ReadyWarm 1500 Flames Electric fireplace

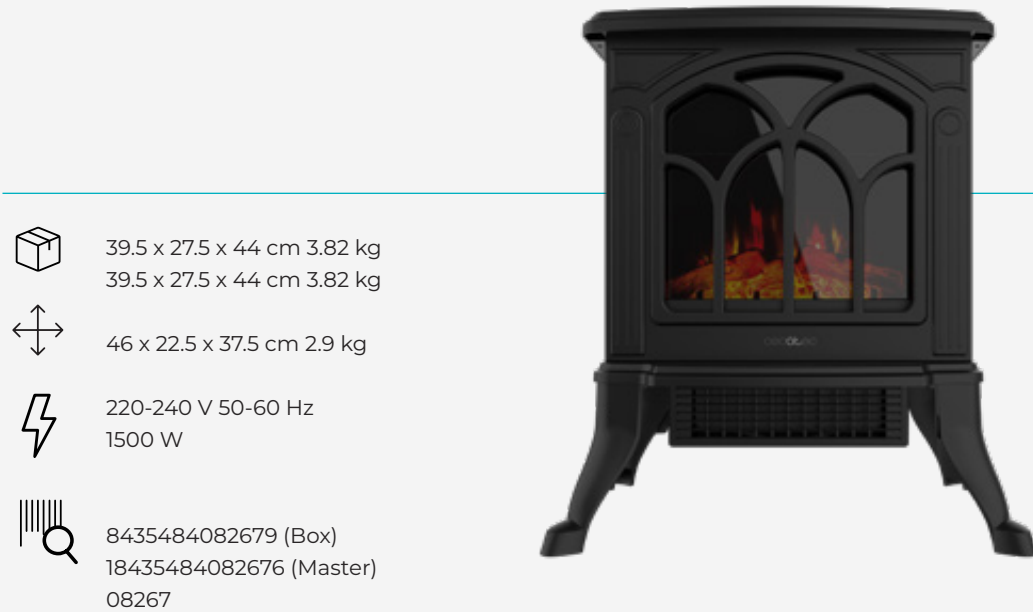

Standing electric fireplace with 1500 W power, two power levels, adjustable thermostat and flame control.

FEATURES:

Fireplace with 1500 W of power to achieve a warmer atmosphere in the room in which it is placed.
Perfect for a warmer atmosphere in rooms of about 20 m².
It has an adjustable thermostat, thanks to which it is possible to select between 2 power levels with 800 and 1500 W.
Independent control of the flames: it turns on the flame light without the need to activate the heat function and vice versa.
Very realistic fire effect that creates a cosy and ideal atmosphere in the home in a clean and safe manner, without the need for sparks, combustion, smoke or residues.
Fast heating: the fireplace reaches the desired temperature quickly to create a warm atmosphere instantly.
Elegant and compact design to be placed in any room.
Total safety thanks to its overheating protection system.
