

For beginners

This sewing machine is perfect for beginners who want to learn and improve their sewing skills quickly and easily. In addition, its compact size and easy operation make it the ideal choice for those who are new to sewing.

BELLECOUTURE 6600

For intermediate users

Ideal for intermediate-level users, this sewing machine provides more stitches, advanced features and additional functions that allow you to explore and perfect sewing skills beyond the basics.

BELLECOUTURE 21500

For experts

Discover our most professional sewing machine with multiple functions, double presser foot lift, bobbin window and an infinite number of stitch types ideal for professional sewing, embroidery and special fabrics.

BELLECOUTURE OVERLOCK

Overlocker

Reinforce and embellish every garment with professional finishes thanks to this overlocker. Take tailoring to the next level!

Your seams deserve more stitches

15 STITCHES

The BelleCouture 1500 sewing machine offers a wide range of possibilities to meet all your sewing needs at a basic level.

66 STITCHES

With more stitches, the BelleCouture 6600 sewing machine provides more versatility and therefore more possibilities to create your own personalised garments.

215 STITCHES

With an impressive total number of 215 stitches, including sewing stitches, numbers, letters and symbols, the BelleCouture 21500 sewing machine offers unrivalled versatility for advanced and creative sewing projects.

DIGITAL MOTOR

Maximum performance

Electric sewing machines with digital motor¹ that offers a powerful and quiet performance, ensuring accurate sewing at all times.

LCD DISPLAY

Full control at a glance

The LCD display clearly shows stitch selection, making it easy to navigate and adjust settings for precise, customised results¹.

¹Only available on BelleCouture 21500 model.

AUTOMATIC THREADING

Forget about needle threading

With the automatic threading function¹, you can prepare the machine for sewing in seconds, getting rid of the hassle of manually threading the needle.

DOUBLE PRESSER FOOT LIFT

For all types of fabrics

Allows thicker fabrics¹ or multiple layers to be sewn with ease, providing the versatility needed for a wide range of sewing projects.

VIEWING WINDOW

Seams without interruption

These sewing machines feature a convenient viewing window¹ that allows you to see the status of your bobbin at all times to avoid running out of thread mid-seam.

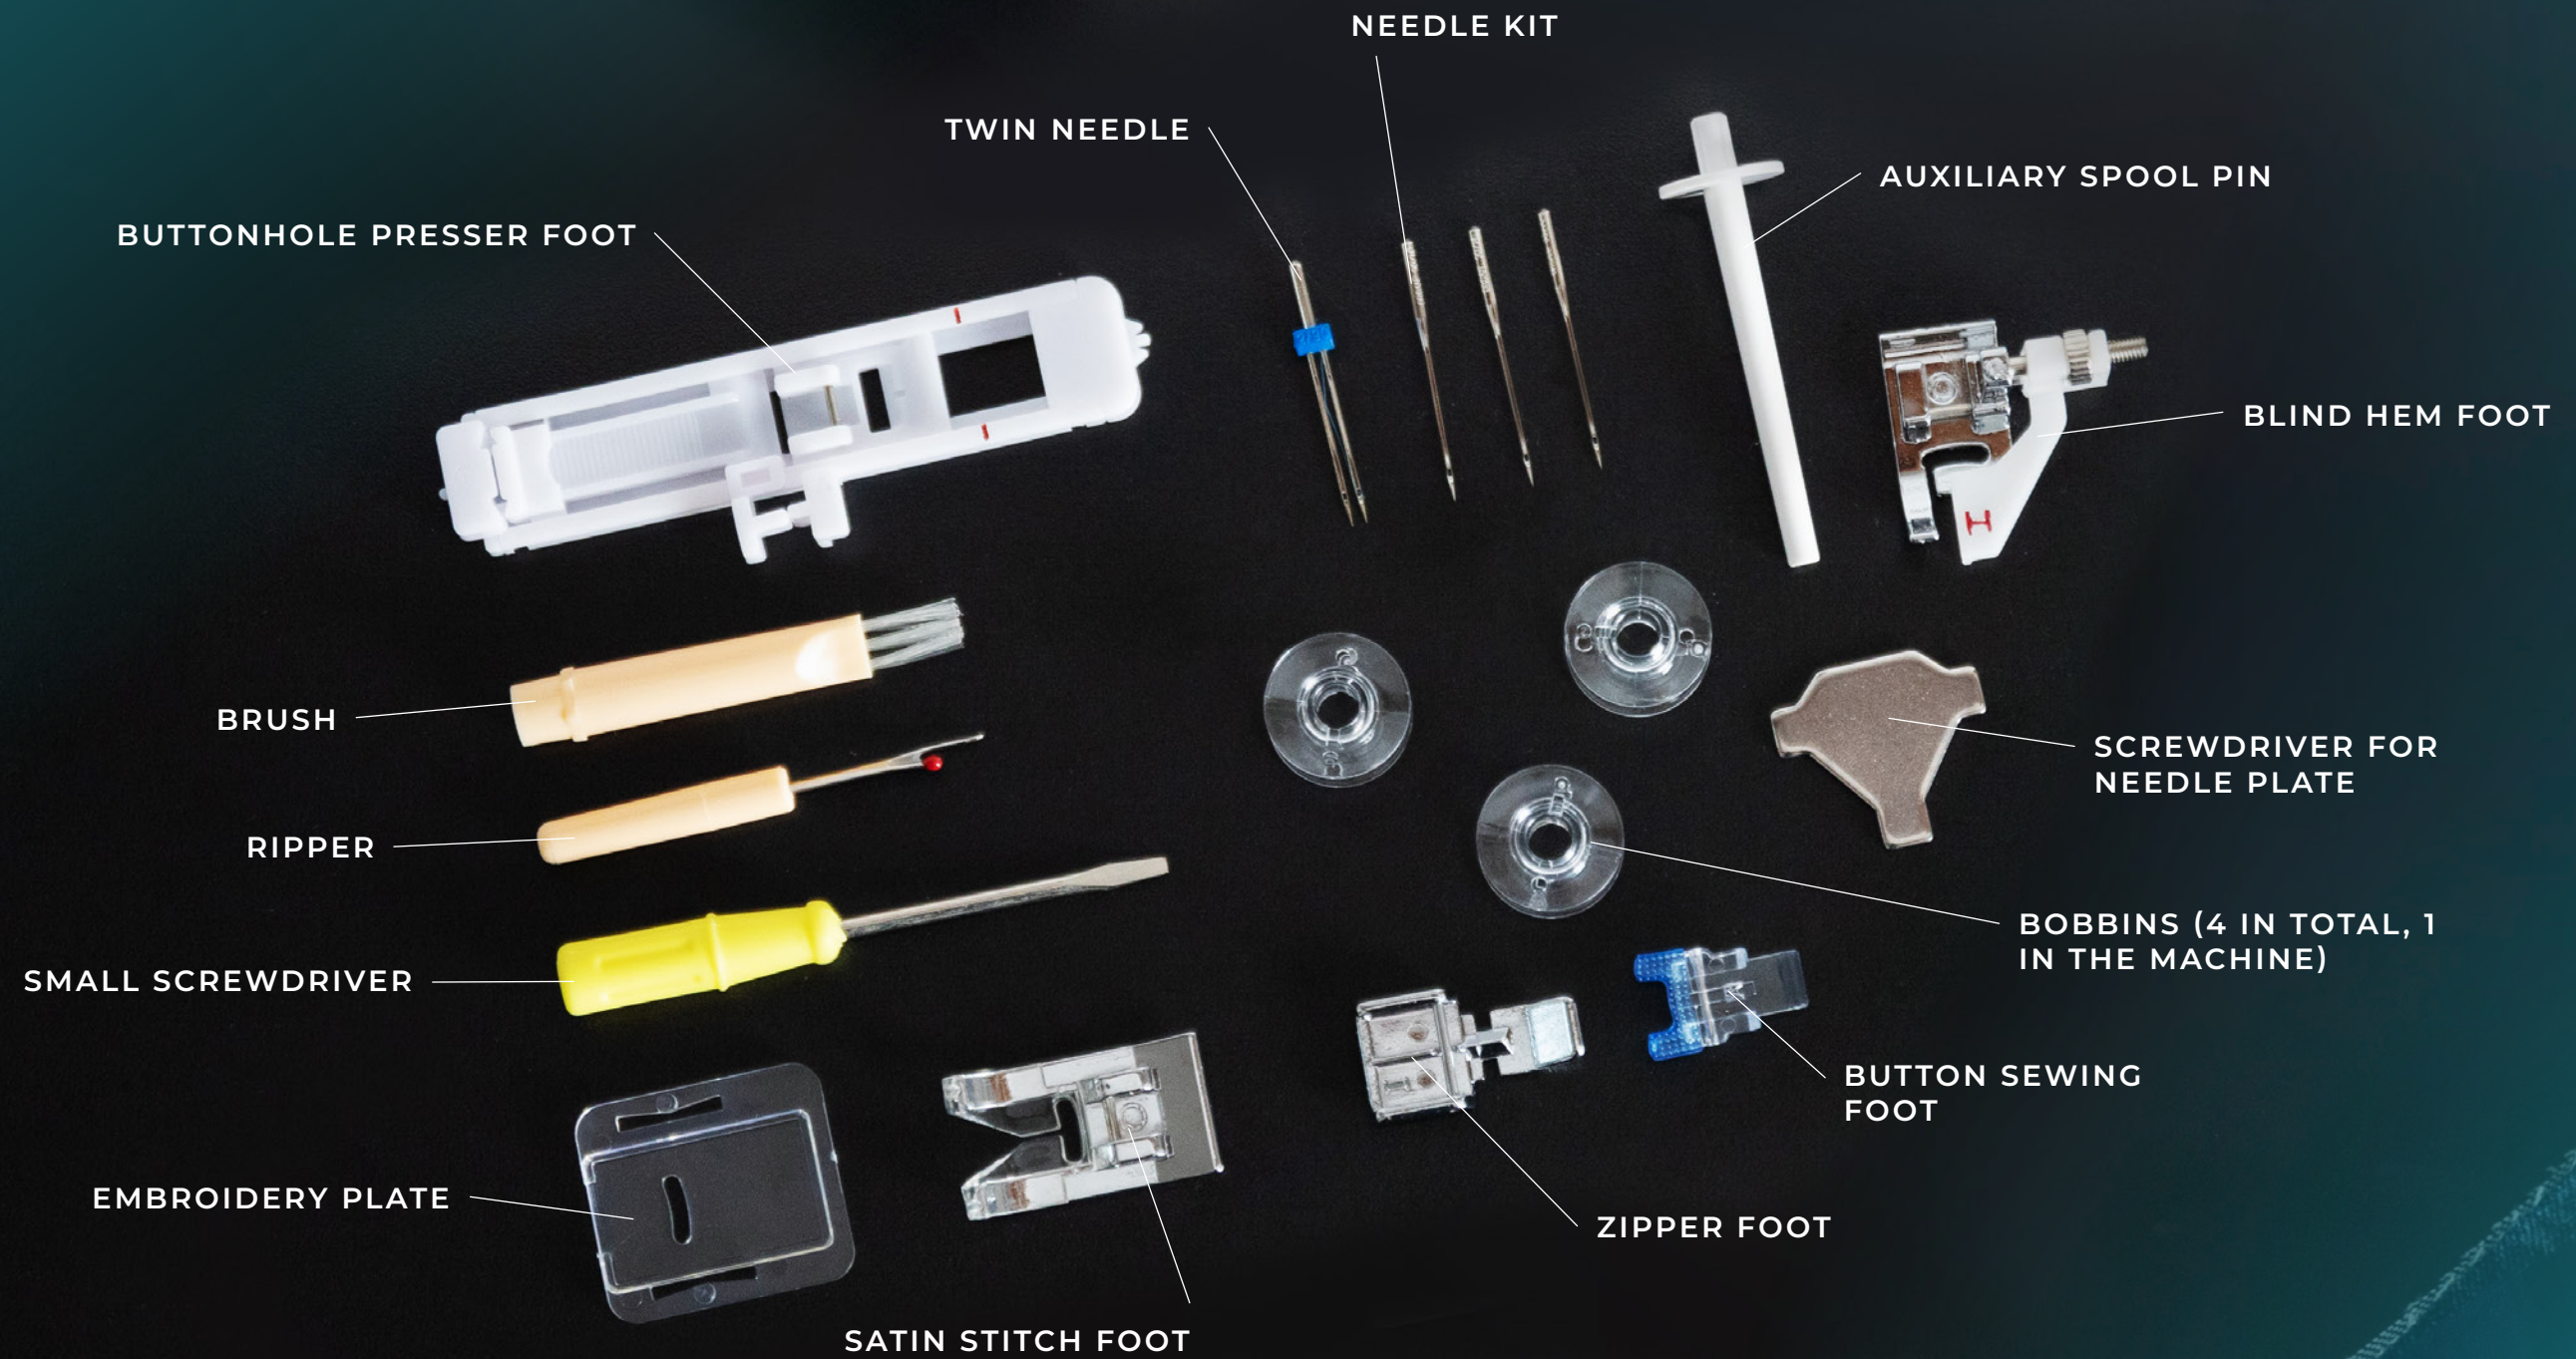

¹Only available on BelleCouture 21500 model.

ACCESSORY KIT

Fully equipped

It includes a wide range of professional accessories¹ that will ensure that nothing is missing during your sewing.

¹Only available on BelleCouture 21500 model.

LED LIGHT

Light up your work area

Sew in detail even in low light conditions thanks to its focus light, which illuminates the work area so that you can always work with maximum precision.

BUTTONHOLES

Ideal for buttons

Creates 4 or 1-step buttonholes¹ for convenience and speed.

¹Only available on BelleCouture 21500 model.

TWIN NEEDLE FUNCTION

Safer stitching

Unleash your creativity for decorative seams, turn-ups of stretch fabrics or to strengthen your seams thanks to its twin needle function².

FREE-ARM MODEL

Sews tubular garments

The free-arm design makes it easy to sew sleeves, cuffs and turn-ups.

TRANSPORT HANDLE

Take it anywhere you want

This overlocker will be with you wherever you go thanks to its convenient carrying handle³.

Twin needle function

Decorative seams

²Only available on BelleCouture 6600 model.
³Only available on BelleCouture OverLock model.

BelleCouture 1500

Sewing machine, 15 stitches, for beginners. Includes accessory kit

FEATURES:

15 built-in stitches: this sewing machine offers versatility to meet all your needs, from basic to more elaborate projects.

Easy to use for beginners: with its intuitive design and simple functions, this sewing machine is perfect for beginners who want to learn and improve their sewing skills quickly and easily. Its compact size and easy operation make it the ideal choice for those who are new to sewing and are looking for a hassle-free experience.

4-step manual buttonhole that makes it possible to create precise and uniform buttonholes in a simple and controlled manner, guaranteeing professional results with every seam.

Adjustable buttonhole setter: adjust the size and length of the buttonholes according to your preferences and specific sewing requirements.

Adjustable thread tension: control and adapt the thread tension according to the type of fabric and the sewing style you are using for each project.

6 feed dogs: this appliance ensures a smooth and even pulling of the fabric, avoiding unwanted creases and folds during sewing.

Includes a variety of useful accessories such as zig zag presser foot, buttonholes, zips, empty bobbins, needle set and screwdriver, as well as a foot pedal for convenient and practical control.

It features a built-in LED focus light that accurately illuminates the work area, focusing on every detail and ensuring optimal visibility for precise and effortless sewing.

Free arm and storage space: its free-arm design allows you to easily sew sleeves, cuffs and trouser hems, while the built-in storage space allows you to keep bobbins, needles and other accessories organised and accessible.

Portable and compact: designed to be easily transportable, this sewing machine is lightweight and compact, with a built-in handle that makes it easy to carry and store anywhere.

Stitch versatility: offers a wide range of sewing options, including straight stitch in 6 variations, stretch stitch and zig zag stitch, as well as a reverse stitch function to reinforce stitches and ensure the durability of your sewing projects.

BelleCouture 6600

Sewing machine, 66 stitches, for intermediate-level users. Includes accessory kit

FEATURES:

66 built-in stitches: this sewing machine offers a wide range of options to meet the needs of diversified and creative sewing projects.

Designed for intermediate-level users: the sewing machine provides advanced features and additional functions that allow you to explore and perfect sewing skills beyond the basics.

4-step buttonhole that ensures the creation of accurate and consistent buttonholes in a variety of fabrics, adding a professional touch to your sewing projects.

Equipped with a wide range of accessories such as zig zag presser foot, buttonholes, zips, empty bobbins, needle set, screwdriver, foot pedal and 2 spool holders, providing everything you need to start sewing immediately.

Quick presser foot change function: it enables a smooth and fast transition between different types of presser foot, making it easy to adapt to different sewing techniques and projects.

It features a built-in LED focus light that accurately illuminates the work area, focusing on every detail and ensuring optimal visibility for precise and effortless sewing.

Free arm and storage space: its free-arm design offers additional convenience when sewing trouser hems and other hard-to-reach seams, while the built-in storage space allows for organised storage of accessories and supplies.

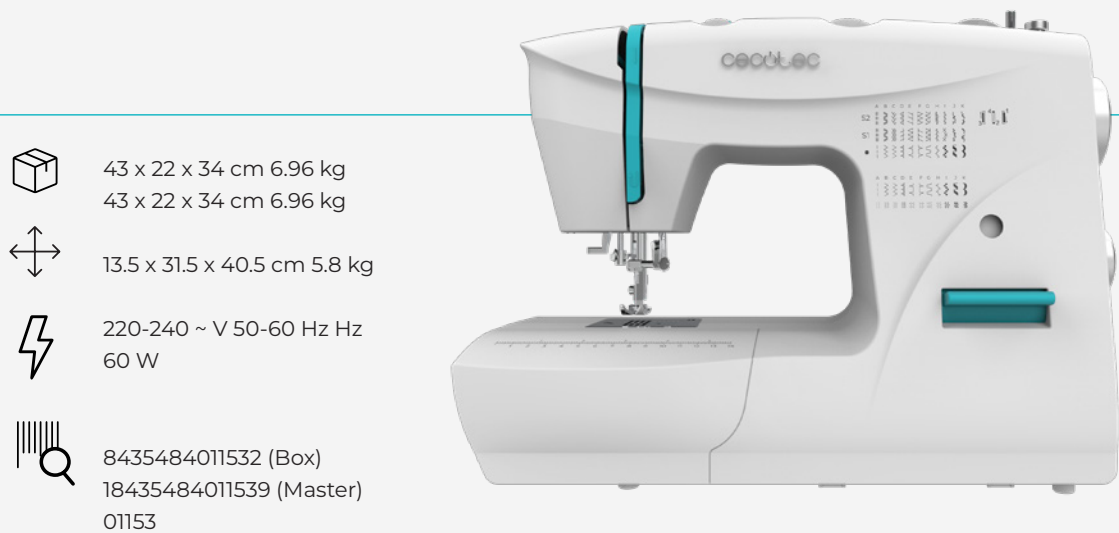

Increased functionality: in addition to standard stitches, this machine also offers decorative, stretch and embroidery stitches, providing even more creative possibilities for your sewing projects.

Strong and long-lasting: designed with high quality materials and a strong structure, this sewing machine is built to last and withstand frequent and prolonged use.

Instruction manual: the appliance comes with a detailed, easy-to-follow instruction manual, which provides step-by-step guidance on how to make the most of all the machine's advanced functions and features.

Overlocker

Find out more!

BelleCouture OverLock

Overlock machine with 1100 rpm speed, adjustable presser foot pressure and accessory kit

FEATURES:

Precise results on every fabric: with a speed of up to 1100 revolutions per minute, this overlock machine allows you to work with ease on all types of fabrics, from the lightest to the thickest, with precise and efficient results.

Sew to size: the presser foot pressure is fully adjustable, allowing you to adapt it according to the type of fabric and the specific needs of each sewing project.

Equipped with differential feed, this overlock machine guarantees a perfect seam by eliminating unwanted puckering or stretching, even on stretchy or unwieldy fabrics.

The thread tension release function ensures precise thread placement on the tension discs, facilitating adjustment and avoiding threading problems.

Maximum finishing flexibility: offers up to 4-thread overlock stitch functions, giving you the flexibility to perform a variety of professional finishes on your garments and sewing projects.

Saves time during sewing: the quick and easy threading system, together with the colour coding for threading, facilitates machine set-up and saves time during the sewing process.

Clean and precise cuts: equipped with a heavy-duty cutting system, this overlock machine guarantees a clean and precise cut on the edges of the fabric, providing a professional finish on every seam.

Achieve clean and professional finishes: its features facilitate the creation of easy-to-roll hems, ideal for garments with clean and professional finishes.

Decorative and personalised seams: offers the flatlock function with 2 or 3 threads, allowing you to create decorative and functional seams with a variety of thread combinations for customised results.

Decorate garments to your liking: in addition to the basic stitches, this overlock machine offers a wide variety of decorative stitch functions with different thread combinations to add unique details and finishes to your projects.

Sew quickly and conveniently: its free-arm design allows you to sew tubular items with ease, while the built-in storage space ensures quick and organised access to necessary components.

Safe and efficient use: it incorporates a safety microswitch that switches the light off when not in use, ensuring safe and efficient use of the machine at all times.
