# The most complete range of coffee makers

MULTI-CAPSULE COFFEE MAKERS

DRIP COFFEE MAKERS

SUPERAUTOMATIC COFFEE MAKERS

ESPRESSO COFFEE MAKERS

ITALIAN COFFEE MAKERS

ACCESSORIES

# Cremmaet

*Superautomatic coffee makers*

# Authentic coffee without complications

Enjoy freshly ground coffee instantly, a traditional process enhanced with the latest technology so you can enjoy all the nuances of coffee in every sip.

19 BAR

## Perfect foam and maximum aroma

The coffee makers are equipped with a pump of up to 19 bar pressure, which extracts all the nuances of each bean, so that every cup has an exceptional taste, foam and aroma.

#### GRINDER

### Freshly ground coffee, second to none

Select your favourite bean and savour all the nuances of freshly ground coffee thanks to the airtight coffee container with built-in grinder which, with up to 9 grind levels, provides a tailor-made texture for each bean variety.

#### THERMOBLOCK

### Your daily coffee, ready in a few seconds

Thanks to its Thermoblock rapid heating technology, you can prepare coffee quickly at the ideal temperature so you can enjoy freshly ground coffee instantly and with a rich flavour that will awaken your senses.

# Your own personal barista

Choose your ideal beverage from the recipe book and adapt it to your liking via the full-colour TFT display<sup>1</sup> or from the app<sup>2</sup>, which allows you to control the coffee machine from anywhere.

## RECIPE BOOK<sup>3</sup>

### Up to 30 drinks

Immerse yourself in the most authentic coffee experience and prepare up to 30 varieties of beverages with freshly ground coffee in the most convenient way. One touch and you're ready to go!

## USERS

### Save your favourite coffees

Create up to 8 users<sup>4</sup>, choose your profile and save your favourite recipes with your personalisation, so you can elaborate your favourite drinks in less than no time.

## CUSTOM COFFEE

### Total customization

Choose the ideal beverage through its recipe book<sup>3</sup> and adapt it to your liking by controlling the amount of beans, the intensity of the coffee, the temperature and the amount of foam.

3. Available on Cremmaet Compactccino, Cremmaet Spin, Cremmaet Touch OCS and Cremmaet Tempo series models.

4. The option to create profiles is available on the Cremmaet Spin and Cremmaet Touch OCS models.

# Explore a world full of flavour

From the moment the coffee begins to be ground until we finally taste it, we experience a journey of unique sensations. Choose the ideal coffee for every moment and awaken your senses with every cup.

## MILK TANK

### Creamy cappuccinos

Delight yourself with a fine, smooth and creamy foam prepared at the perfect temperature. In addition, its milk tank<sup>2</sup> is also suitable for vegetable drinks, offering you maximum versatility.

## GUIDED RECIPES

### Bring out your barista side

The recipe book includes both automatic and brewed recipes<sup>1</sup>, each with a step-by-step guide for you to bring out your barista side and enjoy it like never before.

## COLD BREW

### Iced coffee? We got you covered

The brewer features multiple guided cold brew recipes<sup>3</sup> so you can take the cold brew experience beyond the classic frappé.

## Preserves the original taste

Explore different varieties of grains without mixing flavours

Break your average coffee routine and explore new flavours without losing a single nuance thanks to its grinder cleaning system, which removes residual beans, preventing flavours from mixing.

**1** ADD A NEW GRAIN VARIETY.

**2** THE COFFEE MAKER ELIMINATES COFFEE RESIDUES FROM THE GRINDER.

**3** DEPOSITS THE LEFTOVERS IN THE GROUNDS CONTAINER.

**4** 100% NEW COFFEE.  
100% ORIGINAL FLAVOUR.

## A design for each kitchen

Enjoy the quality of the Macchia and Compactccino coffee machines in different versions. Discover its Black, Black Rose, Black Silver<sup>1</sup>, White and White Rose models and choose the design that best suits the style of your kitchen. Thanks to its compact design, you can enjoy the best coffee without wasting space in the kitchen.

# Superautomatic coffee makers for office use

The Cremmaet range now includes coffee makers specially designed to bring the best coffee experience to the workplace. Two models equipped with the latest technology and a superior capacity with up to 4 hoppers to make one coffee after the other in a fully customised, convenient and fast way.

# Cremmaet Compact Steam Superautomatic coffee machine

Compact 19 bar super-automatic coffee machine and Thermoblock system.

## FEATURES:

Thanks to the Plug&Play system, this compact superautomatic coffee machine brews espressos and Americano coffees with fresh ground coffee by just pressing 1 button.

Its powerful pressure pump with 19-bar ForceAroma technology achieves the best froth and maximum coffee taste.

Fast heating system through Thermoblock that ensures perfect coffee in just a few seconds.

Adapts to all likings, you can customize and save quantities, coffee intensity and temperature.

Large user-friendly LCD display.

Its 250-g tank for coffee beans is hermetically sealed, therefore preserves the original aroma.

Includes conical built-in mill with 5 different levels.

Allows brewing coffee with ground coffee thanks to its separate inlet. Ideal for brewing quick decaff coffees whenever you like.

Includes steam tube to achieve the desired milk texture and the best milk creaminess. It also produces hot water for tea.

AlwaysClean system to have your coffee machine always read.

1.7-litre detachable water tank.

Energy-saving system with auto-off and stand-by.

Adjustable coffee spout, from 10.5 cm to 15 cm, in order to adapt to espresso cups and large breakfast cups.

The coffee residues processor and tank can be easily removed for proper maintenance.

Its 1350 W allows preparing all types of coffees.

Removable drip tray for an easy cleaning and flotation system with light indicator.

# Cremmaet Compactccino Connected

Compact 19 bar super-automatic coffee machine with TFT display, Wi-Fi control, milk tank and Thermoblock system.

## FEATURES:

Compact design: the coffee machine has a compact design that prepares espressos, Americanos and cappuccinos from freshly ground coffee beans as efficiently as all other superautomatics.

Plug&Play technology: thanks to the Plug&Play technology, you will have freshly ground coffee in the most convenient way. One touch and that's it!

TFT display: thanks to its intuitive and practical TFT display design, you can savour the best coffees at the touch of a button and enjoy a customised coffee.

Wi-Fi connection: thanks to its Wi-Fi connectivity, you can customise and prepare the best coffees from your smartphone via the Cecotec app.

Unique crema and aroma: with its 19 bar pressure pump, the coffee machine delivers the best crema and maximum aroma in every coffee.

Instant freshly ground coffee: the coffee machine features the Thermoblock heating system, which ensures rapid heating to prepare your coffee in just a few seconds.

Coffee to your taste: select the amount and strength of coffee from the touch display, save your favourite settings and enjoy perfect coffees every day in the most convenient way.

Grinds and preserves the coffee: the coffee machine has an airtight 150 g coffee bean tank, which ensures that the original aroma is retained. It also has an built-in conical grinder with 5 grinding levels.

1.1 L water tank: enjoy perfect coffees every day without having to constantly refill your water tank.

Perfect cappuccinos: includes a 400 ml milk tank so you can enjoy delicious cappuccinos every day.

Saves energy: thanks to its energy saving system with automatic switch-off and standby system, your coffee machine will not consume more energy than it should.

Cup or glass? The coffee spout is height-adjustable up to 14 cm to fit your favourite coffee drinking vessel, be it cup or glass.

Easy maintenance: the processing unit and grounds container are easily removable for proper maintenance. In addition, the drip tray is removable and magnetised for easy cleaning.

Automatic cleaning: your coffee machine will always be perfect in the most convenient way thanks to this system that cleans its ducts for you to keep it always ready.

# Cremmaet Lounge

Commercial superautomatic coffee machine with 4 top bean hoppers.

## FEATURES:

Large display: 10.1" touch display with anti fingerprint technology. With a simple touch, it grinds coffee and prepares delicious lattes offering a professional barista experience.

Large capacity: It has 2 tanks for coffee beans of 700 g each as well as two tanks for milk and chocolate powder of 1.8 l each. Forget about frequent refilling. With its large tanks, you'll have enough drink for many cups, ensuring freshness and long-lasting flavour.

2 flat ceramic burr grinders: Both grinders ensure an even and precise grind, keeping the taste and aroma of fresh coffee in every cup.

Water supply mode: Connect to the tap water supply, ensuring the highest quality of your drinks at all times.

Hot water function: Ideal for preparing teas, infusions and other hot beverages instantly, providing maximum convenience and versatility.

Heating system: Double boilers ensure that each drink is brewed at the optimum temperature to bring out the flavours and maintain the quality of the coffee.

High infusion capacity: Its large capacity of 21 g of coffee will allow you to enjoy a perfect extraction and a unique flavour.

Temperature setting: Customise the brewing temperature between 70 and 85 °C to suit your preferences and get the perfect flavour in every cup.

35 drinks and DIY option: Explore and personalise your coffee experience with over 24 drinks available and a DIY option. Create the perfect coffee just the way you like it with just a few touches.

Milk pump with DC motor: It allows for a smooth and creamy milk emulsion, ideal for cappuccinos and lattes, achieving the perfect texture in every drink.

700 g coffee grounds container: Enough space for coffee grounds, reducing the need for constant emptying and facilitating maintenance.

Power of 2900 W: With its high power, the Cecotec Cremmaet Lounge offers efficient and fast performance, guaranteeing quality coffee in less time.

Connector for fresh milk: Add fresh milk to your favourite drinks quickly and easily thanks to the fresh milk connector, for creamy textures and more variety in your preparations.

# Power Espresso, Cafelizzia and Instant-ccino

*Espresso coffee makers*

# Compact coffee makers to fall in love with

Discover a range of coffee makers that combine an elegant and compact design with great power, allowing you to extract all the nuances of each cup so that you can experience the pleasure of the most authentic coffee without leaving home.

## 20 BAR

### Unique foam and aroma

Its powerful pressure pump achieves the best froth and maximum coffee taste. Enjoy your perfect cup of coffee thanks to the 20 bar ForceAroma technology, which extracts the maximum flavour from your coffee.

## PRESSURE PRO

### Customised pressure

The control pressure gauge<sup>1</sup> allows the pressure to be checked in real time. With this information, you will be able to get the perfect coffee, as it ensures the extraction of all its properties so that you can enjoy the maximum flavour.

## DOUBLE OUTLET

### 2 coffees at once

Brew 1 or 2 coffees at the same time thanks to its double spout portafilter. This way you can save time every day without having to give up the pleasure of a good coffee with the best company.

1. Not available on Power Espresso 20, Power Espresso 20 Pecan, Power Espresso 20 Matic, Cafelizzia Fast, Cafelizzia 790 and Cafelizzia 890 series models.

## STEAMER

# Superior foam, perfect cappuccinos

Bring out your creative side and feel like a barista thanks to its adjustable nozzle with protection, which allows you to texturise the milk to your liking and make a difference, achieving the best foam.

## MULTI COFFEE

# Choose the way you make coffee

With the Instant-ccino series you can choose how to prepare your coffee: ground or in capsules. This way it adapts to all tastes and needs, depending on each situation.

## VINTAGE DESIGN

# Fall in love every morning

Discover a complete range of products with a unique design that will greatly improve your breakfast. Give your kitchen a special touch and finish of your choice. Fall in love with their designs every morning while you enjoy dreamy flavours.

# Power Espresso 20 Barista Compact espresso machine

20 bar Barista coffee maker with thermoblock and digital display.

# Power Espresso 20 Barista Maestro Espresso Coffee Machine

Barista coffee machine with 20 bar and 2 thermoblocks.

## FEATURES:

High power of 2250 W: benefit from the barista design that allows you to make all kinds of coffees and also dispenses hot water for infusions.

Large coffee tank: enjoy freshly ground coffee thanks to the 250 g tank capacity, and the grinder with 20 intensity levels.

Fast heating: the dual Thermoblock heating system ensures optimum temperature maintenance for both foam and coffee brewing at the same time.

100% crema and aroma: the ForceAroma 20 bar pressure pump with ForceAroma technology delivers the perfect amount of aroma and crema in every single coffee.

Pressure monitoring: check the pressure in real time with the Pressure Pro pressure gauge.

Steamer: texturise your milk to your liking with the adjustable Thermoblock-powered steamer, and get the best foam for your coffee.

Infusion spout: the coffee machine has a hot water spout to prepare your favourite teas.

Double coffee spout: the portafilter with double spout and two filters facilitates the simultaneous preparation of two coffees.

# FreeStyle

*Multicapsule coffee makers*

# Maximum versatility. Full enjoyment

The FreeStyle series offers a tailor-made taste for every user thanks to its all-in-one design, which allows you to prepare both ground and capsule coffee. Choose your favourite format and the brand you like best, or give every day a different flavour thanks to its great versatility.

GROUND COFFEE

E.S.E. PODS

NESPRESSO

K-FEE

DOLCE GUSTO

SENSEO

# Convenience at your fingertips

## THERMOBLOCK

### Ready in 30 seconds

The coffee maker has a quick preheating system, so in just 30 seconds it will be ready to prepare any kind of coffee.

## MILK TANK

### Irresistible cappuccinos

The dual foaming system<sup>1</sup>, automatic or manual, makes it possible to achieve a soft and creamy foam in the easiest way.

## CUSTOM COFFEE

### Coffee that suits your needs

Quickly selects the amount of coffee to enjoy an intense espresso (50 ml), a long balanced coffee (100 ml) or a large smooth coffee (150 ml) in the most convenient way.

# FreeStyle Compact

Compact 3-in-1 espresso coffee machine Suitable for ground coffee, Dolce Gusto and Nespresso pods.

## FEATURES:

Great versatility. The coffee machine is suitable for all tastes, so you can use ground coffee, Dolce Gusto and Nespresso pods.  
Instant coffees: with its elegant and compact design, its 1450 W maximum power and Thermoblock heating prepare coffees in just a few seconds.  
The best cream and aroma: its powerful pressure pump with 19 bar ForceAroma technology ensures the best cream and maximum aroma in every coffee.  
Large capacity: the coffee machine has a removable water tank with a capacity of 600 ml.  
7 water volume selections to always use the water you need.  
Saves energy: with the energy-saving system, the appliance will automatically switch off and enter standby mode.  
Easy to use thanks to its intuitive switch.  
Its indicator light shows when it's ready.

## COMPOSITION:

Pods coffee machine, ground coffee adapter, Dolce Gusto pods adapter, Nespresso pods adapter, instruction manual

# Coffee

*Drip coffee makers*

## The most authentic American coffee

Discover the Coffee series, drip coffee makers that elaborate delicious cups of coffee in the most comfortable way. Programme the coffee machine and forget about worries; the coffee maker will prepare up to 12 cups with a smooth and balanced flavour to start each day in the best way.

### BUILT-IN COFFEE GRINDER

## From grain to drop

Prepare freshly ground coffee<sup>1</sup> in the most convenient way. Fill the bean tank, choose between a fine or standard grind and enjoy every cup to the fullest.

### PROGRAMMABLE

## Always top notch coffee

Programme the coffee maker<sup>2</sup> to automatically prepare your favourite beverages at the desired time. And with the keep-warm function, the coffee will be kept at the right temperature so you can enjoy it later, as if it were freshly brewed.

### ANTI-DRIP SYSTEM

## Unique flavour and aroma

Enjoy a smooth, yet nuanced coffee thanks to the machine's extraction system, which first filters the coffee and then pours it through a continuous spray for a perfect balance of flavour and aroma.

1. Available on Coffee 66 Grind & Drop model.

2. No disponible en el modelo Coffee 56 Drop, Coffee 56 Heat y Coffe 66 Heat.

# Coffee 66 Drop & Touch

Drip coffee maker, stainless steel, with a capacity of up to 12 cups.

## FEATURES:

Convenient and simple control: touch panel with white backlight for convenient and easy use.  
Shock and drop resistant: high-strength glass jug that withstands shocks and drops to perfection.  
The coffee machine has a capacity of 1.5 l, ideal for making up to 12 cups of coffee.  
Prepare the coffees you want thanks to its high power of 950 W. Enjoy the best aroma and flavour every day!  
Intuitive use of its functions: it has 6 switches to activate its ON/OFF, aroma intensity, preparation delay, minutes, programme and hours functions.  
Prevents stains and spills: prevents the coffee maker from staining or spilling liquid once the jug is removed, thanks to its anti-drip function.  
Always protected: get protection against overheating thanks to its thermostat and thermal fuse.  
Saves energy on a daily basis: it has an automatic switch-off system after 40 minutes of heat maintenance to save energy and protect the environment.  
Reusable mesh filter: the Coffee 66 Drop & Touch includes a reusable mesh filter, suitable for standard 1 x 4 filters.  
Coffee to suit you: with its timer function of up to 24 hours, clock function and intensity function, you can enjoy coffee any time you want.

## Round off your coffee ritual

### MILK FROTHER

## Bring out your creative side

The perfect addition for cappuccino lovers. Prepare irresistible frothy drinks, perfect lattes or cappuccinos with a creamy layer of foam. In addition, the frother is suitable for any kind of milk and vegetable drinks, and allows you to froth from cold and gradually heat the milk.

### COMPACT MILL

## Instant freshly ground coffee

Enjoy the incomparable taste and aroma of freshly ground coffee wherever you are thanks to its compact, practical and elegant design. Choose the grinding level and enjoy a customised grind thanks to its titanium blades that mill the entire tank in just 30 seconds.

### ELECTRIC MILL

## Top grinding

If coffee is not just a drink but an experience for you, you will be able to elevate your coffee ritual with the electric coffee grinder. Its conical grinding wheel system makes the most of every grain and, with up to 30 grinding settings, it achieves a texture to suit all tastes and palates.

# Power Latte Spume 4000 milk frother

500-W milk frother with 3 operating modes.

## FEATURES:

Milk frother, 500 W for perfect frothing.  
3 operating modes: heat, hot frothing and cold frothing.  
115-ml capacity for the frothing function and 240-ml capacity for the heating function.  
Detachable accessory to adapt to all functions.  
Allows frothing all types of milk: normal, steamed, cold, lactose-free milk.  
Cordless jar, easier and more comfortable handling and operating.  
360-degree non-skid base.  
Non-stick coated inside.  
Raised maximum and minimum capacity indicator.  
Froths cold milk and heats it up progressively.  
Auto-off: once it has finished operating, it turns automatically off.  
BPA Free.  
Elegant design in black and silver.

# TitanMill 300 DuoClean coffee and spices grinder

Mill for coffee and spices, with titanium-coated blades and 2 interchangeable jugs for grinding and mashing.

## FEATURES:

Grinder with 100 % stainless steel body and tank, 300 W.

Blades coated in titanium which offers greater hardness and allows them to maintain sharpened for longer than conventional ones.

2 in 1, double function. This mill is capable of grinding and mincing or mashing by just changing the tank.

Includes container for the grinding function, with 2-star flat blades with titanium which can easily grind dry foods such as pepper, spices, seeds, salt etc.

Includes a second container for the mincing and mashing function, with 4-star blades with titanium which can easily mash wet ingredients such as nuts, aromatic herbs, garlic and small quantities of ginger, vegetables and meat.

Different grinding and mashing levels depending on the operating time.

Maximum capacity of 90 g with measures to calculate amounts easily.

Includes a top transparent lid to allow you to control the level of grinding.

Security system which avoids the grinding function from activating if the lid is not properly placed, making it safe for children.

Easy to use, as you can use it with just 1 hand.
