UPRIGHT VACUUM CLEANERS
2025

CONGA
ROCKSTAR

Unbeatable power

Conga Rockstar provides an exceptional cleaning experience. Cordless ultra-power that reaches the highest power on the market with up to 310 airwatts¹, artificial intelligence² that automatically manages power to maximise runtime, innovative anti-tangle brushes and all-terrain models that can handle everything regardless of the surface and, of course, limitless versatility that vacuums and scrubs up to the last corner.

Conga Rockstar, it's showtime!

CONGA ROCKSTAR 12500
STELLAR

**The most
powerful cordless
vacuum cleaner
in the market¹**

310 AW
↻ 1 CV POWER

**Power out of this
world**

Takes cleaning to the next level and effortlessly sweeps away the toughest dirt. Vacuums up much more than you can see on any surface and traps even microscopic dirt in a single pass.

UNGRAVITY MOTOR

**A motor that is up to
any task**

Vacuum thoroughly with maximum performance on a daily basis thanks to a total power of up to 700 W, offering a brutal suction power of up to 30 kPa to remove all dirt effortlessly.

PULSAR BATTERY

Great battery life that won't leave you stranded

Clean without pauses thanks to its powerful lithium-Ion battery with XL cells of up to 5000 mAh and 29.4 V, providing an outstanding runtime of up to 100 minutes. Outstanding runtime to match its ultra-power from start to finish. Moreover, with its quick charger, its battery will be recharged in record time.

AI¹

Meets the needs of each moment

With the 3Diana chip, upright vacuum cleaners join the AI revolution. Artificial Intelligence detects dirt, however small, and analyses your movements to adapt the vacuum cleaner's power to each situation, managing the battery to achieve a runtime of up to 100 minutes².

AUTOMATIC CHARGE

Battery always ready

Its base makes everything easier: it not only empties the tank automatically, but also charges the battery so that the vacuum cleaner is always ready for use.

SELF-EMPTYING BASE¹

Automatic emptying, total comfort

Change the bag only 4 times a year²

With Rockstar, cleaning up will be now easier than ever. Get rid of dirt in the most convenient and hygienic way thanks to its self-emptying base.

4-IN-1

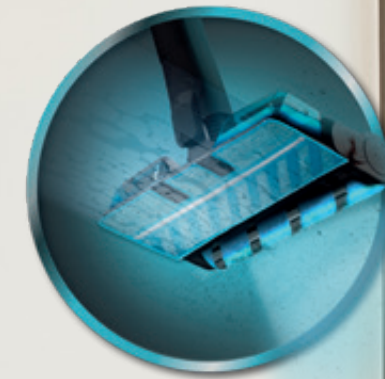

All-terrain vacuum cleaner

Achieve perfect results with any type of dirt and enjoy total cleaning in the most comfortable way. Adapt each use to your needs and get a tailor-made cleaning with up to 4 positions¹: upright, broom, hand and floor scrubber.

WATER TANK

Vacuums and scrubs at the same time

With the Rockstar ErgoWet and its liquid tank with mop, you can mop at the same time as you vacuum and optimise your time while cleaning.

HAIRLESS BRUSH¹

An anti-tangle hurricane

Avoid hassle, save effort

The brush has a system that traps all the floor dirt and sends it directly to the vacuum's tank thanks to its V-shaped design, which allows the air to pass through in a fluid way so as not to lose suction power. Extreme cleanliness that prevents tangles, whether from long hairs or pet hairs, so you don't have to worry about brush maintenance.

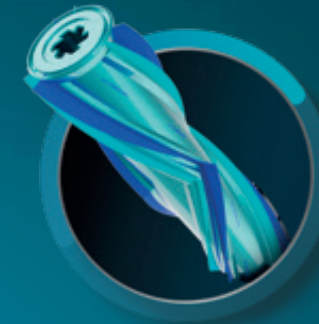

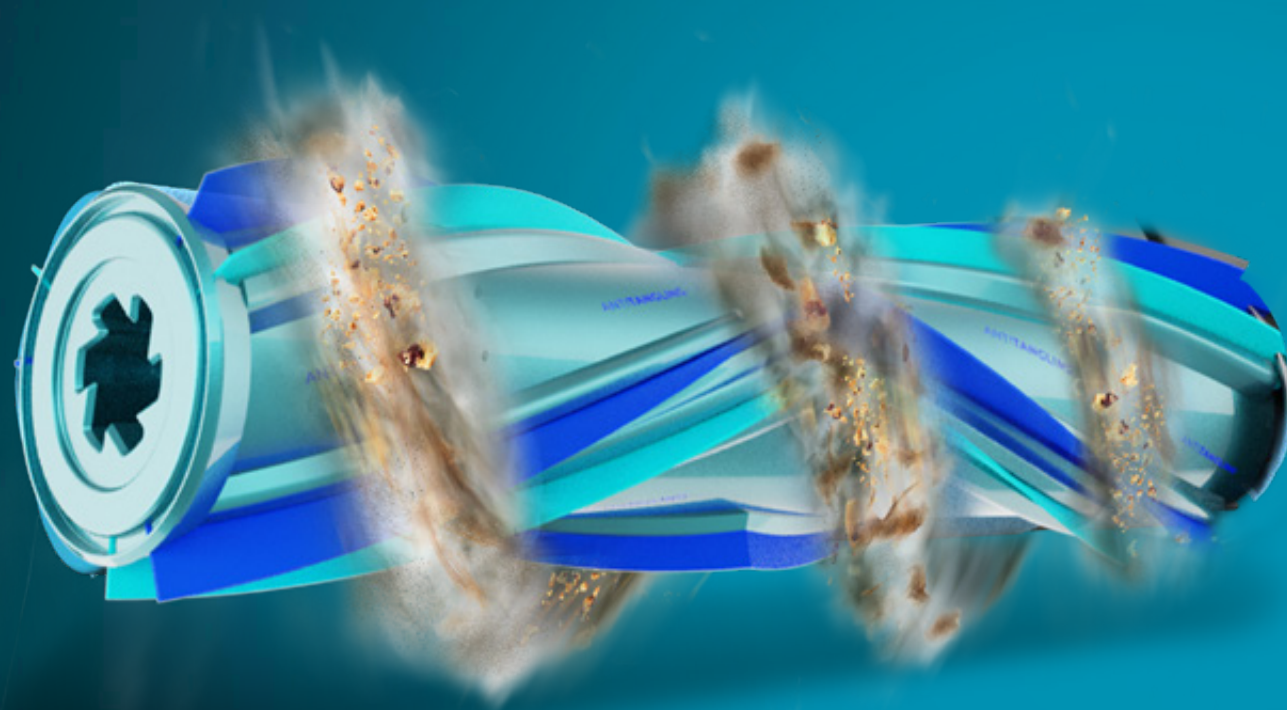

Adjustable rotational speed

Rockstar not only allows you to choose a customised power output for every situation. It now also allows you to choose the speed of the brush rotation through two modes: hard surfaces and carpets. Choose the ideal rotation speed for each moment, combine it with the ideal suction power and sweep away the dirt.

¹. Available on Conga Rockstar 12500 Stellar AquaPet Flex model.

Cleaning masters

Its different brushes and high power are the perfect combination to get rid of the most demanding dirt. The design of its brushes is designed to remove all types of dirt and achieve perfect results in a single pass.

HAIRLESS¹

Vacuum without tangles

Vacuum all types of dirt without tangles on any surface thanks to its innovative design, making it the best choice for homes with pets. In addition, it requires no maintenance.

JALISCAZO²

The most effective brush

Forget about changing brushes depending on the surface and the dirt, the Jaliscozo is an all-rounder brush that can handle anything on any surface, even micro-dirt in an instant.

JALISCO³

Triple suction in one pass⁴

Two-material brush to remove the most imperceptible dirt. Its millions of microfibres capture tiny particles and take care of the most delicate floors such as parquet.

MIXED⁵

Catches everything effortlessly

Designed with a silicone strip and two different bristle strips to scrape dirt and sweep up hair and dust, preventing tangles regardless of the surface.

DOUBLE BRUSH¹

An unbeatable union

Whatever the type of dirt, the double brush maximises cleaning power. Ideal for cleaning with circular and lateral movements so that you can remove all the dirt in the quickest and most comfortable way.

360°

Complete freedom of movement

In addition to the great advantages of cordless cleaning, 360° technology is also available. With our vasuum cleaners, you will reach every corner of the house, even the highest ones, as the weight is on the handle to lift the vacuum comfortably.

APP¹

Cleaning guaranteed

With the new smartphone app you can manage all the appliance's parameters and see in real time the type of dirt you are vacuuming, even particles as small as pollen. Deep cleaning with guarantees.

1. App available on 9500 Connected and 11500 Connected series models.

SMART AUTO MODE²

Automatic power

This mode manages suction power by adapting to the type of brush, surface and amount of dirt to use the right power and deliver exceptional performance.

2. Not available on 1300, 1500, 2500 and 10000 series models.

ERGOFLEX

Dirt will have no place to hide

The ErgoFlex¹ system adapts to any circumstance and allows access to any place with total freedom of movement, making it easier to vacuum the most difficult areas.

ANIMAL BEAUTY CARE

Take care of your pet, protect your floor

Rockstar Animal vacuum cleaners come with an accessory kit that allows you to brush your pet, catch loose hair and vacuum it directly to prevent it from ending up on the floor, so your home and your pet will always look impeccable.

Detailed cleaning beyond the floor

HOME PACK¹

Vacuums up to the last corner

Enjoy a unique versatility with its home accessories, clean your entire house thoroughly and forget about dust, whether in furniture, corners or hard-to-reach areas.

1. Accessories vary depending on the model.

CAR PACK¹

Makes your car look as good as new

Bring your car back to life and leave your upholstery looking like brand new with the car accessories, which clean in detail and trap dirt and hair without mess.

Conga Rockstar 1600 Advance

3-in-1 cordless vacuum cleaner: upright, broom and handheld, with digital Brushless motor. 680 W power and 230 aW maximum suction power. 26 kPa. 75-minute autonomy. Jalisco brush. Accessory set.

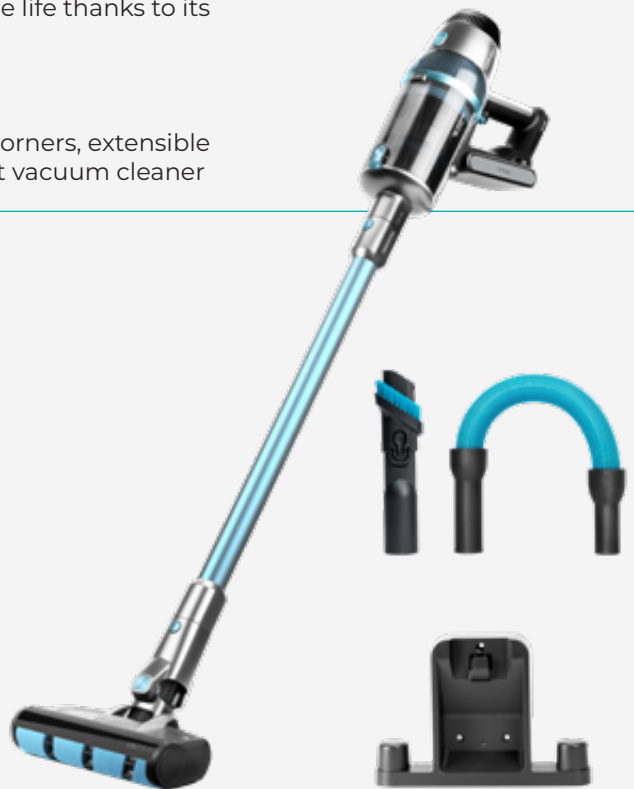

FEATURES:

3-in-1 cordless stick vacuum cleaner: upright, broom and handheld, with Digital Brushless motor, maximum suction power and 360° design to remove dust from everywhere. Typhoon system that maximises its impressive suction power up to 230 aW and allows vacuuming any type of dirt. Digital Brushless technology with cutting-edge motor without brushes. It offers greater speed, less noise and lengthens the vacuum cleaner shelf life. ForceSonic technology with maximum power of 680 W. Vacuums all types of dust and keeps your home constantly clean, maximising its 26-kPa suction power. It has a digital display where you can check the remaining battery percentage, select different operating modes, see warnings and recommendations. You can also view the current suction power level. It includes the Smart Auto Mode that smartly adapts suction power to the type of brush, surface (hard floor or carpet) and amount of dirt. The vacuum cleaner uses its sensors to detect automatically the most suitable power according to the situation. It ensures maximum efficiency with its MultiPhasic System. Its Li-Ion battery, 2500 mAh and 29.6 V, reaches a 75-minute autonomy. Vacuum your whole house without recharging it. 4 operating modes: Eco, Medium, Turbo and Auto, to adapt to every situation. Eco mode maximises the battery life and offers perfect results, Normal mode offers the best efficiency and suction power combination, and Turbo mode removes the harshest dust and vacuums carpets. Auto mode detects the amount of dirt at each point of the house and automatically adjusts the suction power to the situation. The ultimate brush, effective against any dirt and on all floors. It combines three technologies: Microfibres to capture tiny particles, silicone to trap long hair, and internal drag slats for thorough carpet cleaning. 360° Technology that allows reaching every corner, even the highest ones. Its weight rests on the handle, therefore it can be lifted comfortably. Maximum efficiency throughout its service life thanks to its Cyclonic System technology.

Conga Rockstar 9500 Lunar Pet Flex

Conga Rockstar 9500 Lunar Pet Flex upright vacuum cleaner. Maximum suction power of 300 AW and ultra power of 780 W. Autonomy of 90 minutes. HairLess anti-tangle brush. Flexible hose and complete accessory kit. Includes brush for pet hair.

FEATURES:

Wipes out all dirt. The 300 AW of power of the Conga Rockstar 9500 Lunar Pet Flex will blast away dirt and grime and leave your floors looking as good as new.
A motor that is up to the task. Vacuum thoroughly day after day and with maximum performance thanks to the 780 W total power of its Ungravity Motor.
Clean house without interruptions. With its Pulsar battery and its 90 minutes of autonomy, you can clean your entire house in one go, without interruptions.
It sucks out even the most hidden dirt. Thanks to its 30 kPa suction power you will be able to remove even the most stubborn dirt.
Avoids hassle, saves effort. The HairLess Brush has a system that traps all the floor dirt and sends it directly to the vacuum's tank thanks to its V-shaped design, which allows the air to pass through in a fluid way so as not to lose suction power.
Tailor-made suction. Choose the operating mode that best suits your cleaning needs: Eco, Medium, High, or Auto.
Brush your pet without worrying about the hair. Pet Brush: brush your pet and forget about picking up the hair, Rockstar Lunar does it for you.
Cleans your car and home in detail. Maximise the cleanliness of your home with its comprehensive Home&Car Pack accessory kit, allowing you to thoroughly clean your entire home and car.
Maximum comfort and visibility. Forget about back pain and bending down thanks to its flexible hose and, with its LED light located in the suction base, you will see all the dirt, so you won't miss anything.
Find out all the information about your vacuum cleaner. Look at its LED display and stay up to date on everything: remaining battery information, operating mode, level of dust collected and maintenance alerts.

Conga Rockstar 9500

Connected Ergowet 3000 IA

AI-driven, 4-in-1 cordless vacuum cleaner: upright, broom and handheld, with digital Brushless motor. 680 W power and 230 aW maximum suction power. 90-minute autonomy. 360° design. Flexible tube. Water tank. Accessory set. APP. Jaliscozo brush.

FEATURES:

4-in-1 cordless vacuum cleaner: upright, electric broom, handheld and mop.
It features a smart system that regulates suction power according to the movements made, cleaning more thoroughly in areas of greater difficulty.
Typhoon system: maximum vacuum power up to 230 aW.
Digital Brushless technology with cutting-edge motor without brushes. It offers greater speed, less noise and lengthens the vacuum cleaner shelf life.
ForceSonic technology with maximum power of 680 W. Vacuums all types of dust and keeps your home constantly clean, maximising its 26-kPa suction power.
It has a digital display where you can check the remaining battery percentage, select different operating modes, see warnings and recommendations.
Includes Smart Auto Mode that smartly adapts suction power to the type of brush, surface and amount of dirt.
It ensures maximum efficiency with its MultiPhasic System.
Its ErgoWet system allows reaching the most difficult areas in simple and easy moves. Thanks to this system, this vacuum cleaner adapts to all circumstances. It is also suitable for scrubbing thanks to its scrubbing accessory.
Immortal Battery system with ion-lithium battery, 3000 mAh and 29,6 V, that reaches a 90-minute autonomy and reduces the charging time to 6 hours.
4 operating modes: Eco, Medium, High, and Auto, to adapt to every situation.
360° technology, weight relies on the upper part and therefore, on the user hand.
Cyclonic system: Technology that, together with filters, separates particles resulting in extreme and long-lasting cleanliness.

COMPOSITION:

2 in 1 wide furniture and corner accessory, 2 in 1 narrow furniture and corner accessory, water tank, digital upright vacuum cleaner, Jaliscozo brush, elongated brush, motorised upholstery brush, fabric brush, elbow joint, instruction manual, wall bracket, extensible tube, flexible tube

The background of the image is a surreal landscape. The sky is a deep, dark blue, filled with numerous small, white stars. A vibrant, multi-colored aurora (resembling the Northern Lights) is visible in the upper right portion of the sky, with hues of green, yellow, and orange. Below the sky, there are dark, silhouetted mountains. In the foreground, the terrain is rocky and uneven, with some large, light-colored rock formations on the right side. The overall lighting is dim, with the primary light sources being the stars and the aurora.
