TOTAL DESTROY

The one and only

The unique Total Destroy blade technology combines an upper block of six blades with a lower block of two counter-rotating blades. In this way, the cuts are made in two different directions, therefore increasing the impact and cut while reducing its thickness and shredding time.

The best cut, the best blend:

1. BREAKS LARGE
PIECES.

2. MIXES AND CUTS INTO
SMALL PIECES.

3. PEELS OFF
THE EDGE, CUTS
AND REMIXES
THE BLEND.

RESULTS

9 times finer results

The effectiveness and destructive power of Total Destroy blades achieve up to 9 times finer results¹, regardless of the hardness of the food. It is also capable of destroying whole pieces of fruit such as apples or avocados, reducing food to results that others cannot achieve.

Forget about fibres and enjoy your creations like never before.

**Perfect and
effortless recipes**

**MAX
2700 W**

POWER

Nothing can resist it

It mixes even the toughest ingredients effortlessly thanks to its powerful 3.6 hp motor that reaches up to 2700 W of maximum power.

**36.000
RPM**

REVOLUTIONS

Grinds everything faster

Saves shredding time, since each knife block rotates at 18,000 RPM, for a total of 36,000 RPM. Enjoy your favourite recipes while maintaining all their properties in less time.

DISPLAY

Maximum comfort

The new Grand Katana design includes a digital display¹ that makes everything easier. Choose among its 5 modes the ideal one for each recipe and get perfect textures with a single gesture.

SPEEDS

Textures to your liking

Choose from 10 speeds² to get the ideal texture for each recipe and grind any kind of food no matter how tough, to a minimum. Select the Turbo function for extra power.

CAPACITY

Create the most delicious recipes

Mixes, whisks and blends large quantities of food thanks to its 1.8 L capacity. Also suitable for hot mixtures¹ thanks to its heat-resistant capacity.

CLICK&CLEAN

Fast and easy cleaning

Remove the blades from the blender beaker with a simple gesture and clean them thoroughly and in comfort. Or, if you prefer, put the jug in the dishwasher and forget about the rest! Always looking brand new without effort.

SAFETY

Total protection

The Grand Katana blender has a double safety system that prevents its use in order to avoid any type of incident.

Grand Katana 2700MAX Total Destroy B

Jug blender with 2700 W maximum power, TotalDestroy counter-rotating technology, 8 blades with black-titanium coating, and heat-resistant 1.8 L capacity jug made of molten glass. Featuring 5 speeds and Turbo function.

FEATURES:

- Jug blender with stainless-steel finish. Get optimum shredding thanks to a maximum power of 2700 W, equivalent to 3.6 hp.
- Patented TotalDestroy technology: counter-rotating movement of the blades for perfect cuts in less time.
- Double safety lock that ensures operation only if the blending container and lid are securely in place.
- 8-star blade designed to keep foods constantly moving and to ensure fine, even results in the minimum time.
- The blades are coated with black titanium, which increase their resistant and keep steel sharpened for longer, allowing for a perfect cutting and blending.
- Molten-glass heatproof jug with capacity of 1.8 litres. Suitable for hot and cold preparations.
- 5 speeds to adapt to all types of foodstuffs.
- Turbo function: mashes and pulverises at top speed event he hardest foods. Crushes ice.
- Dishwasher-safe jug.
- Easily removable base for convenient cleaning.
- Non-slipbase for greater control.

COMPOSITION:

- Blender
- Glass jar

- 39.5 x 24 x 28.7 cm 6.82 kg
49.6 x 41 x 30 cm 13.9 kg
- 23.6 x 19 x 44 cm 5.89 kg
- Rated Power: 1800
Maximum Locked Motor Power: 2700

Grand Katana 2700MAX Total Destroy Screen B

Jug blender with 2700 W maximum power, digital display, TotalDestroy counter-rotating technology, 8 blades with black-titanium coating, and heat-resistant 1.8 L capacity jug made of molten glass. It has 10 speeds and 5 preset blending modes.

FEATURES:

It destroys everything: Total Destroy is the unique technology of 8 counter-rotating blades that rotate in reverse, cutting food in two directions for faster and more perfect grinding.

At full speed: it grinds faster than conventional blenders thanks to the fact that each blade block rotates at 18000 rpm.

Take a look at the display: control the grinding power via the digital display to achieve the desired results.

Achieve the ideal texture: choose from 5 speeds to obtain the ideal texture for each recipe and grind any food, no matter how tough, to its minimum expression. Select the Turbo function for extra power.

Heat-resistant jug: mixes, whisks and blends large quantities of food thanks to its 1.8 L capacity. Also suitable for hot mixtures¹ thanks to its heat-resistant capacity.

¹The maximum temperature must not exceed 70 °C.

Perfect results: get 9 times finer* results and perfect textures instantly. Grind your food without a trace of fibres or strands, or crush ice to snow-white consistency in an instant.

*Compared to other Cecotec jug blenders without Total Destroy.

Preserve your nutrients: better preserves nutrients and properties thanks to the precision and effectiveness of Total Destroy blades. The shorter the grinding time, the less exposure to engine heat.

Easy cleaning: the blades are easier than ever to remove, so you can take them apart in one easy step and clean them individually to keep them looking as good as new.

No need to worry: the blender has a double safety system so that it can only be activated if the jug and lid are correctly positioned.

Dishwasher safe: the jug and blades are dishwasher safe.
