CORD WINDER

POWER UP TO 2500 W

## Gentle and quiet heat

Cecotec oil-filled radiators reach a power of up to 2500 W with up to 11 fins to achieve a warmer and cosy atmosphere in the room where you want to place them.

COVERAGE AREA OF UP TO 28 M<sup>2</sup>

## Homogeneous warmth in your room

They are ideal for acclimatising your rooms, thanks to their coverage area of up to 28 m<sup>2</sup>.

WHEELS

## Easy transport

Take the oil-filled radiator anywhere in your home in the most comfortable way thanks to its transport wheels.

3 MODES

## Customise the temperature

Choose from up to 3 modes and always keep your room at the desired room temperature.

# Ready Warm 5000 Space Oil-filled heater

5-fin oil-filled heater, 1000 W, 3 power levels, 12-m<sup>2</sup> coverage area, cord winder, easy control, handle, caster and double safety system.

## FEATURES:

Oil-filled heater with 5 fins (150 x 580 mm), ideal for heating bedrooms and small living rooms. Very powerful, 1000 W for a fast and efficient heating. Its WarmSpace technology is capable of heating 12 m<sup>2</sup> efficiently. Adjustable thermostat with 3 power levels to optimise energy consumption: minimum power 400 W (Eco), medium power 600 W and maximum power 1000 W. It includes cord winder, extremely useful when storing the device. It is very user-friendly as it only has a thermostat knob and 2 operating mode buttons. EasyGo system for easy transportation. Includes ergonomic handle and multi-directional wheels that allow you to move it easily. Double safety system with Overprotect System protection against overheating and AutoOff System that stops the heater from operating when it is excessively hot.

# ReadyWarm 7000 Space oil-filled heater

7-fin oil-filled heater, 1500 W, 3 power levels, 15-m<sup>2</sup> coverage area, cord winder, easy control, handle, caster and double safety system.

### FEATURES:

Oil-filled heater with 7 150 x 580 mm fins, ideal for heating bedrooms and small living rooms. Very powerful, 1500 W for a fast and efficient heating. Its WarmSpace technology is capable of heating 15 m<sup>2</sup> efficiently. Adjustable thermostat with 3 power levels to optimise energy consumption: Minimum power 600 W (Eco), medium power 900 W and maximum power 1500 W. It includes cord winder, extremely useful when storing the device. It is very user-friendly as it only has a thermostat knob and 2 operating mode buttons. EasyGo system for easy transportation. Includes ergonomic handle and multi-directional wheels that allow you to move it easily. Double safety system with Overprotect System protection against overheating and AutoOff System that stops the heater from operating when it is excessively hot.

# ReadyWarm 9000 Space oil-filled heater

9-fin oil-filled heater, 2000 W, 3 power levels, 20-m<sup>2</sup> coverage area, cord winder, easy control, handle, caster and double safety system.

## FEATURES:

Oil-filled heater with 9 150 x 580 mm fins, ideal for heating bedrooms and medium size living rooms.  
Very powerful, 2000 W for a fast and efficient heating.  
Its WarmSpace technology is capable of heating 20 m<sup>2</sup> efficiently.  
Adjustable thermostat with 3 power levels to optimise energy consumption: Minimum power 800 W (Eco), medium power 1200 W and maximum power 2000 W.  
It includes cord winder, extremely useful when storing the device.  
It is very user-friendly as it only has a thermostat knob and 2 operating mode buttons.  
EasyGo system for easy transportation. Includes ergonomic handle and multi-directional wheels that allow you to move it easily.  
Double safety system with Overprotect System protection against overheating and AutoOff System that stops the heater from operating when it is excessively hot.

# ReadyWarm 7000 Space 360 oil-filled heater

7-fin oil-filled heater, 1500 W, 360° technology, 3 power levels, 18-m² coverage area, cord winder, easy control, handle, caster and double safety system.

### FEATURES:

Oil-filled heater with 7 150 x 580 mm fins, ideal for heating bedrooms and small living rooms. Very powerful, 1500 W for a fast and efficient heating. Thanks to its WarmSpace and 360° technology, it is capable of heating 18 m² efficiently. The radiator distributes enveloping heat evenly and 360° across the room, which helps heat maintenance more efficiently. Adjustable thermostat with 3 power levels to optimise energy consumption: Minimum power 600 W (Eco), medium power 900 W and maximum power 1500 W. It includes cord winder, extremely useful when storing the device. It is very user-friendly as it only has a thermostat knob and 2 operating mode buttons. EasyGo system for easy transportation. Includes ergonomic handle and multi-directional wheels that allow you to move it easily. Double safety system with Overprotect System protection against overheating and AutoOff System that stops the heater from operating when it is excessively hot.
