Cecofry, the revolution is back

Cecotec's air fryers, which changed the way we cook, are back with an innovative and wider range. With models that reach up to 11 L capacity and designs that go beyond air cooking, now with Cecofry you can cook like in a barbecue, grill, or in the most comfortable way, with the automatic oil spraying function.

Discover these and other innovations to take healthy cooking to the next level.

CECOFRY RAIN

The first air fryer with oil autodoser

Achieve the perfect doneness in the most comfortable way.

The right amount of oil at the right time

Forget about adding oil before each recipe. Fill the dosing basket, choose the menu according to your recipe, select one of its 7 oil levels, and you're ready to go! The autodoser¹ will spray just the perfect amount at the perfect time so that each preparation comes out just right without you having to do a thing.

Also cooks with water

The autodoser is also suitable for water, ideal for juicier recipes and better preservation of all food nutrients. In addition, this function allows you to clean the ducts and the basket, so that you don't have to do anything but enjoy your dishes.

CECOFRY&GRILL SMOKIN'

The new generation barbecue

The authentic taste of the grill, now at home

Turn your kitchen into an authentic steakhouse with the innovative combination of the deep fryer's grill and integrated smoker. Choose your favourite cut of meat, add wood chips and enjoy your meal! Create perfect recipes, marked on the outside and enhanced with that unmistakable smoky touch that brings the most authentic flavour to every bite.

SMOKER

GRILLIN STYLE

CECOFRY DUO HEAT 6000

A fryer for everything

3-IN-1

All-in-one fryer

Grill, griddle and fryer, all-in-one. Choose the cooking mode according to the recipe you want to prepare and enjoy great versatility without taking up space in your kitchen.

DOUBLE HEATING ELEMENT

Cook more in less time

Enjoy perfect recipes in less time thanks to its double heating element with 2200 W, which achieves an enveloping cooking.

8 cecotec

GRILLIN STYLE

Does it grill too? Of course!

Prepare your favorite cuts of meat, grill them and get the perfect doneness in the most comfortable way.

PANORAMIC VIEWING WINDOW

Controlled recipes without losing heat

Control all your recipes at a glance without having to open the basket drawer through its panoramic viewing window.

Technology

CECOFRY FOODCOURT

Oven and fryer, all in one!

Thanks to its 2-in-1 design, with a 6-litre basket and a 5-litre¹ oven, prepare two recipes with different cooking times at once. Choose the ideal menu and prepare the main dish and the garnish in the healthiest, most practical and quickest way.

CECOFRY FANTASTIK

A range for everyone

The Fantastik series is carefully designed and has a capacity ranging from 3 L to 6.5 L to suit every user and kitchen. In addition, they are designed with the latest technologies so that you can elaborate your favourite recipes in the healthiest and simplest way.

◀ DESIGNED TO FIT
INTO ANY KITCHEN:
3 L / 3.5 L / 4 L / 5.5 L
/ 6.5 L

A surprising interior

Enjoy a capacity of up to 9 L in one or two baskets and cook with unique versatility. Prepare one recipe for the whole family by unifying the two baskets, or two different recipes thanks to the dual temperature¹, and forget about wasting time cooking in batches.

Single basket

It adapts to you and your recipes with its different capacities, so you can cook large quantities in a single batch.

Double basket

Cook with twice as many possibilities thanks to its design with two 4.5 L baskets², or with the alternative of two irregular baskets³ of 5.5 and 3.5 L.

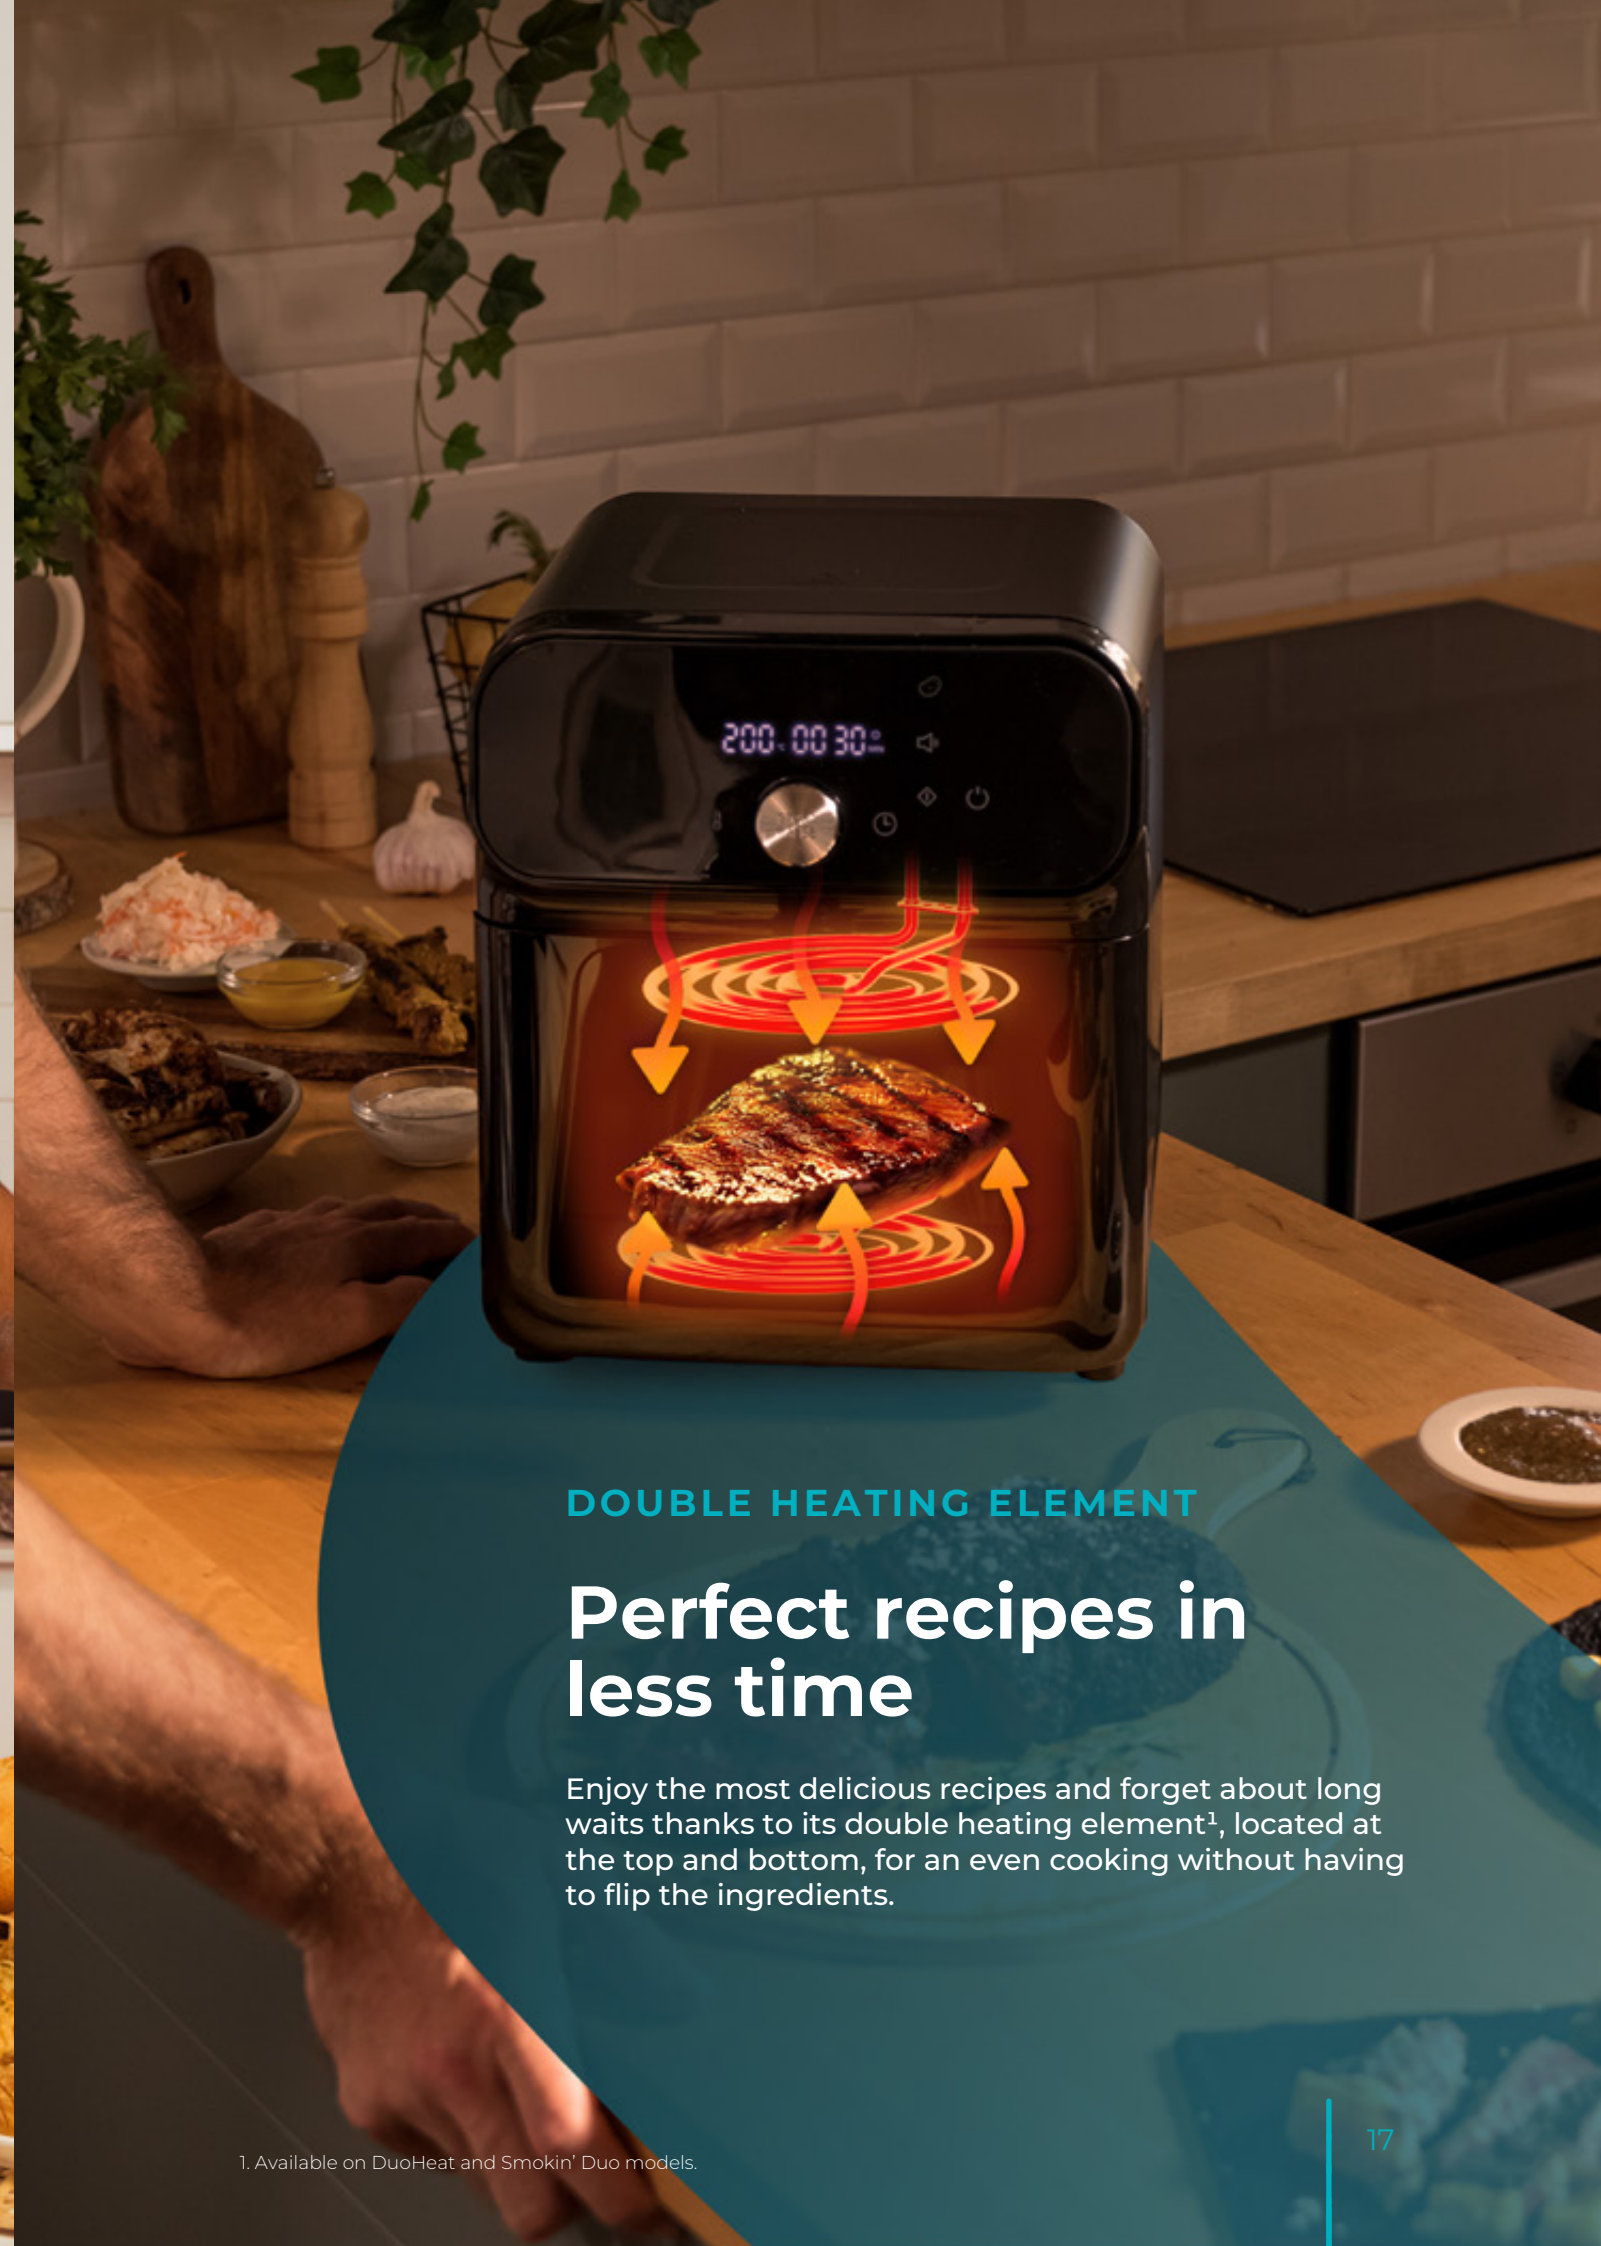

Splittable basket

Enjoy great versatility thanks to its 9 L basket, splittable in two 4.5 L smaller ones. Choose the option that best suits your needs and enjoy a custom design.

POWER

Unlimited cooking

The fryers are designed with a maximum power of up to 2850 W and Perfect Cook technology, a winning combination that allows you to cook all kinds of recipes with incredible results.

DOUBLE HEATING ELEMENT

Perfect recipes in less time

Enjoy the most delicious recipes and forget about long waits thanks to its double heating element¹, located at the top and bottom, for an even cooking without having to flip the ingredients.

1. Available on DuoHeat and Smokin' Duo models.

MULTICOOK

Cooking mode to taste

Prepare an endless number of recipes thanks to the combination of Cecofry technologies, which allow you to cook the same ingredient or recipe in multiple ways. Choose the temperature, time and oil spray level¹ and let's get on with it! Don't worry about cooking and enjoy every bite of perfect recipes to suit your taste.

GRILL

Grill-like cooking

Forget about going out to the terrace to cook on the barbecue¹ and get the perfect grill in the easiest way. Just choose the ideal grill level for each recipe and you're set. Your Cecofry will prepare perfect recipes without smoke.

CUSTOM CRISPY

Get the perfect doneness

Customise the doneness of your culinary creations by choosing the specific menu and dosage level so that your recipes come out golden brown, crispy, undercooked, medium, or however you like them! The best choice to relax.

DEHYDRATE FUNCTION

Your favourite fruit like never before

The fryer allows you to cook at a minimum temperature of 30 °C¹, so that you can dehydrate fresh food and enjoy new flavours without giving up on the healthy.

SCALE

Every gram counts

Weigh every ingredient on its scale¹ with 2 high precision sensors, allowing you to precisely measure all your ingredients up to a maximum of 3 kg so all your recipes come out perfect.

Technologies that make everything easier

PREHEATING¹

Maximum efficiency

Start cooking at the perfect temperature from the very first second thanks to this function, which increases the performance of the air fryer and prevents you from having to cook for a second or longer period of time.

VIEWING WINDOW³

Full control without opening the basket drawer

Its unique display design allows you to monitor all cooking operations during preparation without having to take the basket out, thus avoiding heat loss and making cooking more efficient.

SYNCHRONISATION²

Forget about your meals getting cold

Always enjoy freshly made dishes in the simplest way. Activate this function and just relax. Your Cecofry will start cooking the recipe that needs the least time at the exact moment to finish at the same time as the other preparation.

FULL COLOUR DISPLAY

More intuitive. More comfortable,

Designed so you don't have to worry about anything. Its colour touch screen visually displays each mode accompanied by an image of the expected end result. Cook with just one touch and enjoy the most delicious recipes in the most convenient way.

MENUS

Perfect recipes in one click

Choose from different pre-set menus that set the time from 0 to 60 minutes, the temperature from 30 °C to 200 °C¹ and the oil amount with its 7 spray levels², guaranteeing perfect results without you having to do a thing.

1. The temperature range varies depending on the model.

2. Automatic and adjustable spraying available on the Cecofry Rain series.

APP

Connect to your Cecofry

Cook at home or anywhere

Take control over your recipes both live and via smartphone. Cook from your smartphone¹ or from Cecofry's touchscreen display and enjoy perfect recipes in the most convenient way.

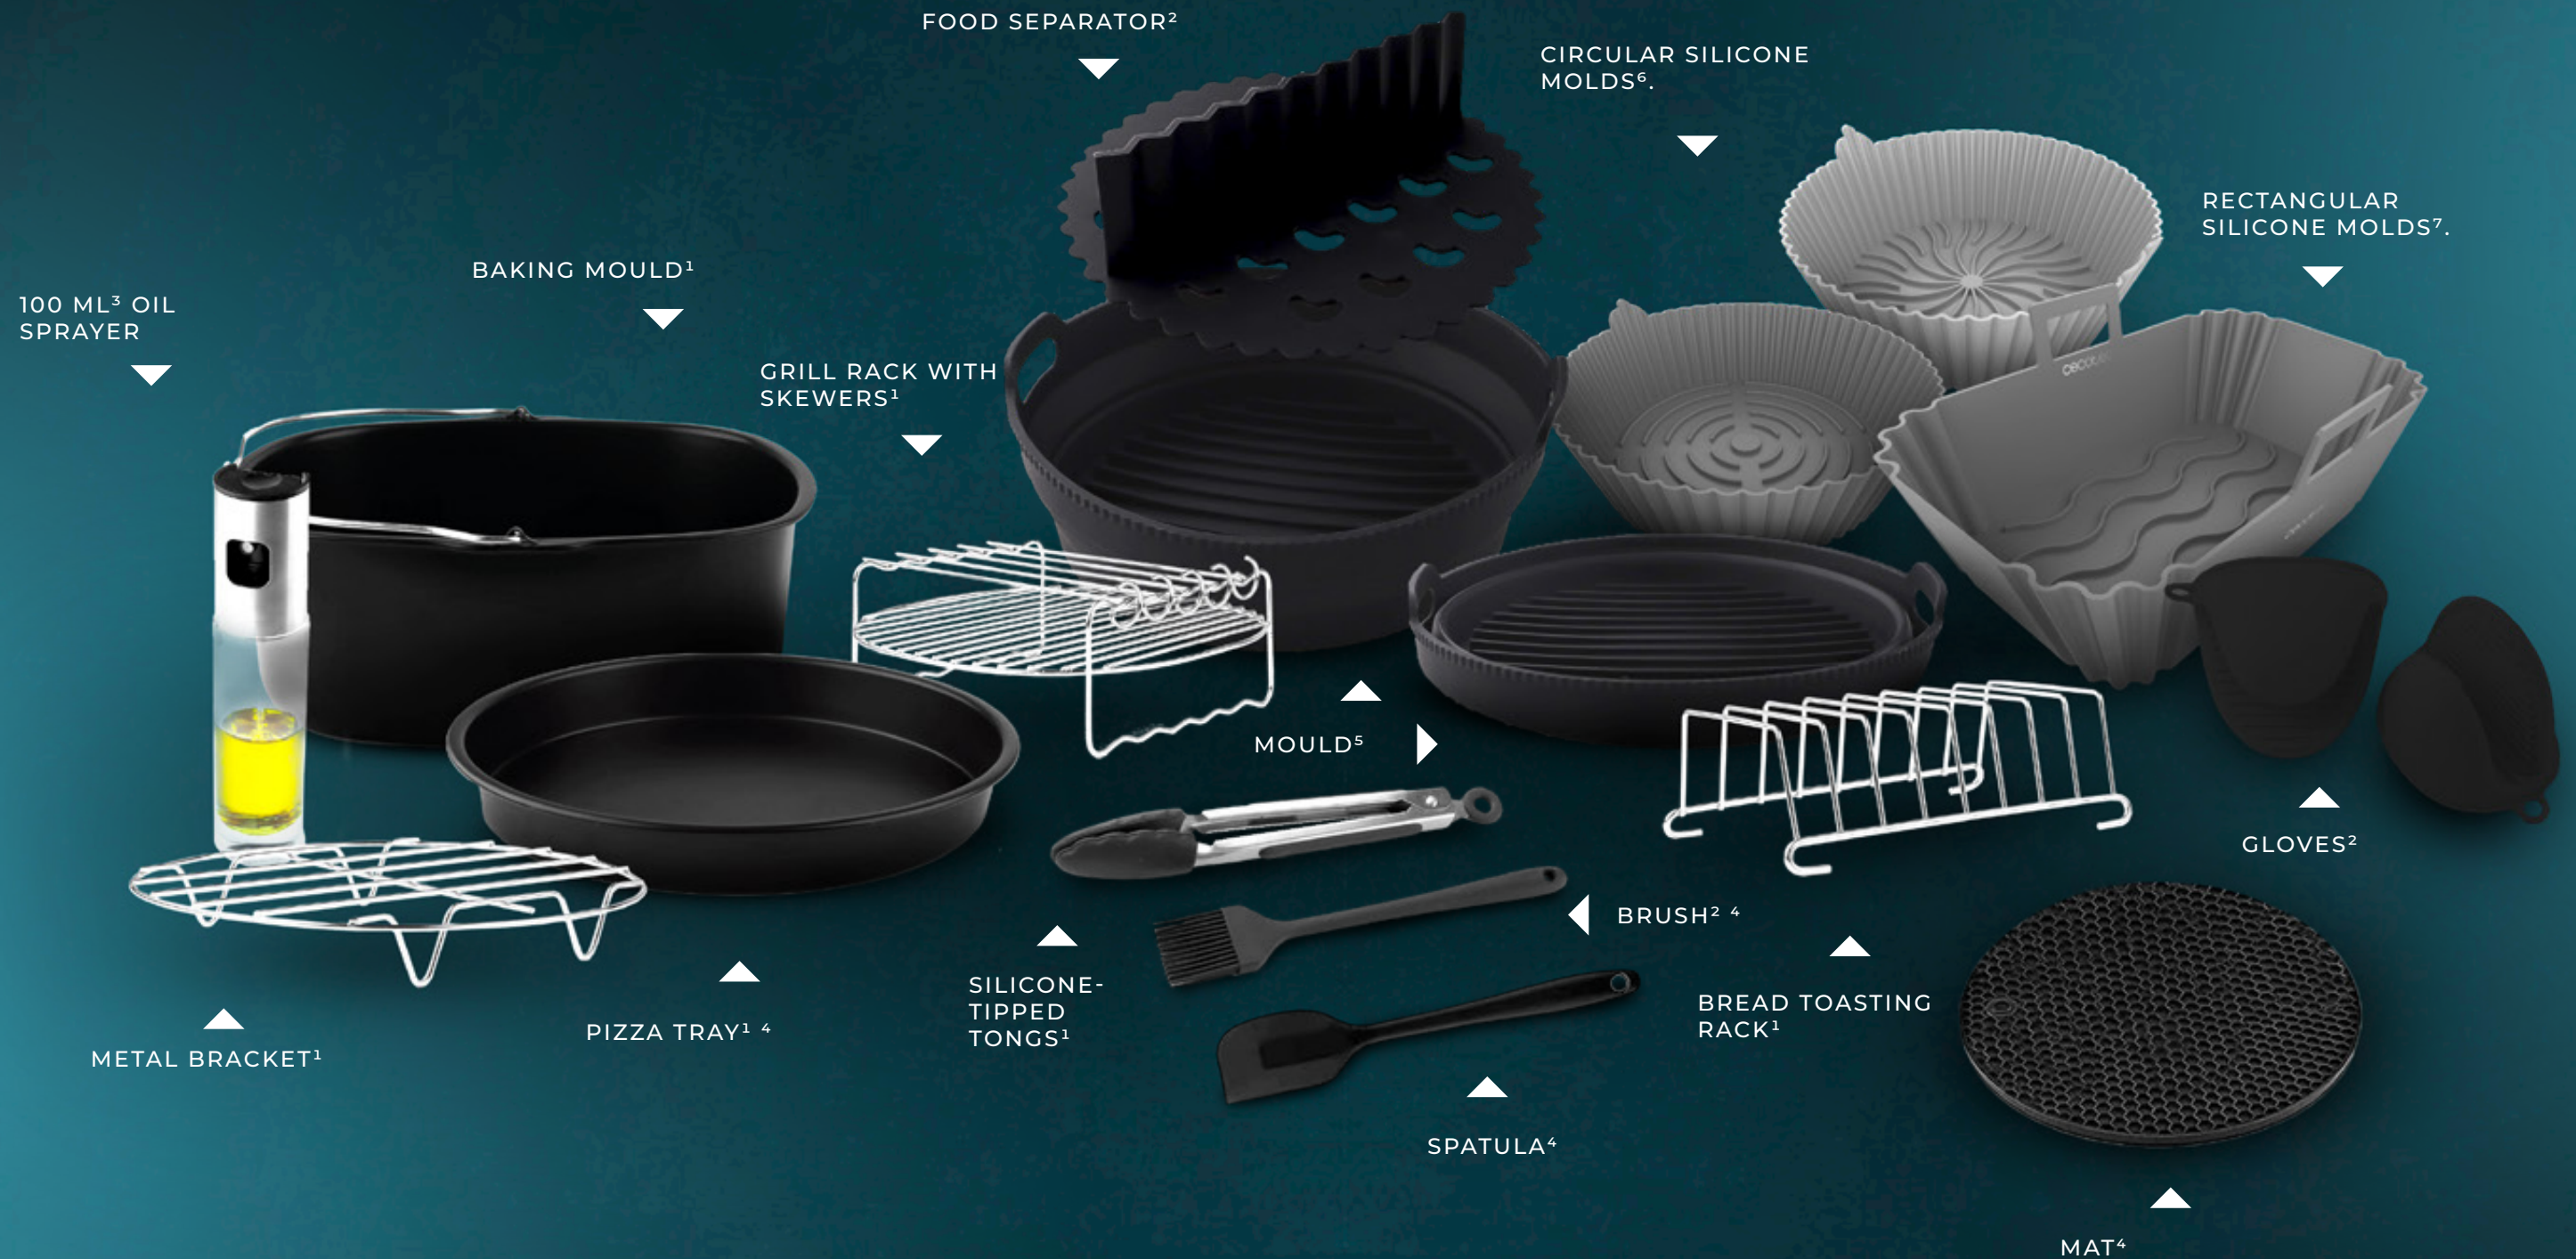

A world of recipes

Bring out your cooking side with Cecofry's recipe book or connect with its app to become a master chef thanks to the guided recipes.

Cecofry&Grill Smokin'Prime 10000

Air fryer with double heating element for perfect browning and grilled meat flavour, 10 l capacity and 2300 W power for healthy dishes. It includes a movable separator to choose between two baskets with dual temperature or turn it into one large basket.

FEATURES:

3 in 1: cooks all kinds of dishes. Cook everything you want with your Cecofry thanks to its design that incorporates an air fryer, a grill and a griddle to prepare pizzas with perfect dough. Smoker: allows you to smoke preparations with wood chips or pellets, adding an authentic touch to your food.

Delicious and evenly-cooked results. Its 3D cooking with double heating element distributes heat evenly, ensuring consistent and delicious results in every preparation, without you having to turn your food all the time.

Movable separator that allows you to choose between cooking a large quantity of food with a basket of up to 10 l or smaller quantities in 2 baskets of up to 5 l.

Get your recipes finished at the same time. The Sync function allows both baskets to finish cooking at the same time with different settings, while the Match function matches temperature and time in both baskets, ensuring even cooking and making it convenient to prepare large quantities of food.

Grill-like cooking. Grill your meats with the Grillin Style and get your favourite cuts of meat at the perfect doneness.

Cook big. Cook delicious and great meals to share or enjoy individual preparations thanks to its 10 l capacity, ideal for your cooking needs.

Healthy dishes with just a tablespoon of oil. Its power of 2300 W allows you to cook recipes with one tablespoon of oil, significantly reducing the amount of fat in your preparations without sacrificing flavour or texture.

Cecofry FoodCourt 11000 Connected C

11 litre air fryer with air fryer, oven and grill modes allowing 2 dishes to be cooked at the same time.

FEATURES:

Cook 2 foods at the same time with its 11 litres of total capacity: oven and air fryer. This innovative appliance gives you the versatility to prepare two dishes at the same time, thanks to its large 11-litre capacity, which combines an oven and an air fryer in one device.

5 litre capacity oven for baking 9 inch pizzas or other foods. Don't limit yourself to baking just pizzas, with the spacious 5-litre oven, you can prepare a wide variety of delicious foods.

6L air fryer that provides more cooking space. Forget about space restrictions in your conventional air fryer. With its large 6-litre capacity, this air fryer gives you more space to cook your food evenly.

By activating the synchronised finish, both the upper basket and the lower oven can finish cooking at exactly the same time. Thanks to the synchronised finishing function, this air fryer ensures that all your dishes are ready at the same time. Imagine serving a complete and perfectly cooked meal without having to worry about the cooking time of each area.

With its 8 pre-set cooking modes, it makes preparing your favourite dishes easier than ever.

Thanks to control via the Wi-Fi app, you can manage and adjust the cooking settings remotely, from anywhere in your home. Prepare your food in a more convenient and flexible way, controlling times and temperatures with just a few taps on your phone.

Temperature range from 40 to 230 °C for all types of preparation. With this wide temperature range, you have the power to adapt the heat to the specific needs of each recipe. From slow and gentle cooking at low temperatures, to browning and grilling at high temperatures, this mini oven gives you the flexibility you need for versatile cooking and perfectly cooked dishes at all times.

This clever design gives you a larger cooking surface without taking up too much space on your worktop. Enjoy the advantage of cooking large quantities of food in its large capacity, while optimising the space in your kitchen for other utensils and preparations.

Cecofry Bucket Pack Accessories S

Pack of 3 circular silicone air fryer moulds, 19 x 6 cm and 130 grams each.

FEATURES:

Pack of 3 moulds: made of silicone, they are circular in shape and are ideal for air fryers, offering versatile sizing options.

Top quality materials: the high quality, BPA-free silicone material ensures proper use in hot air fryers, ovens, microwaves, freezers and dishwashers.

Strong and durable: weighing approximately 130 grams each, these silicone fryer accessories are considerably more robust than alternatives on the market, offering strength and durability.

Prevent burns: equipped with reusable material, these accessories withstand temperatures from -40 °C to 250 °C, effectively preventing burns after cooking.

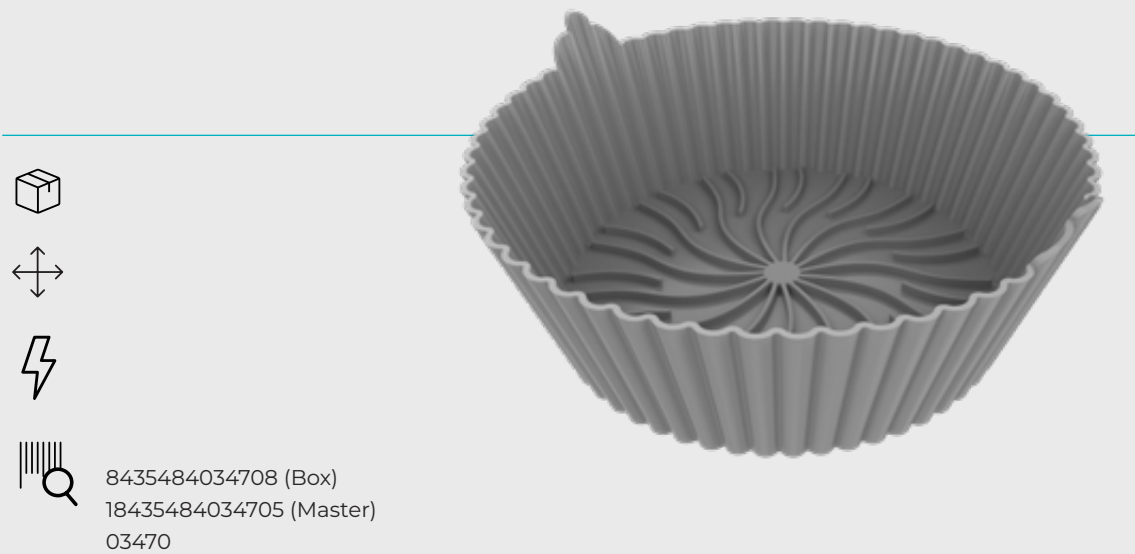

Even heat distribution: the unique raised texture facilitates the drainage of oil and fat, distributing heat evenly around the food and achieving crispy dishes in less time.

For 2 to 4.5 l fryers: with a suitable size of 19 x 6 cm they are ideal for air fryers from 2 to 4.5 l capacity. These silicone trays are not only ideal for air fryers, but are also suitable for ovens or microwaves.

Non-stick surface: easy to clean, either by hand or in the dishwasher.

COMPOSITION:

Three circular silicone moulds
