## DOUBLE WATER SPRAY

# Precise and thorough cleaning

Sprays water effectively with its double front spray<sup>1</sup> and get a deep and thorough cleaning of your windows, tiles, mirrors and blackboards.

## APP AND REMOTE CONTROL

# Clean windows with just one touch

Grab your smartphone or remote control, take charge and make cleaning windows by hand a thing of the past. Leave your windows spotless everyday with just one touch.

## VIBRATING MOP

### Excellent descaling

Thanks to the Smart Mopping Vibrator<sup>1</sup> technology, the robot performs a back-and-forth motion that allows its top moving mop to effortlessly remove the most stubborn dirt.

## SQUARE-SHAPED DESIGN

### Smart navigation

Windroid calculates the most efficient cleaning path, detects boundaries and achieves a complete clean-up without any problems. Plus, its square-shaped design<sup>2</sup> allows it to reach edges and corners for perfect results.

CLEANING MODES

Tailored operation

Conga Windroid is able to clean automatically and in any position. Enjoy cleaning that adapts to all your windows' needs with its 8 cleaning programmes<sup>1</sup>.

CLEANING IN 5 PHASES

Clean and dry at the same time

The robot damps, scrubs, wrings, cleans and dries, delivering professional results. With its 5 cleaning phases, it effectively and effortlessly removes all dirt from windows.

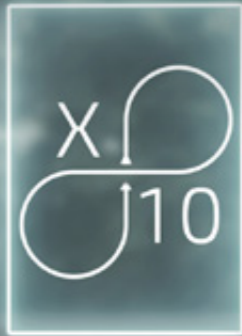

MODO N

MODO Z

MODO ÁREA

MODO LOOP

MODO MANUAL

<sup>1</sup>The number of modes may vary depending on the model.

## SAFETY SYSTEMS

# Safe and controlled cleaning

Prevent problems through its 4 safety systems<sup>1</sup>: uninterrupted power supply system, anti-fall sensor, vacuum control and safety rope.

## Conga Windroid 890 SprayWater Smart Connected T

3-in-1 window robot cleaner: sprays, cleans, and dries. Includes app and remote control, to be able to control all the movements of the robot. Includes liquid spray. It has 4 programmes to manage the functions and the route of the robot.

### FEATURES:

APP CONTROL: the movements and route of the robot in the palm of your hand.

SMART CONNECTED: remote to control and guide the window-cleaning robot.

ITECH WIN 4.0: smart navigation, calculates the ideal cleaning route, detects window edges, and completely cleans the whole surface.

LIQUID SPRAY: it features an internal automatic liquid spray.

TRIPLE SAFETY SYSTEM: triple safety system with uninterrupted power supply, anti-dropping control algorithm, and ultra-resistant safety rope.

4 CLEAN MODES: 4 automatic cleaning programmes to clean your window from any position.

ADVANCE CLEAN 3: Thanks to its smart technology, it sprays, cleans and dries autonomously during operation

AUTOSTOP SYSTEM: stops automatically when it's done.

# Conga Windroid 1090 Double Spray Connected

3 in 1 window-cleaning robot: sprays, cleans and dries. Sprays on each side. 8 cleaning modes. Includes app and remote control for full motion control. 12 mops. Cleans on different surfaces.

### FEATURES:

Leaves your windows spotless. Sprays, cleans and dries all your windows and keeps them spotless and shiny.  
Cleanliness tailored to you. Choose from its 8 cleaning modes and decide whether you need wet or dry cleaning, as well as the navigation route you want the robot to take.  
Double spray, total cleaning. Sprays water effectively with its side sprays and gets a deep and thorough cleaning of your windows.  
Absolute control of cleanliness. Have total control over your robot through its remote control or, if you prefer, through the Cecotec app.  
Ideal for large windows. It reaches every place and every corner thanks to its 7.5 m range, making it ideal for large windows.  
Prevents falls. It features a safety rope and 30 minutes of battery life that keep the robot glued to the glass at the end of the cleaning process.  
Large washable mop kit. Includes 12 reusable and washable mops for total convenience.  
Suitable for all surfaces. Cleans different surfaces such as glass, tiles, mirrors or blackboards without any problems.  
Fast and efficient cleaning. Its high cleaning speed and suction power ensure fast and effective results.  
Perfect results on edges and corners. Round design with double mop to help clean edges and corners, achieving perfect results on its own.  
Cleaning without interruptions. No need to worry about the robot running out of water during cleaning thanks to its 75 ml water tank.

### COMPOSITION:

Safety rope, 12 mops, power adapter, filling bottle, remote control, instruction manual, window-cleaning robot
