A world full of tea at your fingertips

ADJUSTABLE TEMPERATURE

Prepare all kinds of teas

Choose the temperature¹ and discover all its possibilities: prepare white, herbal, green, red, oolong and black teas and enjoy your favourite flavour. You will also be able to heat water to enjoy the best mate and boil milk.

DIGITAL DISPLAY

Intuitive touch control

Control the boiling temperature with a simple touch thanks to its digital display² with a modern and stylish design.

1.7 L CAPACITY

Teas for all in a single batch

Its large tank capacity of up to 1.7 l³ allows you to prepare delicious and comforting teas for the whole family in one batch, saving you time.

3000 W

Ready in seconds

Its 3000 W of power⁴ and its heating system through heating elements will allow you to prepare teas and infusions in a matter of seconds.

PURE FUNCTION

Take care of your health

Purifying water has never been so easy. Keep you and your loved ones health with the Pure function¹, which brings water to the boiling point for 3 minutes to remove all bacteria.

BASE WITH 360° ROTATION

For left-handed and right-handed people

Left-handed or right-handed, it doesn't matter. Its 360° swivel base makes it easy and comfortable to use in any situation, and its cordless container² will give you the freedom of movement you need.

DOUBLE HOUSING

Safe handling

Avoid getting burnt during use thanks to its dual housing design³ and don't worry about accidents when not in use thanks to its auto shutdown system.

ANTI-LIMESCALE FILTER AND NON-DRIP SPOUT

Clean and durable use

Enjoy efficient cleaning and extend the life of your kettle with its removable anti-scale filter⁴. In addition, the non-drip spout ensures clean, spill-free use.

Designed for you

These kettles are available in a wide variety of materials, designs and colours. From the elegance and style of those with stainless steel finishes to the range with retro aesthetics, there's one for you.

ThermoSense 120 Electric kettle

1-litre kettle, BPA-free and 1100 W.

FEATURES:

1-litre capacity kettle with exclusive design.
Made of high-quality plastic, totally free from BPA and other toxics.
1100 W and rapid-boiling area. Heats water in very little time. Capable of boiling water in very little time.
Includes detachable and washable anti-scale filter to avoid bad flavours.
360-degree spin base, allows being used by right and left-handed people.
