BABY SCALES

Nana BabyCare
SmartWeight

NANA BABYCARE SMARTWEIGHT

Baby scales

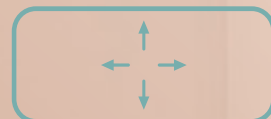

LED DISPLAY

Keep track of what matters most at a glance

Keep track of your baby's weight on the scale display.

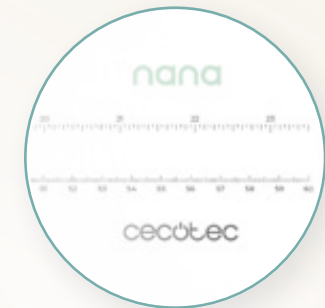

60 x 25 cm

MEASURING RANGE

Follow their growth closely

Control their growth thanks to the wide measuring range of the scale, from 50 g to 40 kg.

MEASURING TAPE INCLUDED

Weigh and measure your baby

The scale includes a measuring tape with which, in addition to weighing, you can also measure your kids height up to 60 cm.

AUTO SWITCH-OFF

Designed for your comfort

Once your baby is weighed, don't worry about anything else, as the scale will switch itself off.

Nana BabyCare SmartWeight

Baby scale that weighs up to 40 kg, with built-in tape measure (up to 60 cm), automatic shut-off, tare and hold function and LED display.

FEATURES:

LED display: easily view your baby's weight on the scale's display.

60 x 25 cm: the scale has a large support surface on which you can get an accurate measurement of height and weight.

50 g to 40 kg: keep a close eye on your baby's growth thanks to the scale's wide measuring range from 50 g to 40 kg.

Built-in tape measure: with the tape measure, in addition to weighing, you can also measure your baby's height up to 60 cm.

Tare function: allows the weight of an accessory to be deducted to just weigh the baby.

Hold function: you can keep the weight on the display so you don't forget it.

Automatic switch-off: once you have weighed your baby, you don't have to worry about anything else as the scale will switch itself off.

COMPOSITION:

Appliance, 2 x AAA batteries, instruction manual

61.5 x 33 x 5 cm 1.62 kg
63 x 53 x 35.2 cm 17.7 kg

29.8 x 60.5 x 4.8 cm 1.06 kg

NANA BABYCARE DIGITALSTERILIZER

Digital steriliser

UP TO 6 BABY BOTTLES

Always ready to
sterilise everything
you need

Get the most out of sterilisation thanks to its
capacity for up to 6 baby bottles.

3⌚

3 MODES

Customisable
sterilisation

You will be able to sterilise in 10 minutes, dry
in 30, 40 or 50 minutes, or complete both
programmes in 40, 50 or 60 minutes, setting
both the maximum and minimum time.

8 MINUTES

Rapid sterilisation

Thanks to the steriliser's 600 W power, your
baby bottles will be ready and sterilized in just
8 minutes, after 2 minutes of heating.

BPA-FREE

Taking care of
their health
for your peace
of mind

Our steriliser is free of BPA and
harmful health products, making
it completely safe for storing
water, milk and food.

ACCESSORIES

Everything you need and more

The steriliser is equipped with different accessories, such as a measuring cup for pouring water into the tank and tongs for removing freshly sterilised products.

Nana BabyCare DigitalSterilizer

Digital steriliser for up to 6 bottles, with teat holder, 8 minutes sterilisation time and BPA free. Safe for storing water, milk and food.

FEATURES:

Sterilisation time takes 8 minutes, thanks to which sterilisation process is faster after 2 minutes of warm-up.

Maximise sterilisation thanks to its 6-bottle capacity.

BPA Free: All products are environmentally friendly and BPA-free.

Teat holder, so that not only bottles can be sterilised in a single batch.

3 modes: You can sterilise in 8 minutes, dry in 30, 40, or 50 minutes or do both in 40, 50 or 60 minutes, choosing the maximum/minimum time.

High sterilisation power of 600 W

Display: See the time of each setting with greater comfort and ease

Ceramic coating of the heating plate for much easier and faster cleaning.

It includes different accessories: Measuring cup to deposit the water in its tank and tongs to hold the freshly sterilised products.

130 ml capacity. Fill the water tank to start sterilisation.

Standby mode in order to be always ready without consuming energy.

NANA BABYCARE SINGLE BOTTLEWARMER AND NANA BABYCARE DOUBLE BOTTLEWARMER

Baby bottle warmer

MODES

Versatility at your fingertips

With our bottle warmers you can also heat food, sterilize baby bottles and keep them warm for up to 24 hours. In addition, they have a normal or fast mode to heat them in less time and even defrost the milk at the right temperature.

STEAM FUNCTION

Sterilisation mode

Sterilises baby bottles, dummies and food jars and keeps them clean thanks to its steam function.

FOOD FUNCTION

Also suitable for food

The bottle warmer also allows you to heat your baby's food jar to the perfect temperature in a quick and safe way.

CAPACITY

For one or two baby bottles

Choose the baby bottle warmer that best suits your needs. Choose between the Nana BabyCare Single BottleWarmer or the Nana BabyCare Double BottleWarmer and heat up one or two bottles at a time.

It also warms up baby food!

DEFROST FUNCTION

Easy and safe defrosting

Thaws breastmilk at the right temperature or rapidly warms milk in less than 7 minutes².

BPA-FREE

100% safe

The bottle warmer is free of BPA and harmful products, so it is completely safe for storing water, milk and food for your baby.

FAST HEATING

Fast and efficient

Our bottle warmers are ideal for those moments when you don't have much time. Choose fast heating and get hot milk in less than 3 minutes¹.
